Malaya's Secret Police 1945-60 Leon Comber, 2003-08-01 The Malayan Emergency lasted from 1948 to 1960 During these tumultuous years following so soon after the Japanese surrender at the end of the Second World War the whole country was once more turned upside down and the lives of the people changed The war against the Communist Party of Malaya A s determined efforts to overthrow the Malayan government involved the whole population in one form or another Dr Comber analyses the pivotal role of the Malayan Police A s Special Branch the government A s supreme intelligence agency in defeating the communist uprising and safeguarding the security of the country He shows for the first time how the Special Branch was organised and how it worked in providing the security forces with political and operational intelligence His book represents a major contribution to our understanding of the Emergency and will be of great interest to all students of Malay si a A s recent history as well as counter guerrilla operations It can profitably be mined too to see what lessons can be learned for counterinsurgency operations in other parts of the world *Police Reserves and Volunteers* James F.

Albrecht, 2017-04-21 Reductions in police department funding have raised the importance of volunteers in enhancing organizational performance improving community trust and confidence and at times accomplishing basic tasks to maintain public safety and security During a period when police administrators are asked to do more with less and to engage in smarter community oriented policing citizen volunteers are an invaluable resource *Police Reserves and Volunteers* is an invaluable primer for those looking to understand the benefits and challenges involved in the use of the volunteers within global law enforcement agencies Using cases from a range of specialists and precincts this edited volume provides a rare window into police administration from the state legislation that regulates police reserves in California to the local models observed in many counties and cities across the United States *Police Reserves and Volunteers* offers volunteers local elected officials and law enforcement straightforward guidelines to enhance police goals and build public trust in local communities

National Criminal Justice Thesaurus , 1992 **Insurgent Crossfire** Subir Bhaumik, 1996 Since the British withdrew from the subcontinent nations in the region have been at war with each other But instead of fighting long drawnout wars like that between Iran and Iraq nations of South Asia have sponsored guerrilla armies and armed trained and equipped them to harass bleed or embarrass their rivals The four wars in the region s post colonial era were also born out of sponsored guerrilla wars In 1948 and 1965 Pakistan first tried to have its way in Kashmir by sponsoring irregulars on a large scale and then followed it up with unsuccessful military campaigns aimed at ensuring the state s secession from India In 1962 China attacked India not so much over a disputed border or India s much publicized Forward Policy but essentially in response to what it felt was a joint Indo US covert effort in Tibet In 1971 India rounded off its successful sponsorship of the Bengali guerrilla struggle in erstwhile East Pakistan by a speedy military campaign that resulted in the break up of Pakistan *Insurgent Crossfire* examines the origins of sponsored insurgencies and how they have shaped South Asia s tense diplomatic

environment Having done that it studies the major sponsored guerrilla campaigns in South Asia and then seeks a detailed case study of the phenomenon by focusing on the far eastern slice of the subcontinent The author argues that this region with its multitude of tribes and battling ethnicities has been the most durable theatre of insurgent crossfire in which nations like India Pakistan Bangladesh and China a major actor in South Asian politics have backed insurgencies against each other

Federal Register ,1963-09 *Blue Army* Jude McCulloch,2012-11-27 We expect the police to stop armed robbers to arrest drug dealers to keep the peace at demonstrations and to protect us from crime Many of us believe that police officers need to carry guns to protect themselves as well as us But do we want our police forces to become armies Most of us are shocked when suspects are shot dead by police before they can be tried and disturbed to see police wearing riot gear and using baton charges at peaceful demonstrations When police begin using paramilitary tactics the essential nature of their role is redefined switching from protection and peacekeeping to active aggression Some units within our police forces such as the Special Operations Group train with the military and use military weapons and tactics In looking behind the extraordinary number of police shootings in Victoria *Blue Army* examines how the Special Operations Group and their tactics which are passed on to ordinary police have contributed to the toll Jude McCulloch s involvement as a lawyer in cases of police shootings led her to detailed investigation of changes to policing in Australia *Blue Army* arises from her research into the paramilitarisation of the police It exposes the risks of allowing Australia s police forces to move away from the key principle of keeping the peace with the use of minimum force *Blue Army* is a very disturbing book and one of great importance
