Stevens, 2017-05-08 An Introduction to American Policing Second Edition connects the US criminal justice system criminology and law enforcement knowledge to the progress of the police community It is the perfect resource for a Police Science course      The Crime Drop in America Alfred Blumstein, Joel Wallman, 2000-09-11 here s a 90 word blurb The authors of this timely book explain and assess the plausible causes for the steady decline beginning in 1992 of violent crime in the United States Here some of America s top criminologists examine the role of guns prison expansion homicide patterns drug markets economic opportunity changes in policing and demographics They presents the most authoritative intelligent discussion available on the rise and fall of American violence The perspectives offered here will undoubtedly influence the public debate and the planning of future responses to crime      Urban Policing in Canada Maurice A. Martin, 1995 A retired Canadian Forces officer and former executive of the Canadian Police College argues that it s time to rethink the functions of urban policing in light of ongoing transformations in society as more people live in cities and crime rates rise He examines the status of the occupation of police officer analyzes the occupation s competence to achieve its capacities and assesses its professional attributes Finally he makes a case for the professionalization of Canada s urban police Annotation copyright by Book News Inc Portland OR      *NIJ Reports* , 1985      *The Politics of Community Policing* Wilson Edward Reed, 2013-06-17 First published in 1999 As with the other volumes in this series readers will appreciate the clear and compelling way this case study is presented Reed critiques the way in which political and economic dynamics not only threaten but convolute the intended benefits of community policing Although you may not always agree with the author s interpretations he has given us a compelling look at the potential for corruption of model programs      ABA Journal , 1986-02-01 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association      **History of Criminal Justice** Mark Jones, Peter Johnstone, 2011-07-22 Covering criminal justice history on a cross national basis this book surveys criminal justice in Western civilization and American life chronologically from ancient times to the present It is an introduction to the historical problems of crime law enforcement and penology set against the background of major historical events and movements Integrating criminal justice history into the scope of European British French and American history this text provides the opportunity for comparisons of crime and punishment over boundaries of national histories The text now concludes with a chapter that addresses terrorism and homeland security

**The Politics of Community Policing** William (Bill) Thomas Lyons, 2010-05-06 In this in depth examination of community policing in Seattle William T Lyons Jr explores the complex issues associated with the establishment and operation of community policing an increasingly popular method for organizing law enforcement in this country Stories about community policing appeal to a nostalgic vision of traditional community life Community policing carries with it the image of

a safe community in which individual citizens and businesses are protected by police they know and who know them and their needs However it also carries an image of community based in partnerships that exclude the least advantaged strengthen the police and are limited to targeting those disorders feared by more powerful parts of the community and most amenable to intervention by professional law enforcement agencies The author argues that the politics of community policing are found in the construction of competing and deeply contested stories about community and the police in environments characterized by power imbalances Community policing according to the author colonizes community life increasing the capacity of the police department to shield itself from criticism while manifesting the potential for more democratic forms of social control as evidenced by police attention to individual rights and to impartial law enforcement This book will be of interest to sociologists and political scientists interested in the study of community power and local politics as well as criminologists interested in the study of police William T Lyons Jr is Assistant Professor of Political Science University of Akron He previously worked for the Seattle Police Department     Problem-oriented Drug Enforcement ,1993
