Policing Gangs In America

Scott H. Decker

Policing Gangs In America:

Policing Gangs in America Charles M. Katz, Vincent J. Webb, 2006-01-09 *Policing Gangs in America* describes the assumptions issues problems and events that characterize shape and define the police response to gangs in America today The focus of this 2006 book is on the gang unit officers themselves and the environment in which they work A discussion of research statistical facts theory and policy with regard to gangs gang members and gang activity is used as a backdrop The book is broadly focused on describing how gang units respond to community gang problems and answers such questions as why do police agencies organize their responses to gangs in certain ways Who are the people who elect to police gangs How do they make sense of gang members individuals who spark fear in most citizens What are their jobs really like What characterizes their working environment How do their responses to the gang problem fit with other policing strategies such as community policing

Policing in America Larry K. Gaines, Victor E. Kappeler, 2011-06-04 This comprehensive text provides an overview of law enforcement topics integrating major empirical findings and theory based research findings in the field with a thorough analysis of contemporary policing problems The issues oriented discussion focuses on critical concerns facing American police including personnel systems organization and management operations discretion use of force culture and behavior ethics and deviance civil liability and police community relations A critical assessment of police history and the role politics played in the development of American police institutions is offered Globalization terrorism and homeland security are addressed Video and Internet links provide additional coverage of topics discussed in the text Companion mobile app *Policing In America Exam Cram* won the 2012 PROSE Award for Best eProduct in Social Sciences from the Association of American Publishers Video links provide additional coverage of topics discussed in the text Key concepts Internet links charts and tables support the text throughout Equipped with a superior ancillary package which includes 30 minutes of streaming video

Introduction to Gangs in America Ronald M. Holmes, Richard Tewksbury, George Higgins, 2011-12-02 Gangs have long been a social and criminal threat to society *Introduction to Gangs in America* explains how gangs are addressed as a criminal justice and public policy problem providing a student friendly easily accessible concise overview of the role place structure and activities of gangs in American society The book describes what gangs are what differentiates them from each other how they share similarities and how they fit into contemporary American culture The authors explore the history and structure of gangs reveal their clandestine activities and analyze their social impact The book also includes information on gender issues in gangs and provides insight into how gangs impact American educational institutions Offering an insider's account the book provides in depth profiles of specific gangs including Europe's five major biker gangs The Outlaws The Hell's Angels The Bandidos The Pagans Bloods Aryan Brotherhood Black Guerrilla Family Mexican Mafia Texas Syndicate Neta Discussion questions appear at the end of each chapter stimulating debate and classroom discussion It may never be possible to eradicate gangs from our culture But by understanding their structure their

strengths and vulnerabilities and how they operate law enforcement can better protect the public from their nefarious activities This text gives future law enforcement professionals rare insider insight into a subject typically shrouded in secrecy

Gangs in America's Communities James C. Howell, 2012 This book provides a comprehensive up to date and theoretically grounded approach to gangs and youth violence It covers significant topics of interest to gang scholars and practitioners and in doing so serves to prepare students to work with gang members develop and manage anti gang programs or engage in scholarly endeavors The book introduces readers to the foundations of gang studies through the origins of gangs definitions and categories of youth street gangs and the distinctions between these arguably different types national and international trends distinguishing features of serious street gangs what works with gangs and what doesn't and myths and realities James Howell's extensive experience in this area allows access to the most authoritative national survey data on gang trends providing insight into topics such as female gangs migration of gang members small town gangs versus the major adult gangs in large cities gang homicides and drug trafficking

The Handbook of Gangs Scott H. Decker, David C. Pyrooz, 2015-09-28 Pulling together the most salient current issues in the field today The Handbook of Gangs provides a significant assessment by leading scholars of key topics related to gangs gang members and responses to gangs Chapters cover a wide array of the most prominent issues in the field of gangs written by scholars who have been leaders in developing new ways of thinking about the topics Delivers cutting edge reviews of the current state of research and practice and addresses where the field has been where it is today and where it should go in the future Includes extensive coverage of the individual theories of delinquency and provides special emphasis on policy and prevention program implications in the study of gangs Offers a broad understanding of how other countries deal with gangs and their response to gangs including Great Britain Latin America Australia and Europe Chapters covering the legacies of four pioneers in gang research Malcolm W Klein Walter B Miller James F Short Jr and Irving A Spargel

[The Oxford Handbook of Gangs and Society](#) David C. Pyrooz, James Densley, John Levenson, 2024 The Oxford Handbook of Gangs and Society is the premier reference book on gangs for practitioners policymakers students and scholars This carefully curated volume contains 43 chapters written by the leading experts in the field who advance a central theme of looking back moving forward by providing state of the art reviews of the literature they created shaped and re-defined This international interdisciplinary collective of authors provides readers with a rare tour of the field in its entirety expertly navigating thorny debates and the at times contentious history of gang research while simultaneously synthesizing flourishing areas of study that advance the field into the 21st century The volume is divided into six cohesive sections that reflect the diverse field of gang studies and capture the large scale cultural economic political and social changes occurring within the world of gangs in the last century anticipating immense changes on the horizon From definitions to history to theory to epistemology to technology to policy and practice this unprecedented volume captures the most timely and important topics in the field From curious outsiders to longstanding insiders this

volume will appeal to anyone with an interest in gangs The editors assembled a cast of the best scholars shaping how the field thinks about gangs The content is fresh timely and informative appealing to everyone from the armchair theorist to the federal policymaker It is truly a one stop shop for anyone seeking the most up to date information on gangs written by experts who approach the topic from very different disciplinary orientations methodological approaches and theoretical perspectives When readers finish this book they will be more confident in what we know and do not know about gangs in our society

An Introduction to American Policing Dennis J. Stevens, 2008-08-15 Introduction to American Policing An Applied Approach connect criminal justice criminology and law enforcement knowledge to the progress of the police community Case studies narratives from violators and current research coverage help students recognize the central theories and practical documented realities of American law enforcement Students are encouraged to consider the way some believe policing should be while examining evidence about the way it is This text will also provide a current description of local and state police organization partnerships with federal organizations and of the efforts accomplished by federal law enforcement agencies including the Department of Homeland Securities DHS

Police Administration Gary W. Cordner, 2016-03-02 This national best selling text examines police administration from multiple perspectives a systems perspective emphasizing the interrelatedness among units and organizations a traditional structural perspective administrative principles management functions and the importance of written guidelines a human behavioral perspective the human element in organizations and a strategic management perspective communications and information systems performance evaluation strategies and tactics and prevailing and promising approaches to increasing effectiveness of police agencies Coverage of management functions and organizational principles is streamlined while providing a stronger emphasis on diversity principles and on developing police agencies as learning organizations A concluding chapter covers contemporary issues including community engagement collaboration globalization racial profiling mass media cybercrime terrorism and homeland security Case studies based on real life events invite students to practice managing the conflicting circumstances and Modern policing blog posts offer news and developments in the policing world

Policing Gangs and Youth Violence Scott H. Decker, 2003 This title is part of The Wadsworth Professionalism in Policing Series edited by Samuel Walker This reader is a descriptive presentation of current practices within policing and juvenile justice focusing on gangs that utilize the community policing model By looking at specific strategies and their efficacy the authors attempt to combat a major perceived problem with community policing that the methodology of community policing can be subjective and nebulous using ill defined and misinterpreted practices This book shows what is working for agencies across the country and how these best practices can be employed

Gangs and the Military Carter F. Smith, 2019-09-20 Over the past several decades there has been a continuous and growing focus on street gangs outlaw motorcycle gangs and domestic extremist groups Many of these groups have members with military training and some actively recruit from current and former military veterans and retirees That

military experience adds to the dangerousness of veteran gang members as well as those groups they associate with. Communities everywhere are experiencing the damaging impact of gang criminal behavior. By observing gang activity from the Revolutionary War to today, Smith examines the presence of military-trained, often veteran gang members in the communities. He looks at the turning points in gang investigations in the military and also looks at the laws and policies designed to specifically counter the criminal activity the threats of gang activity pose on a community. Grounded in current knowledge and research, *Gangs and the Military* successfully addresses the growing presence of criminal gang members in the United States. As well as reflecting on how the authorities that counter and combat them are doing so on a national and global level.

Getting the books **Policing Gangs In America** now is not type of inspiring means. You could not lonesome going later ebook hoard or library or borrowing from your friends to way in them.
