Clare Farmer, Richard Evans

Policing The Rainbow:

Queer Histories and the Politics of Policing Emma K. Russell, 2019-08-13 Despite ongoing challenges to the criminalisation and surveillance of queer lives police leaders are now promoted as allies and defenders of LGBT rights However in this book Emma K Russell argues that the surface inclusion of select LGBT identities in the protective aspirations of the law is deeply tenuous and conditional and that police recognition is both premised upon and reproductive of an imaginary of good queer citizens those who are respectable responsible and just like their heterosexual counterparts Based on original empirical research Russell presents a detailed analysis of the political complexities compromises and investments that underpin LGBT efforts to achieve sexual rights and protections With a historical trajectory that spans the so called decriminalisation era to the present day she shows how LGBT activists have both resisted and embraced police incursions into queer space and how with LGBT support police leaders have re crafted histories of violence as stories of institutional progress **Queer Histories and the Politics of Policing** advances broader understandings of the nature of police power and the shifting terrain of sexual citizenship It will be of interest to students and researchers of criminology sociology and law engaged in studies of policing social justice and gender and sexuality

Rethinking Policing and Justice Luis Fernandez, Laura Huey, 2014-07-16 It has become somewhat axiomatic to refer to the police as the gatekeepers of the criminal justice system and thus as a mechanism for the provision of justice And yet when we conceptualize the police in this way what is often taken for granted is the exact nature of that role and its larger social meaning Indeed we know that police deliver justice more efficiently to some and injustice to others **Rethinking Policing and Justice** critically examines the role of policing both state and non state forms in the provision of justice and injustice In essence it presents work that highlights how different communities and groups have sought alternatives to policing sometimes taking over the functions of policing It also shows a variety of theoretical methodology and other approaches for the critical evaluation of law enforcement highlighting different insights into alternative modes of policing as we seek to understand and redraft the relationship between policing and justice This book was originally published as a special issue of *Contemporary Justice Review*

At the Rainbow's Edge Kenny Anthony, 2004 **Policing & Firearms** Clare Farmer, Richard Evans, 2022-10-31 Policing and firearms it is a crucial relationship Should police be routinely armed If so what restrictions should be imposed on the use of firearms Where police are not routinely armed there is still a need for specialist armed police how do these units operate and are they effective This ground breaking edited book explores the nexus between policing and firearms with a genuinely international focus Contributors from Ireland Germany the United Kingdom Brazil Mexico the United States Venezuela New Zealand Australia and Canada explore the issues from a range of perspectives including human rights militarization police legitimacy and the risks police firearms pose to the community and to police themselves This thought provoking collection is an indispensable resource for law enforcement policymakers and students of policing and criminal justice

Women in

Policing Emma Cunningham, 2021-08-11 *Women in Policing* provides an insight into women's role within policing their emergence and development offering a theoretical underpinning to explore this role as well as incorporating two empirical studies one which reassesses the lived experiences of female officers and one based on FOI requests to examine police officer disciplinary offences in three police force areas The book begins by exploring some of the history of ideas in relation to ideas about women and their supposed nature Cunningham shows how a variety of feminist ideas and critique are of vital importance in illuminating and critiquing the place of women within this field and provides a feminist lens with which to explore these themes critically The book also examines the re emergence of these ideas about women in current women and policing literature Together exploration of these sources using a feminist conceptual framework facilitates a new rich analysis that is both reflective and reflexive culminating in a novel snapshot of the place of women in policing in England She argues that accepting both institutional racism and institutional misogyny are vital in approaching transformational change in policing practice The book concludes with a discussion around how these findings can help with police confidence and legitimacy in the future A fundamental examination of the ideas underpinning how women's integration and continuation in policing has happened where it is currently and where it may go *Women in Policing* will be of great interest to police practitioners and students as well as Criminology Sociology and Law and Policing scholars

The Policing of Transnational Protest Abby Peterson, 2016-02-24 Having long been a neglected issue the policing of protest began to attract considerable attention in the 1990s climaxing in the events in Seattle of 1999 These protests and the changing political climate since September 11 2001 mean that a new cycle of protest is challenging the concept of law and order and civil liberties This book examines how new policing styles are developing using case studies from North America and Europe The volume brings together researchers from a number of disciplines sociology criminology political science and mass communication who focus on new forms of political protest policing and public order

Queering Criminology Matthew Ball, Thomas Crofts, Angela Dwyer, 2016-01-26 Queer criminological work is at the forefront of critical academic criminology responding to the exclusion of queer communities from criminology and the injustices that they experience through the criminal justice system This volume draws together both theoretical and empirical contributions that develop the growing scholarship being produced at the intersection of queer and criminology Reflecting the diversity of research that is undertaken at this intersection the contributions to this volume offer a deeper theoretical and conceptual development of this field alongside empirical research that illustrates the continued relevance and urgency of such scholarship The contributions consider what it means to be queering criminology in the current political social and criminological climate and chart directions along which this field might develop in order to ensure that greater social and criminal justice for LGBTIQ communities is achieved
