Policy In Love:

Love, Lies, And Murder Gary C. King, 2014-11-20 The true crime story of a Tennessee lawyer who took his children on the run with him after killing his wife and a father in law who wanted justice A Wealthy Wife A successful lawyer Perry March married the beautiful daughter of one of the most powerful attorneys in Nashville Through his wife Janet Perry won a position in his father in law s firm and joined the city s social elite The couple raised two children in a mansion that Janet a talented artist designed They seemed to have the good life and more A Husband s Betrayal But in 1996 when Janet vanished police dug into Perry s past turning up strange stories of sexual obsession unfaithfulness and vicious arguments with Janet When they suspected that one of those fights ended in murder Perry skipped town with his children A Father s Vow for Justice Janet s father would not let Perry escape so easily He and his agents pursued the murder suspect to Chicago and then to Mexico where Perry opened a new practice and remarried Still ten years would pass before the desperate fugitive became trapped in his own web of deceit and betrayal Includes sixteen pages of revealing photos [The Intricacies of Love and Intimacy](#) Ami Rokach, 2024-08-30 This book explores the meaning of love and intimacy from a variety of perspectives specifically philosophical psychological and cultural This volume is a focussed study on what makes them and what may break love and intimacy Love and intimacy are central to us is sought by almost everyone and while we seem to know what they are they are not easily described The present volume includes eleven chapters which are divided into two parts The first part describes the meaning of love intimacy and romantic relations and the second highlights what may go wrong in such relationships and why The book explores theoretical debates and contemporary research around emotions and will be of interest to students and researchers of psychology philosophy as well as sex marriage and family therapists and counselors The chapters in this book were originally published in The Journal of Psychology **Social Happiness** Thin, Neil, 2012-01-18 The development of happiness as an explicit theme in social research and policy worldwide has been rapid and remarkable posing fundamental questions about our personal and collective motives and purposes This book examines the achievements and potential of applied happiness scholarship in diverse cultures and domains It argues that progressive policies require a substantial and explicit consideration of happiness Part one introduces the development of happiness themes in scholarship policy and moral discourse Part two explores the interplay between happiness scholarship and a wide variety of domains of social experience including relationship guidance managing social aspirations parenting schooling gender reform work life harmonizing marketing and consumption and rethinking old age This exciting new text will appeal to policy makers social organizers and community development practitioners especially those interested in well being related policy innovation and social entrepreneurship It will also be of interest to academics embedded in policy practice *For Love or Money* Nancy Folbre, 2012-09-06 As women moved into the formal labor force in large numbers over the last forty years care work traditionally provided primarily by women has increasingly shifted from the family arena to the market Child

care elder care care for the disabled and home care now account for a growing segment of low wage work in the United States and demand for such work will only increase as the baby boom generation ages But the expanding market provision of care has created new economic anxieties and raised pointed questions Why do women continue to do most care work both paid and unpaid Why does care work remain low paid when the quality of care is so highly valued How effective and equitable are public policies toward dependents in the United States In *For Love and Money* an interdisciplinary team of experts explores the theoretical dilemmas of care provision and provides an unprecedented empirical overview of the looming problems for the care sector in the United States Drawing on diverse disciplines and areas of expertise *For Love and Money* develops an innovative framework to analyze existing care policies and suggest potential directions for care policy and future research Contributors Paula England Nancy Folbre and Carrie Leana explore the range of motivations for caregiving such as familial responsibility or limited job prospects and why both love and money can be efficient motivators They also examine why women tend to specialize in the provision of care citing factors like job discrimination social pressure or the personal motivation to provide care reported by many women Suzanne Bianchi Nancy Folbre and Douglas Wolf estimate how much unpaid care is being provided in the United States and show that low income families rely more on unpaid family members for their child and for elder care than do affluent families With low wages and little savings these families often find it difficult to provide care and earn enough money to stay afloat Candace Howes Carrie Leana and Kristin Smith investigate the dynamics within the paid care sector and find problematic wages and working conditions including high turnover inadequate training and a pay penalty for workers who enter care jobs These conditions have consequences poor job quality in child care and adult care also leads to poor care quality In their chapters Janet Gornick Candace Howes and Laura Braslow provide a systematic inventory of public policies that directly shape the provision of care for children or for adults who need personal assistance such as family leave child care tax credits and Medicaid funded long term care They conclude that income and variations in states policies are the greatest factors determining how well and for whom the current system works Despite the demand for care work very little public policy attention has been devoted to it Only three states for example have enacted paid family leave programs Paid or unpaid care costs those who provide it At the heart of *For Love and Money* is the understanding that the quality of care work in the United States matters not only for those who receive care but also for society at large which benefits from the nurturance and maintenance of human capabilities As care work gravitates from the family to the formal economy this volume clarifies the pressing need for America to fundamentally rethink its care policies and increase public investment in this increasingly crucial sector

Sex, Love, and Friendship

Adrienne Leigh McEvoy, 2011-08 The joke is that all the prostitutes go on vacation when the philosophers come to town The reason that the other conventioners do it philosophers just talk about it And talk about sex and love and friendship is what the contributors to this volume do They talk and argue split hairs and clarify all trying to advance our understanding of this

most interesting practice of the human species Some of the best minds on three continents from four nations and eighteen of the United States discuss such topics as adultery commitment cross dressing gender politics date rape family friendship friends as lovers gayness love marital pluralism marriage prostitution religiously motivated anti queer sentiments same sex marriage seduction and self respect Rather than preach participants probe our attitudes and practices involving these issues with the aim of better understanding the broad range of sexual practices of our species The result is a collection of stimulating essays that can enliven class discussions as well as provide guidance for the sexually perplexed The work is accessible to readers from high school through college and beyond

Finding Love from 9 to 5 Jane Merrill, David Knox Jr., 2010-09-16 Employees of both sexes share the work environment and a mishandled office romance can be disastrous for love a life partnership or a career Avoid the pitfalls of love at work from the corner office to the online friend with this 21st century guide The typical workplace offers constant opportunities for face to face communication and social interaction Individuals within a work environment have common experiences share the same frustrations or feelings and can easily garner details about one another from simple observation and casual conversation It is not surprising that workplace romances happen so frequently making it a topic of great interest to far more individuals than those who work in Human Resources departments Finding Love from 9 to 5 Trade Secrets of Office Romance is not about workplace misbehavior It s about love relationships that begin and sometimes end on company time regardless of whether these individuals work in the same physical environment or not Powerful emotions can and do ignite via a virtual connection as easily as in an actual shared workplace environment real relationships spark in either context This book is for anyone who has fallen in or out of love in the workplace the single person who is dreaming of or on the brink of an office romance and colleagues and supervisors who must learn to live and work among those involved in in house relationships

Speaking the Truth in Love Daniel R. Berger, 2007-01-01 Approaching public communication from a liberal arts point of view Speaking the Truth in Love provides a distinctly Christian perspective of rhetoric Written and oral rhetoric are interwoven throughout the text Two foundational ideas control the majority of the text The first is from Plato s Phaedrus as stated by Paul in Ephesians 4 15 speaking the truth in love The second is from the Apostle Peter in 1 Peter 4 11 if anyone speaks he should do it as one speaking the very words of God The spiritual responsibility of communicating truth in accordance with the nature of God especially the virtue of love is an awesome privilege and opportunity Sound content spoken or written eloquently with charisma will enable words to have a maximum impact The text is designed to be a culminating learning experience for undergraduate communication programs or as an introductory text for graduate programs involving public communication Beginning with a philosophy of language meaning and interaction argument is built against secular deconstructive thought where everyone has a different truth based on language Alongside philosophy we explore ethics and theology from an evangelical perspective Following this a brief

history outlines rhetorical thought from pre testament classics to today Based upon these ideas we take a closer look at communication theory as it relates to public communication Finally the text addresses the practice of both written and oral communication
