Giuseppe Mazzini's Young Europe and the Birth of Modern Nationalism in the Slavic World Anna Procyk, 2019-09-10 Giuseppe Mazzini's *Young Europe* and the Birth of Modern Nationalism in the Slavic World examines the intellectual currents in Eastern Europe that attracted educated youth after the Polish Revolution of 1830 1 Focusing on the political ideas brought to the Slavic world from the West by Polish migr conspirators Anna Procyk explores the core message that the Polish revolutionaries carried a message based on the democratic principles espoused by *Young Europe*'s founder Giuseppe Mazzini Based on archival sources as well as well documented publications in Eastern Europe this study highlights that the national awakening among the Czechs Slovaks and Galician Ukrainians was not just cultural as is typically assumed but political as well The documentary sources testify that at its inception the political nationalism in Eastern Europe founded on the humanistic ideals promoted by Mazzini was republican democratic in nature and that the clandestine groups in Eastern Europe were cooperating with one another through underground channels It was through this cooperation during the 1830s that the better educated Poles and Ukrainians in the political underground tied to *Young Europe* became aware that the interests of their nations bound together by the forces of history and political necessity were best served when they worked closely together **Exile,**

Murder and Madness in Siberia, 1823-61 Andrew A. Gentes, 2010-09-29 Despite reports of exile proving disastrous to the region 300 000 Russian subjects from political dissidents to the elderly and mentally disabled were deported to Siberia from 1823 61 Their stories of physical and psychological suffering heroism and personal resurrection are recounted in this compelling history of tsarist Siberian exile Political Repression in 19th Century Europe Robert Justin Goldstein, 2013-06-17 Originally published in 1983 The nineteenth century was a time of great economic social and political change As Europe modernized previously ignorant and apathetic elements in the population began to demand political

freedoms There was pressure also for a freer press for the rights of assembly and association The apprehension of the existing elites manifested itself in an intensification of often brutal form of political repression The first part of this book summarizes on a pan European basis the major techniques of repression such as the denial of popular franchise and press censorship This is followed by a chronological survey of these techniques from 1815 1914 in each European country The book analyzes the long and short term importance of these events for European historical development in the 19th and 20th centuries

Polish Pioneers in Illinois 1818-1850 James D. Lodesky, 2010-02-24 This book attempts to discover the names of the first Polish settlers in Illinois when they came to Illinois and their stories when possible Some left complete stories about themselves while others only a very small amount The time period starts in 1818 the year Illinois became a state and ends in 1850 I found much more information between 1818 and 1850 then I thought I would so I cut the book off at 1850 The Polish settlers are divided into five different categories 1 Polish Political Exiles from Russia 2 Polish emigrants from mainly German occupied Poland 3 Polish Jews 4 People of Polish descent those persons with a Polish ancestor 5 Emigrants from an undetermined county whose last names look Polish

On Behalf of the Emperor, On Behalf of the Fatherland Jussi Jalonen, 2015-08-25 Jussi Jalonen s On Behalf of the Emperor On Behalf of the Fatherland approaches the Russian suppression of the Polish Uprising in 1830 1831 from a new transnational perspective The Russian mobilization involved people from the farthest reaches of the Empire and one notable group was the Finnish Battalion of the Imperial Guard For the Finnish elites the war was a demonstration of loyalty to the Tsar and the service of young Finnish gentlemen in the Russian Guards produced a sense of militarized patriotism Relying on a rich variety of original sources this study places the campaign in Poland in the context of the development of Finnish national awareness providing a unique portrayal of 19th century war experience and nationalism
