Polished Politician:

The Polished Politician Lillian Brown,1994 **Sex Scandals, Gender, and Power in Contemporary American Politics** Hinda Mandell,2017-04-17 Examining how gender impacts political sex scandals in the United States this book explains how political sex scandals contribute to the mistrust of government and identifies why these events have serious consequences for our political system The increasing tabloidization of politics and focus on politicians involved in sex scandals is both problematic and important When a major political sex scandal occurs it occupies as much as 25 percent of all news coverage in the United States Even if people may deny it they enjoy consuming and talking about political sex scandals Written by a former journalist who has frequently explored the intersections of politics sex and gender in the United States **Sex Scandals Gender and Power in Contemporary American Politics** investigates how political sex scandals contribute to the mistrust of government and why these events have great significance in our frenzied media environment The book makes use of comprehensive descriptive data including statistics to explain how political sex scandals are a representation of society s broader gender dynamics conveying subtle messages about power and morality It addresses the roles of men and women in political sex scandals over time the increasing tabloidization of politics and the often overlooked consequences of sex scandals for the political system Author Hinda Mandell also documents how scandals multiple negative effects for the politicians themselves and for society include turning politics into a spectator sport contributing to the mistrust of government the questioning of politicians competence and judgment as a group and politicians diminishing effectiveness in office *The Manager as Politician* Jerry W. Gilley,2005-12-30 Politics is a way of life in every organization Like it or not managers must develop political savvy in order to succeed as leaders every interaction has political undertones that affect their performance in the workplace As politicians managers are called upon to bring together parties with different and often competing agendas and to demonstrate the experience capabilities and qualities necessary to solve problems and make decisions in a timely fashion As politicians managers must be keenly aware of the human and organizational aspects of conflict along with techniques to resolve it while successfully balancing individual group and organization wide goals and priorities *The Manager as Politician* examines the dynamics of organizational power plays and interpersonal communication and shows managers how to step over landmines overcome challenges and develop the skills and instincts necessary for political survival Jerry W Gilley outlines the key roles and responsibilities of the political navigator who is adept at identifying allies and foes building trust and delivering results Featuring personal assessment and development tools and an extensive listing of related books journals organizations and web sites *The Manager as Politician* is an essential resource for managers looking to establish effective relationships with employees colleagues and organizational leaders while enhancing their authority and influence **Trumping the Media** Michael Mario Albrecht,2022-08-11 The ascendancy of Donald J Trump to the office of president was not a fluke Changes in the media environment and changes in the political landscape converged

and provided fertile ground for a demagogic populist to exploit existing structures for his personal and political gains. A right wing ecosystem had developed that included cable television, talk radio, social media and imageboards. The political rise of Trump occurred alongside a mainstreaming of far right politics and a skepticism towards long established institutions. Trump was able to exploit the shifts in politics and the media environment for his political gain. He deployed a post truth strategy that challenged established media and political institutions and their claims to be arbiters of truth and protectors of democracy. This book explores the shifts in the media environment that made the political career of Donald Trump possible. The author shows the ways that Trump was able to inhabit the new media and political landscape and take advantage of journalistic norms and practices that were susceptible to exploitation by a demagogue with no allegiance to the truth and no reverence towards the foundations of liberal democracy. Understanding the ways in which Trump was able to emerge as a powerful political force is essential to those invested in challenging the momentum of the alt right and forwarding the project of democracy.

Poland Patrice M. Dabrowski, 2014-10-01 Since its beginnings Poland has been a moving target geographically as well as demographically and the very definition of who is a Pole has been in flux. In the late medieval and early modern periods the country grew to be the largest in continental Europe only to be later wiped off the map for more than a century. The Polish phoenix that rose out of the ashes of World War I was obliterated by the joint Nazi Soviet occupation that began with World War II. The postwar entity known as Poland was shaped and controlled by the Soviet Union. Yet even under these constraints Poles persisted in their desire to wrest from their oppressors a modicum of national dignity and ultimately managed to achieve much more than that. Poland is a sweeping account designed to amplify major figures, moments, milestones and turning points in Polish history. These include important battles and illustrious individuals, alliances forged by marriages and choices of religious denomination and meditations on the likes of the Polish battle slogan for our freedom and yours that resounded during the Polish fight for independence in the long 19th century and echoed in the Solidarity period of the late 20th century. The experience of oppression helped Poles to endure and surmount various challenges in the 20th century and Poland's demonstration of strength was a model for other peoples seeking to extract themselves from foreign yoke. Patrice Dabrowski's work situates Poland and the Poles within a broader European framework that locates this multiethnic and multid denominational region squarely between East and West. This illuminating chronicle will appeal to general readers and will be of special interest to those of Polish descent who will appreciate Poland's longstanding republican experiment.

Celebrities in Politics Lisa Idzikowski, 2019-07-15 From campaigning for politicians to speaking out on political issues to running for public office celebrities around the world have long played an active role in politics. Their presence in the public sphere often helps them make this leap but it is the fact that we recognize their names and faces enough to make them trustworthy political figures. The diverse viewpoints in this volume explore what role celebrities should play in politics, discuss the phenomenon of making the transition from celebrity to politician and investigate the place of

contemporary media culture in this pattern **Women and Politics** Julie Dolan, Melissa M. Deckman, Michele L. Swers, 2017-06-01 Women and Politics Paths to Power and Political Influence examines the role of women in politics from the early women's movement to the female politicians in power today Following the historic 2016 presidential election this timely edition includes analysis of the challenges of navigating gender in seeking the presidency It examines how both Hillary Clinton and Carly Fiorina were forced to perform gender on the campaign trail and tasked to at once prove their masculine capability and feminine likability in order to be considered competent for the job **The Oxford Handbook of Political Psychology** Leonie Huddy, David O. Sears, Jack S. Levy, 2013-08-01 Political psychology applies what is known about human psychology to the study of politics It examines how people reach political decisions on topics such as voting party identification and political attitudes as well as how leaders mediate political conflicts and make foreign policy decisions The Oxford Handbook of Political Psychology gathers together a distinguished group of scholars from around the world to shed light on these vital questions Focusing first on political psychology at the individual level attitudes values decision making ideology personality and then moving to the collective group identity mass mobilization political violence this fully interdisciplinary volume covers models of the mass public and political elites and addresses both domestic issues and foreign policy Now with new material providing an up to date account of cutting edge research within both psychology and political science this is an essential reference for scholars and students interested in the intersection of the two fields **The Rise of Right-Populism** Bligh Grant, Tod Moore, Tony Lynch, 2018-09-28 This book is framed by four over arching narratives of inquiry While all four are firmly anchored in Australia's political milieu and as such are of considerable interest to a range of actors therein scholars and students the media the political class they will also be of interest to a global audience First ideation More specifically what is the nature of populist politics in Australia why does it consistently resonate with particular electoral demographics what is the basis of its appeal over and above electoral cycles and how should we position it in relation to more familiar concepts such as democracy nationalism and progressive conservative politics Second election Despite the disparaging tone that the mainstream media can sometimes adopt when discussing electoral outcomes for right populism and Hanson in particular why does right populism consistently resonate with particular electoral demographics characterized by various criteria geographic social class gender How does populism play out in electoral cycles and how do mainstream political parties capitalize on it for political gain Third policy and politics Much to the disappointment of many right populism in Australia generally and PHONP in particular has been influential in policy formulation across a range of domains These include Indigenous policy and reconciliation immigration and international relations industry policy and the politics of gender Taking a broader perspective how does the resurgence of right populism in Australia today differ from two decades ago and is the polity generally speaking shifting to the right Fourth Australia's right populism from a comparative international perspective More specifically what are the similarities and differences between right populism in Australia on

the one hand and in Europe and the US on the other and are we justified in concluding however tentatively that the rise of right populism is similar across these polities

Encyclopedia of Political Communication Lynda Lee Kaid, Christina Holtz-Bacha, 2008 Political communication began with the earliest studies of democratic discourse by Aristotle and Plato However modern political communication relies on an interdisciplinary base which draws on concepts from communication political science journalism sociology psychology history rhetoric and others This two volume resource considers political communication from a broad interdisciplinary perspective encompassing the many different roles that communication plays in political processes in the United States and around the world The Encyclopedia of Political Communication discusses the major theoretical approaches to the field including direct and limited effects theories agenda setting theories sociological theories framing and priming theories and other past and present conceptualizations With nearly 600 entries this resource pays considerable attention to important political messages such as political speeches televised political advertising political posters and print advertising televised political debates and Internet sites The audiences for political communications are also central necessitating concentration on citizen reactions to political messages how the general public and voters in democratic systems respond to political messages and the effects of all types of media and message types Key Features Encompasses several channels of political communication including interpersonal and public communication radio television newspapers and the World Wide Web Provides news media coverage and journalistic analysis of politics political issues political figures and political institutions Concentrates on the field of political communication since the middle of the 20th century Emphasizes political communication from the point of view of the United States but there is substantial and important research and scholarship on political communication in international contexts Considers the role of communication in governing incorporating communication activities that influence the operation of executive legislative and judicial bodies political parties interest groups political action committees and other participants in political processes Key Themes Biographies Books Films Journals Television Democracy Democratization Education and Nonprofit Organizations Elections Government Operations and Institutions Legal and Regulatory Media Events Media Outlets and Programs Role of Media in Political Systems News Media Coverage of Politics Political Affairs Theoretical Approaches Types of Political Media Political Attitudes Political Campaigns Political Events Political Groups and Organizations Political Issues Political Journalism Theoretical Concepts Women in Politics The Encyclopedia of Political Communication is designed for libraries undergraduates and members of the public with an interest in political affairs Media and political professionals as well as government officials lobbyists and participants in independent political organizations will find these volumes useful in developing a better understanding of how the media and communication function in political settings http://catdir.loc.gov/catdir/enhancements/fy0828/2007026514_d.html
