Political And Social Thought In The Contemporary Middle East:

Political and Social Thought in the Contemporary Middle East Kemal H. Karpat, 1966 *Political and Social Thought in the Contemporary Middle East. Ed. by K.H. Karpat. [With Contris of 'Abd Al-'Aziz Al-Duri, 'Ali Husni Al-Kharbutli, Darwish Al-Jundi A.o.]* Kemal H. Karpat, 'Abd al-'Aziz al-Duri, 'Ali Husni al-Kharbutli, Darwish al-Jundi, 1968 **Islam and Politics in the Modern Middle East (RLE Politics of Islam)** Metin Heper, Raphael Israeli, 2014-04-11 The recent resurgence of Islam in the Middle East is a far more complex phenomenon than is often suggested by those analyses which reduce recent developments in the area to no more than an intensification of religiosity Islam and Politics in the Modern Middle East challenges that perception of the contemporary Middle East It explores the nature of the Islamic revival and attempts to establish the original impulse behind particular instances of Islamic resurgence It also examines the degree to which religious institutions have served as a mechanism for expressing secular demands and frustrations and investigates to what extent politics is a functional alternative to religion First published in 1984 **Muslim-Christian Conflicts** Suad Joseph, 2019-10-10 What does religion mean in people's daily lives In what ways is it a component of ethnic identity How do religious identities and structures relate to other social identities and structures and to political and economic institutions and behavior How can Muslim-Christian relations be understood in the context of the emergence of the world capitalist system These are some of the questions addressed by the authors of this volume Their collective goal growing out of a desire to understand the continuing war in Lebanon is to study the circumstances under which religious differences become politically salient **American Arabists in the Cold War Middle East, 1946-75** Teresa Fava Thomas, 2016-07-06 This book examines the careers of 53 area experts in the US State Department's Middle East bureau during the Cold War Known as Arabists or Middle East hands they were very different in background education and policy outlook from their predecessors the Orientalists A highly competitive selection process and rigorous training shaped them into a small corps of diplomatic professionals with top notch linguistic and political reporting skills Case studies shed light on Washington's perceptions of Israel and the Arab world as well as how American leaders came to regard and often disregard the advice of their own expert advisors This study focuses on their transformative role in Middle East diplomacy from the Eisenhower through the Ford administrations **The Middle East** Professor Shahrough Akhavi, 2013-04-04 Amidst recent hype about events in the Middle East there have been few attempts to get below the surface and develop a fuller understanding of what politics means there The Middle East The Politics of the Sacred and Secular redresses this balance and provides essential historical and theoretical context In this book Shahrough Akhavi shows that the way people think about politics in the Middle East has developed in response to historical experience Islam has obviously played a pivotal role and the book does much to disentangle myth and reality about Islamic responses to politics Refreshingly however the book focuses on the universal concepts of the individual civil society the state justice authority and obligation and how these have been interpreted by

Middle Eastern thinkers in the twentieth and twenty first centuries Akhavi builds a dynamic picture of a politically exciting and engaged region The fresh perspective this book brings to global political theory and the background it gives students of politics in the Middle East make it an important addition to the World Political Theories series **Bitter Legacy** Paul Salem,1994-10-01 Ideology has been described as the single most powerful driving force in modern Arab politics In this analysis Salem examines the rise and fall of the main ideological currents in the Arab world and their effect on the region s politics Using an engaging multidisciplinary approach he analyzes the root psychological political and economic causes of ideological politics and studies the intellectual content of the principal movements from Arab nationalist to Islamic fundamentalism Marxism and various regional nationalisms The picture he paints is of a political culture thirsty for grand illusions and millennial promises but all too conscious of its disarray Indeed the empty husks of collapsed ideological movements are part and parcel of this region s all too bitter legacy Bitter Legacy s fluid style and wide scope recommend it to all those interested in gaining deeper insights into the Middle East Islamic movements in the Arab world He uses a multidisciplinary approach and a breadth of theoretical work from the fields of sociology social psychology and political science He also draws on primary Arabic sources examining the main works of Sati al Husri Michel Aflaq Sayyid Qutb and Antoun Saadeh **The ^APoliticization of Islam** Kemal H. Karpat,2001-05-03 Combining international and domestic perspectives this book analyzes the transformation of the Ottoman Empire over the nineteenth and twentieth centuries It views privatization of state lands and the increase of domestic and foreign trade as key factors in the rise of a Muslim middle class which increasingly aware of its economic interests and communal roots then attempted to reshape the government to reflect its ideals **Intellectual Origins of Islamic Resurgence in the Modern Arab World** Ibrahim M. Abu-Rabi?,1996-01-01 A systematic treatment of the religious intellectual cultural and social foundations of the Islamic resurgence in the modern Arab world that is grounded in the larger context of Arab and Islamic intellectual history **The Origins of the Lebanese National Idea** Carol Hakim,2013-01-19 In this fascinating study Carol Hakim presents a new and original narrative on the origins of the Lebanese national idea Hakim s study reconsiders conventional accounts that locate the origins of Lebanese nationalism in a distant legendary past and then trace its evolution in a linear and gradual manner She argues that while some of the ideas and historical myths at the core of Lebanese nationalism appeared by the mid nineteenth century a coherent popular nationalist ideology and movement emerged only with the establishment of the Lebanese state in 1920 Hakim reconstructs the complex process that led to the appearance of fluid national ideals among members of the clerical and secular Lebanese elite and follows the fluctuations and variations of these ideals up until the establishment of a Lebanese state The book is an essential read for anyone interested in the evolution of nationalism in the Middle East and beyond
