Political Change on Taiwan Peter R. Moody, 1992 This volume surveys recent Taiwanese politics mainly from the perspective of the ruling KMT party It includes analysis of recent changes in the party itself and also in the relations between the party the opposition and society generally Also included is simple statistical analysis of rank and file KMT activists and of the 1989 national elections The work's theoretical center is the question of democratization with an attempt to explore an anomaly the KMT is apparently an example of a ruling hegemonic party that has undertaken a genuine liberalization instituting changes that would put its rule at risk The general theoretical issue must be seen in the context of the specific Taiwan situation and the work analyzes the complications this engenders Democratization in particular has implications for the future relations between mainlanders and Taiwanese particularly can the KMT retain its integrity as a cohesive party if it becomes a Taiwanese dominated political organization operating on Taiwan alone and the potential contradiction between a democratic Taiwan and the future unification of China This volume will be essential reading for political scientists students and scholars involved in the study of Taiwan as well as mainland China **Political Change in China** Bruce Gilley, Larry Jay Diamond, 2008 How might China become a democracy And what lessons if any might Taiwan's experience of

democratization hold for China's future The authors of this volume consider these questions both through comparisons of Taiwan's historical experience with the current period of economic and social change in the PRC and through more focused analysis of China's current and possible future politics *Civil Society and Political Change in Asia* Muthiah Alagappa, 2004 A systematic investigation of the connection between civil society and political change in Asia change toward open participatory and accountable politics Its findings suggest that the link between a vibrant civil society and democracy is indeterminate certain civil society organizations support democracy others could undermine it **Taiwan's Electoral**
