Cesare Cuttica

Political Dissent In Democratic Athens Intellectual Critics Of Popular Rule:

Political Dissent in Democratic Athens Josiah Ober, 2001-12-02 Since it was no longer self evident that better men meant better government critics of democracy sought new arguments to explain the relationship among politics ethics and morality

Rethinking Rhetorical Theory, Criticism, and Pedagogy Antonio de Velasco, John Angus Campbell, David Henry, 2016-10-01 What distinguishes the study of rhetoric from other pursuits in the liberal arts From what realms of human existence and expression of human history does such study draw its defining character What in the end should be the purposes of rhetorical inquiry And amid so many competing accounts of discourse power and judgment in the contemporary world how might scholars achieve these purposes through the attitudes and strategies that animate their work *Rethinking Rhetorical Theory Criticism and Pedagogy* The Living Art of Michael C Leff offers answers to these questions by introducing the central insights of one of the most innovative and prolific rhetoricians of the twentieth century Michael C Leff This volume charts Leff s decades long development as a scholar revealing both the variety of topics and the approach that marked his oeuvre as well as his long standing critique of the disciplinary assumptions of classical Hellenistic renaissance modern and postmodern rhetoric *Rethinking Rhetorical Theory Criticism and Pedagogy* includes a synoptic introduction to the evolution of Leff s thought from his time as a graduate student in the late 1960s to his death in 2010 as well as specific commentary on twenty four of his most illuminating essays and lectures

Looking In, Looking Out: Jews and Non-Jews in Mutual Contemplation , 2024-04-08 Martin Goodman s forty years of scholarship in Roman history and ancient Judaism demonstrates how each discipline illuminates the other Jewish history makes best sense in a broader Greco Roman context Roman history has much to learn from Jewish sources and evidence In this volume Martin s colleagues and students follow his example by examining Jews and non Jews in mutual contemplation Part 1 explores Jews views of inter communal stasis the causes of the Bar Kochba revolt tales of Herodian intrigue and the meaning of Israel Part 2 investigates Jews depiction of outsiders Moabites Greeks Arabs and Roman authorities Part 3 explores early Christians Luke Jerome Rufinus Syriac poetry Pionius ordinary individuals views of Jews and use of Jewish sources and Josephus s relevance for girls in 19th century Britain

The Revolution to Come Dan Edelstein, 2025-04-15 How an event once considered the greatest of all political dangers came to be seen as a solution to all social problems Political thinkers from Plato to John Adams saw revolutions as a grave threat to society and advocated for a constitution that prevented them by balancing social interests and forms of government *The Revolution to Come* traces how evolving conceptions of history ushered in a faith in the power of revolution to create more just and reasonable societies Taking readers from Greek antiquity to Leninist Russia Dan Edelstein describes how classical philosophers viewed history as chaotic and directionless and sought to keep historical change especially revolutions at bay This conception prevailed until the eighteenth century when Enlightenment thinkers conceived of history as a form of progress and of revolution as its catalyst These ideas were put to the test during the French Revolution and

came to define revolutions well into the twentieth century Edelstein demonstrates how the coming of the revolution leaves societies divided over its goals giving rise to new forms of violence in which rivals are targeted as counterrevolutionaries A panoramic work of intellectual history *The Revolution to Come* challenges us to reflect on the aims and consequences of revolution and to balance the value of stability over the hope for change in our own moment of fear and upheaval Mass and Elite in the Greek and Roman Worlds Richard Evans, 2017-02-10 This volume has its origin in the 14th University of South Africa Classics Colloquium in which the topic and title of the event were inspired by Josiah Ober's seminal work *Mass and Elite in Democratic Athens* 1989 Indeed the influence this work has had on later research in all aspects of the Greek and Roman world is reflected by the diversity of the papers collected here which take their cue and starting point from the argument that in Ober's words 1989 338 Rhetorical communication between masses and elites was a primary means by which the strategic ends of social stability and political order were achieved However the contributors to the volume have also sought to build further on such conclusions and to offer new perceptions about a spread of issues affecting mass and elite interaction in a far wider number of locations around the ancient Mediterranean over a much longer chronological span Thus the conclusions here suggest that once the concept of mass and elite was established in the minds of Greeks and later Romans it became a universal component of political life and from there was easily transferred to economic activity or religion In casting the net beyond the confines of Athens although the city is also represented here to amongst others Syracuse the cities of Asia Minor Pompeii and Rome and to literary and philosophical discourse in each instance that interplay between the wider body of the community and the hierarchically privileged can be shown to have governed and directed the thoughts and actions of the participants *Ancient Greece* Thomas R. Martin, 2008-10-01 In this compact yet comprehensive history of ancient Greece Thomas R Martin brings alive Greek civilization from its Stone Age roots to the fourth century B C Focusing on the development of the Greek city state and the society culture and architecture of Athens in its Golden Age Martin integrates political military social and cultural history in a book that will appeal to students and general readers alike This edition has been updated with new suggested readings and illustrations Utopias in Ancient Thought Pierre Destrée, Jan Opsomer, Geert Roskam, 2021-08-23 This collection deals with utopias in the Greek and Roman worlds Plato is the first and foremost name that comes to mind and accordingly 3 chapters J Annas D El Murr A Hazistavrou are devoted to his various approaches to utopia in the Republic Timaeus and Laws But this volume's central vocation and originality comes from our taking on that theme in many other philosophical authors and literary genres The philosophers include Aristotle Ch Horn but also Cynics S Husson Stoics G Reydam's Schils and Cicero S McConnell Other literary genres include comedic works from Aristophanes up to Lucian G Sissa S Kidd N I Kuin and history from Herodotus up to Diodorus Siculus T Lockwood C Atack I Sulimani A last comparative chapter is devoted to utopias in Ancient China D Engels

Anti-democracy in England, 1570-1642 Cesare Cuttica, 2022 Anti democracy in England 1570 1642 is a detailed study

of anti democratic ideas in early modern England By examining the rich variety of debates about democracy that took place between 1570 and 1642 it shows the key importance anti democratic language held in the late Tudor and early Stuart periods In particular it argues that anti democratic critiques were addressed at popular government as a regime that empowered directly and fully the irrational uneducated dangerous commonalty it explains why and how criticism of democracy was articulated in the contexts here under scrutiny and it demonstrates that the early modern era is far more relevant to the development of democratic concepts and practices than has hitherto been acknowledged The study of anti democracy is carried out through a close textual analysis of sources often neglected in the history of political thought and by way of a contextual approach to Elizabethan Jacobean and Caroline history Most importantly the study re evaluates the role of religion and cultural factors in the history of democracy and of political ideas more generally The point of departure is at a time when the establishment and Presbyterians were at loggerheads on pivotal politico ecclesiastical and theoretical matters the end coincides with the eruption of the Civil Wars Cesare Cuttica not only places the unexplored issue of anti democracy at the centre of historiographical work on early modern England but also offers a novel analysis of a precious portion of Western political reflection and an ideal platform to discuss the legacy of principles that are still fundamental today

Brill's Companion to Thucydides Antonis Tsakmakis, Antonios Rengakos, 2006-09-30 This volume on Thucydides the most important historian of the ancient world comprises articles by thirty leading international scholars The contributions cover a wide range of issues including Thucydides life intellectual milieu and predecessors Thucydides and the act of writing his rhetoric historical method and narrative techniques narrative unity in the History the speeches Thucydides reliability as a historian and his legacy through the centuries Other topics dealt with include warfare religion individuals democracy and oligarchy the invention of political science Thucydides and Athens Sparta Macedonia Thrace Sicily South Italy Persia and the Argives The volume aims to provide a survey of current trends in Thucydidean studies which will be of interest to all students of ancient history Brill's Companion to Thucydides was awarded Choice Outstanding Academic Title 2007 **Sex and the Second-Best City** Kenneth Royce Moore, 2005-07-19 Sex and the Second Best City deals with the topics of sex and society in the Laws of Plato with recourse to historical context and modern critical theory It examines reconstructions of ancient sexuality with a view to increased clarification The text of the Laws is considered along with many of its literary qualities its influences and the utopian plan that it proposes

Eventually, you will certainly discover a supplementary experience and deed by spending more cash. yet when? reach you understand that you require to get those every needs taking into account having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to comprehend even more approximately the globe, experience, some places, later than history, amusement, and a lot more?

It is your extremely own grow old to show reviewing habit. in the middle of guides you could enjoy now is **Political Dissent In Democratic Athens Intellectual Critics Of Popular Rule** below.
