Essay Sample on Ernst Cassirer's Political Mythology: An Anthropological Perspective Essay

Introduction

Ernst Cassirer's interest in political mythologizing focuses on an anthropological positioning grounded on neo-Kantian epistemology (Barash, 2000). Heller's concept of the fictionalization of politics is rooted in the application of myth uttered by political organizations for mass management. On the other hand, Ernst Cassirer's examinations of this aspect are centered on extensive anthropology of political myth established over several decades (Barash, 2000). The essay will highlight Ernst Cassirer's critique of modern political myth.

The topic which most explicitly draws the most audience into analyzing Cassirer's writing is the connection between the preliminary theory of myth in Mythical thought, focusing mainly with the myth of non-western cultures, and later the political theory of myth defined by him in the Myth of the State, that focuses with modernity. Ernst Cassirer also attempted to explain the radical politicization of the Machtstaat evident in the twentieth century (Barash, 2000). The fundamental element of Cassirer's notion of myth lies in his attempt to critique on the grounds of its general theory of myth, for the phenomenon efficacy of modern political myth (Barash, 2000).

Cassirer recognized that they "myth of politics in the twentieth century" (an ideology ostensibly extracted from *Der Mythos des Zwanzigsten Jahrhunderts* a german titled book by the Nazi ideologist Alfred Rosenberg) (Barash, 2000). He described the modern political mythology as a conscious fabrication established through its capability to mystify the masses and to serve as a weapon in political war (Barash, 2000). It is this aspect as a consciously fabricated tool that demonstrates the uniqueness of contemporary myths concerning other elements of mythmaking. However, the "myth of the twentieth century" stands out as the true sense of the word since its efficiency derives from a general anthropological source (Barash, 2000).

On the grounds of his attraction connecting the ancient and contemporary myths, accounting for the specific potency of myth-making as a general form of anthropological endeavor. He launched his sweeping analysis of modern myth-making and of the tendency among certain modern philosophical orientations to propel the recrudescence of myth in support of the Machtstaat. Cassirer's criticism is centered upon a profound conviction inspiring his work as a whole, his notion that the truth of a doctrine is closely associated with its ethical consequences.

In Chapter one of *The place of language and myth in the pattern of human culture*, Ernst Cassirer argues that mythology is inevitable, natural, and an inherent need of language (Cassirer, 1946). He further states that if humans acknowledge language as an outward form and manifestation of thought, they will realize that the dark shadow which language builds upon a thought, and that it can never disappear until the language becomes wholly comparable with the thought (Cassirer, 1992). Finally, Mythology is the highest sense of power and authority executed by language on thought in every possible sphere of mental activity (Cassirer, 1992).

Political Mythology Ernst Cassirer

Ernst Cassirer

Political Mythology Ernst Cassirer:

The Myth of the State Ernst Cassirer, 1946 A great contemporary German philosopher attacks the explosive problem of political myth in our day and reveals how the myth of the state evolved from primitive times to prepare the way for the rise of the modern totalitarian state A brilliant survey of some of the major texts in the history of political theory Kenneth Burke *The Nation* The Meaning of Political Myth in Ernst Cassirer Claudiu Baciu, 2018-05-05 Myth founds human culture and Cassirer considers that our entire culture is penetrated by myth except in balanced epochs of history when mythical thought is tamed and lays in unity with other human faculties During an era of crisis mythical thought tends to occupy the foreground of the consciousness and imposes itself on these faculties or even overthrows all the value hierarchies that man has acquired in the course of his history Although Cassirer admits the real worth of myth as an expression of the first form of objectification of the human spirit for him the myth still remains a primitive undeveloped form of this objectification Because myth is closely related to human sensibility myth mythical thought and the type of imagination that is related to them represent true elemental forces of the human being forces which we cannot directly oppose Rather a pedagogical effort is needed to develop human capacity to avoid irrational fascination pertaining to those forces by means of a true knowledge of the structures and mechanisms of mythical thought **Symbol, Myth, and Culture** Ernst Cassirer, 1979 The papers in this volume of Ernst Cassirer's unpublished works give insight into the major issues that engaged Cassirer's interest between 1935 and 1945 The book begins with his inaugural address at the University of Göteborg Sweden in the first years of his exile from Hitler's Germany and ends with a talk to the Columbia Philosophy Club The note that introduces this piece was written on the day of his death In his long and productive career Ernst Cassirer always tried to integrate his works of original philosophy and studies in intellectual history into a general understanding of the nature of myth culture and symbol These essays show that his interest persisted to the end His piece on Judaism and political myths is perhaps the most dramatic in this collection as it blends philosophical coolness with his deeply felt outrage at fascism Best known in this country for *The Myth of the State* *The Philosophy of Symbolic Forms* and *An Essay on Man* Ernst Cassirer has been read and studied by generations of students In this book they will find illuminations in a more informal voice of the major themes in Cassirer's work New readers will be introduced to the great issues that occupied the interest of one of the twentieth century's most widely read philosophers A genuine contribution to the history of modern philosophy and of special value to the informed general reader since it includes a number of valid attempts by Cassirer to translate his radical sometimes difficult concepts of culture into non technical terms The Booklist *Political Myth* Roland Boer, 2009-03-25 A scholar of biblical studies and cultural theory develops a political myth for the Left based on foundational stories in the Bible's first six books from Genesis through Joshua *Pessimism in International Relations* Tim Stevens, Nicholas Michelsen, 2019-06-29 This volume explores the past present and future of pessimism in International Relations It seeks to differentiate pessimism from cynicism and

fatalism and assess its possibilities as a respectable perspective on national and international politics The book traces the origins of pessimism in political thought from antiquity through to the present day illuminating its role in key schools of International Relations and in the work of important international political theorists The authors analyse the resurgence of pessimism in contemporary politics such as in the new populism attitudes to migration indigenous politics and the Anthropocene This edited volume provides the first collection of scholarly work on pessimism in International Relations theory and practice and offers fresh perspectives on an intellectual position often considered as disreputable as it is venerable

Mythistory Joseph Mali, 2003-05 Ever since Herodotus declared in *Histories* that to preserve the memories of the great achievements of the Greeks and other nations he would count on their own stories historians have debated whether and how they should deal with myth Most have sided with Thucydides who denounced myth as unscientific and banished it from historiography In *Mythistory* Joseph Mali revives this oldest controversy in historiography Contesting the conventional opposition between myth and history Mali advocates instead for a historiography that reconciles the two and recognizes the crucial role that myth plays in the construction of personal and communal identities The task of historiography he argues is to illuminate not eliminate these fictions by showing how they have passed into and shaped historical reality Drawing on the works of modern theorists and artists of myth such as Nietzsche and Wittgenstein Joyce and Eliot Mali redefines modern historiography and relates it to the older notion and tradition of mythistory Tracing the origins and transformations of this historiographical tradition from the ancient world to the modern Mali shows how Livy and Machiavelli sought to recover true history from uncertain myth and how Vico and Michelet then reversed this pattern of inquiry seeking instead to recover a deeper and truer myth from uncertain history In the heart of *Mythistory* Mali turns his attention to four thinkers who rediscovered myth in and for modern cultural history Jacob Burckhardt Aby Warburg Ernst Kantorowicz and Walter Benjamin His elaboration of the different biographical and historiographical routes by which all four sought to account for the persistence and significance of myth in Western civilization opens up new perspectives for an alternative intellectual history of modernity one that may better explain the proliferation of mythic imageries of redemption in our secular all too secular times

Baal and the Politics of Poetry Aaron Tugendhaft, 2017-11-01 *Baal and the Politics of Poetry* provides a thoroughly new interpretation of the Ugaritic Baal Cycle that simultaneously inaugurates an innovative approach to studying ancient Near Eastern literature within the political context of its production The book argues that the poem written in the last decades of the Bronze Age takes aim at the reigning political theological norms of its day and uses the depiction of a divine world to educate its audience about the nature of human politics By attuning ourselves to the specific historical context of this one poem we can develop more nuanced appreciation of how poetry politics and religion have interacted in antiquity and beyond

The Road to Socialism Lyubomir Pozharliev, 2023-07-10 The book is the first comprehensive empirical study of transport infrastructure in two socialist countries in the years 1945-1989 In the case study of Yugoslavia

the construction of roads was interrelated with building socialist and trans ethnic identities uniting all federal republics In practice the Brotherhood and Unity Highway was an artery linking the capitals of the most industrialized republics neglecting Kosovo Bosnia and Herzegovina Montenegro and parts of Macedonia In socialist Bulgaria existed a clear ideological link between transport and nation building Bulgarian roads disintegrative function was best seen in the example of the Highway Ring which constructed as an inner circle isolated the border regions and areas inhabited by Bulgarian Muslims and Turks

Erfahren, Erzählen, Erinnern: Narrative Konstruktionen von Gedächtnis und Generation in Antike und Mittelalter Hartwin Brandt,2012 **The Politics of Nationalism in Modern Iran** ‘Ali Mīr’Anṣari,2012

Political Mythology Ernst Cassirer Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Political Mythology Ernst Cassirer**," written by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Political Mythology Ernst Cassirer Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Political Mythology Ernst Cassirer PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and

empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Political Mythology Ernst Cassirer PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Political Mythology Ernst Cassirer free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Political Mythology Ernst Cassirer Books

1. Where can I buy Political Mythology Ernst Cassirer books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Political Mythology Ernst Cassirer book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Political Mythology Ernst Cassirer books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing,

and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
