

**POLITICAL AND MORAL CONFLICT
PHILOSOPHIES
IN MORAL CONFLICT**

PETER S. WENZ

Political Philosophies In Moral Conflict

Dudley Knowles

Political Philosophies In Moral Conflict:

Political Philosophies in Moral Conflict Peter S. Wenz, 2007 Political Philosophies in Moral Conflict presents the theories and issues of political philosophy as tools for understanding and expressing the various views of the role of the state in people's lives. Students will explore the impact of classic and contemporary philosophical theories as they affect the political structure of lives today through a variety of current controversial debates such as racial profiling, drug legalization, pollution control, and physician-assisted suicide. Cases such as school vouchers, Microsoft's trade restraint, polygamy, and abortion offer a way to demonstrate the practical impact of competing political philosophies. Publisher description

Impartiality in Moral and Political Philosophy Susan Mendus, 2002 The debate between impartialists and their critics has dominated both moral and political philosophy during the 1990s. This book attempts to show both that the dispute between impartialists and their critics runs very deep and that it can nonetheless be resolved.

Political Philosophy Dudley Knowles, 2006-04-21 This comprehensive introduction to the major thinkers and topics in political philosophy explores the philosophical traditions which continue to inform our political judgements. Dudley Knowles introduces the ideas of key political thinkers including Hobbes, Locke, Marx, and Mill, and influential contemporary thinkers such as Berlin, Rawls, and Nozick. He outlines central problems in political philosophy and encourages the reader to critically engage with all the issues discussed. The individual chapters discuss and analyse utilitarianism, liberty, rights, justice, obligation, democracy. Political Philosophy is ideally suited to students taking introductory courses in political theory and philosophy.

T. H. Green: Ethics, Metaphysics, and Political Philosophy Maria Dimova-Cookson, William J. Mander, 2006-06-01 Recent years have seen a growth of interest in the great English idealist thinker T. H. Green, 1836-82, as philosophers have begun to overturn received opinions of his thought and to rediscover his original and important contributions to ethics, metaphysics, and political philosophy. This collection of essays by leading experts, all but one published here for the first time, introduces and critically examines his ideas both in their context and in their relevance to contemporary debates.

Is Political Philosophy Impossible? Jonathan Floyd, 2017-09-07 Political philosophy seems both impossible to do and impossible to avoid. Impossible to do because we cannot agree on a single set of political principles. Impossible to avoid because we're always living with some kind of political system and thus some set of principles. So if we can't do the philosophy but can't escape the politics, what are we to do? Jonathan Floyd argues that the answer lies in political philosophy's deepest methodological commitments. First, he shows how political philosophy is practiced as a kind of thinking about thinking. Second, he unpicks the different types of thought we think about, such as considered judgements or intuitive responses to moral dilemmas, and assesses whether any are fit for purpose. Third, he offers an alternative approach, normative behaviourism, which holds that rather than studying our thinking, we should study our behaviour. Perhaps just sometimes actions speak louder than thoughts.

A Companion to Political Philosophy. Methods, Tools, Topics Antonella Besussi, 2016-03-23 This book offers a comprehensive overview of the key concepts and issues of

contemporary political philosophy providing an essential reference work for scholars and advanced students It is structured in three parts covering methodological issues tools and argumentative strategies employed by political philosophy and concepts and topics key to the discipline Expert authors from around the world have written twenty chapters in a consistent and engaging style Each chapter is thoroughly cross referenced allowing students to appreciate how methodological issues relate to each other and how methodology and argumentative tools affect the way substantial issues are addressed The chapters are supplemented by further reading lists and selected bibliographies to aid further research The companion will be required reading for masters and post doctoral students providing them with the appropriate tools for approaching political philosophy in a more thoughtful way and showing how substantive topics are addressed within different perspectives and paradigms The companion also provides upper level undergraduates with a sophisticated introduction to the relevant problems and challenges political philosophy addresses

Oxford Studies in Political Philosophy, Volume 1 David Sobel, Peter Vallentyne, Steven Wall, 2015-06-18 This is the inaugural volume of Oxford Studies in Political Philosophy Since its revival in the 1970s political philosophy has been a vibrant field in philosophy one that intersects with jurisprudence normative economics political theory in political science departments and just war theory OSPP aims to publish some of the best contemporary work in political philosophy and these closely related subfields This first volume features eleven papers and an introduction The papers address a range of central topics and represent cutting edge work in the field They are grouped into four main themes democracy political liberalism and public reason rights and duties and method

The Routledge Companion to Social and Political Philosophy Gerald F. Gaus, Fred D'Agostino, 2013 This comprehensive work provides an up to date survey of social and political philosophy charting its history and key figures and movements and addressing enduring questions as well as contemporary research

Reasonableness in Liberal Political Philosophy Shaun Young, 2014-02-04 Previously published as a special issue of the Critical Review of Social and Political Philosophy this collection offers a thought provoking critique of the role of the concept of reasonableness in liberal political theory focusing on the proposed relationship between reasonableness and the establishment and preservation of a just and stable liberal polity The essays explore the explicit and implicit use of the idea of reasonableness presenting an analysis that incorporates normative and empirical observations and employs a number of different analytical approaches including liberalism feminism environmentalism Marxism and communitarianism This unique book provides in a single volume a critique that engages not only a vast array of issues but also a diversity of critical perspectives It not only rectifies a deficiency in the existing scholarship but also addresses the issues of socio political justice and stability offering new insightful critiques that respond to the increasingly complex circumstances and conflicts that confront life in contemporary pluralistic societies

Reasonableness in Liberal Political Philosophy will be a valuable resource for those interested in liberal political theory and its potential usefulness in helping to secure a just and stable polity

Kant and Modern Political Philosophy Katrin

Flikschuh,2000-08-28 In this book Katrin Flikschuh examines the relevance of Kant s political thought to major issues and problems in contemporary political philosophy She advances and defends two principal claims that Kant s philosophy of Right endorses the role of metaphysics in political thinking in contrast to its generally hostile reception in the field today and that his account of political obligation is cosmopolitan in its inception assigning priority to the global rather than the domestic context She shows how Kant s metaphysics of freedom as a shared idea of practical reason underlies the cosmopolitan scope of his theory of justice and she concludes that despite the revival of Kantianism in contemporary thinking his account of justice is in many respects very different from dominant approaches in contemporary liberal theory Her study will be of interest to political philosophers political theorists and historians of ideas

Political Philosophies In Moral Conflict Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has be much more evident than ever. They have the ability to inspire, provoke, and ignite change.
