George C. Edwards, William G. Howell

Political Presidency:

The Politics of the Presidency John Anthony Maltese, Andrew Rudalevige, Joseph A. Pika, 2025-02-24 Get insightful coverage and analysis of the U S presidency with this comprehensive text Never losing sight of the foundations of the office The Politics of the Presidency maintains a balance between historical context and contemporary scholarship on the executive branch providing a solid foundation for any presidency course In this Revised Eleventh Edition Maltese Rudalevige and Pika thoroughly analyze the change and continuity following the November 2024 presidential election The Presidency and the Political System Michael Nelson, 2020-07-17 The Presidency and the Political System showcases the best of presidential studies and research with top notch presidency scholars writing specifically for an undergraduate audience Michael Nelson rigorously edits each contribution to present a set of analytical yet accessible chapters and offers contextual headnotes introducing each essay Chapters represent the full range of topics institutions and issues relevant to understanding the American presidency covering approaches to studying the presidency elements of presidential power presidential selection presidents and politics and presidents and government This Twelfth Edition fully incorporates coverage of the Trump administration The Politics of the Presidency Joseph A. Pika, John Anthony Maltese, Andrew Rudalevige, 2017-07-06 This book analyses the change and continuity in the presidency during Barack Obama's two terms in an entrenched partisan environment discusses the competitive setting for the 2016 election and looks at the challenges and opportunities President Trump will face The Politics of the Presidency, Revised 8th Edition Joseph A. Pika, John Anthony Maltese, 2013-07-15 In the most up to date core text available on the presidency The Politics of the Presidency Revised Eighth Edition Joseph A Pika and John Anthony Maltese once again deliver their comprehensive and accessible analysis of the presidency Never losing sight of the foundations of the office the authors maintain a balance between historical context and contemporary scholarship on the executive A solid foundation for any presidency course the revised eighth edition features updated chapters including coverage of the 2012 election and a new chapter analyzing Obama's challenges as a second term president in an entrenched partisan environment The Oxford Handbook of the American Presidency George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today

Presidents and Political Thought David J. Siemers,2010-01-01 What did the president know and when did he know it takes on a whole new meaning in Presidents and Political Thought Though political philosophy is sometimes considered to be dry and abstract many of our presidents have found usable ideas embedded within it In this first comparative study of presidents and political theory David Siemers examines how some of them have applied this specialized knowledge to their job Presidents and Political Thought explores the connection between philosophy and practical politics through a study of six American chief executives John Adams Thomas Jefferson James Madison Woodrow Wilson Franklin D Roosevelt and Bill

Clinton Writing at the intersection of politics history and philosophy Siemers combines his extensive understanding of political philosophy with careful research and analysis of individual presidents to produce provocative and astute judgments about how their understanding of political theory affected their performance Each chapter examines a particular president s attitude about political theory the political theorists he read and admired and the ways in which he applied theory in his activities as president Viewing presidents through the lens of political theory enables Siemers to conclude that Madison and Adams have been significantly underrated Wilson is thought to have abandoned his theoretical viewpoint as president but actually he just possessed an unorthodox interpretation of his favorite thinker Edmund Burke Often thought to be so pragmatic or opportunistic that they lacked any convictions FDR and Clinton gained their orientations to politics from political theory These and other insights suggest that we cannot understand these presidencies without being more aware of the ideas the presidents brought to the office Siemers's study takes on special relevance as the United States experiences regime change and a possible party realignment because as he notes Barack Obama has read and learned from political theory too Avoiding much of the jargon that often accompanies political theory this book demonstrates the relevance of political theory in the real world chronicling both the challenges and potentially rich payoffs when presidents conceive of politics not just as a way to reward friends and punish enemies but as a means to realize principles Presidential Term Limits Alexander Baturo, Robert Elgie, 2019-06-20 Presidential term limits restrict the maximum length of time that presidents can serve in office They stipulate the length of term the presidents can serve between elections and the number of terms that presidents are permitted to serve While comparative scholarship has long studied important institutions such presidentialism vs parliamentarism and the effects of different electoral systems we lack a comprehensive understanding of the role and effects of presidential term limits Yet presidential term limits and term lengths are one of the most fundamental institutions of democracy By ensuring compulsory rotation in office they are at the heart of a democratic dilemma What is the appropriate trade off between allowing the unrestricted selection of candidates at presidential elections vs restricting selection procedures to prevent the possibility of dictatorial takeover by presidents who are unwilling to step down In the context of a long and on going history of changes to presidential term limits and the many and varied ways in which term limits have been both applied and avoided this book explains the factors behind the introduction stability abolition and avoidance of presidential term limits as well as the consequences of changes to presidential term limits and it does so in the context of non democracies third wave countries and consolidated democracies It includes comparative theoretical and practitioner oriented chapters as well as detailed country case studies of presidential term limits across the world and over time Russian Politics and Presidential Power Donald R. Kelley, 2016-10-05 Russian Politics and Presidential Power takes an in depth look at the Russian presidency and uses it as a key to understanding Russian politics Donald R Kelley looks at presidents from Gorbachev to Putin as authoritarian transformational leaders who set out to build

the future while sometimes rejecting and reinterpreting the work of past modernizers Placing the presidency in this context helps readers understand both the disintegration of the Soviet Union and the nature of the Russian Federation that rose in its place And by setting the presidency within a longer historical context Kelley shows how the future of the presidency is dependent on other features of the political system *The Press And The Carter Presidency* Mark J Rozell,2019-08-14 This study is a revision of my doctoral dissertation written at the University of Virginia As a student of the American presidency I became interested in how presidential leadership is defined analyzed and assessed Students of the presidency spend a great deal of time studying leadership theory and debating the merits of different measures of leadership success These students draw inspiration for their ideas from noted presidency scholars such as Edward S Corwin Clinton Rossiter and Richard Neustadt The Politics Presidents Make Stephen Skowronek,1997-03-25 This wholly innovative study demonstrates that presidents are persistent agents of change continually disrupting and transforming the political landscape But each president also inherits a particular type of political context a regime shaped by his predecessors that he either rejects or affirms

Discover tales of courage and bravery in is empowering ebook, **Political Presidency**. In a downloadable PDF format (PDF Size: *), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
