Political Theory Joseph Losco, Leonard A. Williams, 1992 **The Liberalisation of the Islamists in Turkey During 1990's: The Debates Around the Medina Document and Civil Society Project** Ünal Gündoğan, 2021-08-26 Dr Unal Giindoan The Liberalisation of the Islamists in Turkey During 1990 s The Debates Around the Medina Document and Civil Society Project This book takes snapshots from the venture of the Islamic Movement during second half of the 1990 s in Turkey It was the Civil Society Project as proposed by Ali Bulac a prominent intellectual which claimed to establish philosophical basis for a political and social restructuring of Turkey depending upon the basic premises of the Medina Document which was signed among Muslims Jews and Pagans of Medina City just after the Prophet Muhammed s migration in 622 The Project was a break from the tradi tional understanding of Islamic politics both in Turkey and in the Muslim world It was because of its focus on pluralism multi culturalism democracy human rights and many other liberal assumptions This was a turning point in Turkish politics since the discussions created a liberal atmosphere among Islamist leftist and rightists which at the end resulted in the mass acceptance of Islamic political parties by the voters since midst 1990 s The rise of first Refah Party and then AK Party owe much to this new understanding Libraries, Classrooms, and the Interests of Democracy John Buschman, 2012-07-30 In Libraries Classrooms and the Interests of Democracy Dr Buschman details the connections between our educative institutions and democracy and the resources within democratic theory reflecting on the tensions between marketing advertising consumption and democracy **Politics** Munroe Eagles, Larry Johnston, 2008-01-04 Extremely thorough and well researched The inclusion of a discussion of political science and of political philosophy is welcome as it helps ground the discussion of modern institutions and processes in the history of political thought Robert Kelly University of the Pacific Mestizo Democracy John Francis Burke, 2003-11-03 It can come as no surprise that the ethnic makeup of the American population is rapidly changing That there are political repercussions from these changes is also self evident How the changes can must and should alter our very understanding of democracy though may not be obvious Political theorist John Burke addresses these issues by offering a mestizo theory of democracy and tracing its implications for public policy The challenge before the United States in the coming century Burke posits will be to articulate a politics that neither renders cultures utterly autonomous from each other nor culminates in their homogeneous assimilation Fortuitously or ironically the way to do this comes from the very culture that is now necessitating the change Mestizo is a term from the Mexican socio political experience It means mixture and implies a particular kind of mixture that has resulted in a blend of indigenous African and Spanish genes and cultures in Latin America This mixture is not a melting pot experience where all eventually become assimilated rather it is a mixture in which the influences of the different cultures remain identifiable but not static They all evolve through interaction with the others and the resulting larger culture also evolves as the parts do Mestizaje the collective noun form is thus process more than condition John Burke analyzes both

American democratic theory and multiculturalism within political theology to develop a model for cultivating a democratic political community that can deal constructively with its cultural diversity He applies this new model to a number of important policy issues official language s voting and participation equal employment opportunity housing and free trade He then presents an intensive case study based on a parish multicultural committee and choir in which he has been a participant to show how the engaged dialogue of mestizaje might work and what pitfalls await it Burke concludes that in the United States we are becoming mestizo whether we know it or not and whether we like it or not By embracing the communitarian but non assimilationist stance of intentional mestizaje we can forge a future together that will be not only greater than the sum of its parts but also freer and more just than its past

Politics Larry Johnston,2007-04-01 Larry Johnston s third edition of *Politics* is easily one of the best introductions to political studies written in the last decade Dimitrios Karmis University of Ottawa

Brill's Companion to Leo Strauss' Writings on Classical Political Thought ,2015-08-04 Brill s *Companion to Leo Strauss Writings on Classical Political Thought* offers clear accessible essays to assist a new generation of readers in their introduction to Strauss writings on the ancients and to deepen the understanding of those who have already benefitted from his work Strauss rediscovered esoteric writing His careful explications of works by classical thinkers of Socratic political philosophy pre Socratic philosophers and of poets tragic and comic have therefore opened those works up in a way that had been lost for centuries Yet Strauss writings especially his later works make considerable demands on any reader These essays are written by scholars who bring to bear on their reading of Strauss many years of study

The Iliad as Politics Dean Hammer,2002-01-01 In this first full length treatment of the Iliad as a work of political thought Hammer demonstrates how Homer s epic is also an ancient Greek discussion on political ethics Hammer redefines political thought as the activity of addressing issues of collective identity and organization Using this understanding of politics he discusses how the characters in the Iliad through their larger than life actions and interactions embody community issues of authority conflict judgment and the interrelationship between personal and collective identity The characters many quarrels laments reconciliations and vows of loyalty and friendship all critically model the principles and controversies of underlying Greek political ethics of communal responsibility and relationship

BOOK JACKET The Year Of The Woman Elizabeth Adell Cook,Sue Thomas,Clyde Wilcox,2019-08-22 The 1992 American election saw more women running for office at both local and national level than ever before The number of women elected increased by 50% in the House of Representatives and by a staggering 300% in the Senate This book describes these key races revealing the underlying tales of voter and institutional reactions to the women candidates and highlights the unprecedented levels of support garnered on their behalf

Politics and the Life Sciences Robert H. Blank,Samuel M. Hines Jr.,Odelia Funke,Joseph Losco,Patrick Stewart,2014-10-21 This book examines the development of biopolitics as an academic perspective within political science It reviews the work of the leading proponents of this perspective and presents a comprehensive view of biopolitics as a framework to structure political

inquiry

Political Theory Classic Writings Contemporary Views Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Political Theory Classic Writings Contemporary Views**," compiled by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
