Political Culture Of The Tea Garden Workers:

Political Culture of the Tea Garden Workers Dipak Kumar Nag, 2000 With reference to two tea gardens in West Bengal located in the districts of Jalpaiguri and Darjeeling *Socio-economic and Political Problems of Tea Garden Workers*

, 2006-01-01 Contributed study on tea plantation workers in Assam India **Witches, Tea Plantations, and Lives of Migrant Laborers in India** Soma Chaudhuri, 2013-08-15 *Witches Tea Plantations and Lives of Migrant Laborers in India* Tempest in Teapot is a unique book that brings together a holistic theoretical approach on the subject of witchcraft accusations specifically those taking place inside a tea workers community in India Using a combination of in depth and extensive qualitative methods and drawing on sociological anthropological and historical perspectives Chaudhuri explores how adivasi tribal migrant workers use witchcraft accusations to deal with worker management conflict Chaudhuri argues that witchcraft accusations can be interpreted as a periodic reaction of the adivasi worker community against their oppression by the plantation management The typical avenues of social protest are often unavailable to marginalized workers due to lack of organizational and political representation and resources As a result the dain witch becomes a scapegoat for the malice of the plantation economy Within this discourse witch hunts can be seen not as exotic and primitive rituals of a backward community but rather as a powerful protest by a community against its oppressors The book attempts to understand the complex network of relationships ties of friendship family politics and gender that provide the necessary legitimacy for the witch hunt to take place In most cases examined here seemingly petty conflicts within the villagers often escalate to a hunt At the height of the conflict the exploitative relationship between the plantation management and the adivasi migrant workers often gets hidden The book demonstrates how witchcraft accusations should be interpreted within this backdrop of labor planters relationship characterized by rigidity of power patronage and social distance *Witches Tea Plantations and Lives of Migrant Laborers in India* should appeal to criminologists sociologists anthropologists labor historians gender scholars labor migration scholars witch hunt and witchcraft accusation global scholars adivasi scholars South Asian scholars and anyone interested in India's tribes witchcraft accusations gender in a global world labor conflict and Indian tea plantations A Time for Tea Piya Chatterjee, 2001-11-29 An innovative ethnography of the production circulation and consumption of tea centered on the lives of the mostly women workers who produce it Film Appreciation on Cinemas (1980 to 1990) of Jahnu Barua: Social, Economic, Political and Cultural Perspectives Dr. Juhi P. Pathak,

Everyday Ethnicity in Sri Lanka Daniel Bass, 2013 Focusing on notions of diaspora identity and agency this book examines ethnicity in war torn Sri Lanka It highlights the historical development and negotiation of a new identification of Up country Tamil amidst Sri Lanka's violent ethnic politics Over the past thirty years Up country Indian Tamils generally have tried to secure their vision of living within a multi ethnic Sri Lanka not within Tamil Eelam the separatist dream that ended with the civil war in 2009 Exploring Sri Lanka within the deep history of colonial era South Asian plantation diasporas

the book argues Up country Tamils form a diaspora next door to their ancestral homeland It moves beyond simplistic Sinhala Tamil binaries and shows how Sri Lanka s ethnic troubles actually have more in common with similar battles that diasporic Indians have faced in Fiji and Trinidad than with Hindu Muslim communalism in neighbouring India Pakistan and Bangladesh Shedding new light on issues of agency citizenship displacement and re placement within the formation of diasporic communities and identities this book demonstrates the ways that culture workers including politicians trade union leaders academics and NGO workers have facilitated the development of a new identity as Up country Tamil It is of interest to academics working in the fields of modern South Asia diaspora violence post conflict nations religion and ethnicity **India**

B. D. de

Silva,2012-05-23 First published in 1982 this reissue deals with the theory of underdevelopment as Dr de Silva attempts a synthesis between the internal and external aspects of underdevelopment and in the Marxist tradition focuses on the impact of the external on the internal as the dominant reality Viewing underdevelopment as a problem in the non transformation to capitalism this analysis is in terms of the character of the dominant capital and of the dominant classes Underdevelopment thus encompasses the traditional peasant economy and also the export sector where the modernizing influence of colonialism was felt The book finally considers how the contemporary internationalization of capital affected the economies of the Third World [The Tea Labourers of North East India](#) ,2009 Papers presented at the Seminar on Anthropo Historical Perspectives of the Tea Labourers with Special Reference to North East India held at Dibrugarh during 7 8 January 2005

Encyclopedia of New Populism and Responses in the 21st Century Joseph Chacko Chennattuserry,Madhumati Deshpande,Paul Hong,2024-12-02 This book mainly seeks to explain define and update the recurring forms of populism in the 21st century Examples used in this Introduction are limited to English speaking countries But populism s existent expressions are ecumenically global Like any long lasting perennial organism it is sturdy and comes in a variety of forms adaptable to environmental changes In political or cultural terms its expression has been neither exclusively left center nor right Populism contains multitudes dates back centuries before it was identified with its modern name Populism has become a hot button issue in the recent times The UK s Sunday heavy The Guardian published about 300 articles in 1998 that used the term populism or populist and by 2016 its use had skyrocketed to over 2 000 And growing Probably the single greatest catalyst to date that injected populism into the world s Internet common discourse that infused it into journalism right left

and center and awakened populist political activism was the Great Recession of 2007-08 and the subsequent global deprivations it engendered. In today's world, populism promises to remain and renew its intensity due to the COVID-19 pandemic's deleterious effects on most nations' middle and low-income groups, especially minorities. These are some reasons among many why it is time for populism to be relocated, identified, and given refreshed 21st-century understandings. It has a shifting nature among people, events, and causes that constantly demands fresh studies. It is a social and cultural phenomenon, both universal and particular. In our 21st-century world, it is a product of our shared cultures and each of our own exceptional deep cultures. This Encyclopedia is unique in its composition as it includes all the major disciplines of Social Sciences and thus will be a one-stop source of nine different disciplines looking at new populism.
