Political Discourse A Case Study Of The Watergate Affair:

Political Discourse Lewis H. LaRue, L. H. La Rue, 1988 Political Discourse L. H. LaRue, 2010-06-01 Watergate has already told us much about the political dynamics of the presidency In Political Discourse L H LaRue shows that it can also reveal much about Congress the men and women we elect to be our collective voice in Washington Retracing the debates in the House Judiciary Committee as it voted on the articles of impeachment LaRue shows that our representatives all of them lawyers chose to center their discussions largely on the president's violation of the law Yet LaRue suggests far greater matters than simple lawlessness were at stake By choosing to organize their discussions predominantly around the concept of rule of law our representatives sidestepped the crucial issues of government ethics the public trust and democracy itself that Watergate raised In this way they failed in their role as representatives and misstated the deepest concerns of their constituents LaRue proposes that breach of trust not rule of law should have been the focus of the discussions Such a metaphor would have been less legalistic closer to most Americans true concerns It would have created a more wide ranging debate that better encompassed the crucial issues that surrounded Watergate one that spoke for our determination as a people to resist tyrants who threaten our democracy *The American Political Scandal* David R. Dewberry, 2015-08-13 In this holistic examination of political scandal in the United States David Dewberry argues convincingly that such scandals follow a consistent narrative centered largely on media coverage and politician performance rather than the actual corruption or ethics violation committed In making this argument he also provides an analytical framework for understanding the patterns underlying scandals regardless of their unique political contexts Dewberry dissects four major examples Teapot Dome Watergate Iran Contra and Clinton Lewinsky and explores the roles of various constituencies involved in creating reacting to and mediating the scandal What is the true role of journalism within the context of scandal What persuasive techniques do politicians employ to develop and perpetuate scandals What motives and values bring scandals to a close In addition to the core cases Dewberry incorporates briefer examples from contemporary and ongoing controversies including Anthony Weiner's sexting scandal money and sex in Congress how cover ups have gone digital and Chris Christie's Bridgegate The result is a fascinating and thoughtful look at the relationships among political discourse free speech and democracy *Understanding Power Through Watergate* Tian-jia Dong, 2005-08-29 Understanding Power through Watergate uses the Watergate Affair as a case to highlight the Washington collective power dynamic Author Tian jia Dong argues that formal state institutions only work effectively when they are embedded in social dynamics Academics in the fields of political science American history and sociology will find great interest in this book as well as people involved in the political process This work will also be a valuable supplement to graduate and undergraduate political science and sociology courses

Political Scandals in the USA Robert Williams, 1998 Discusses political scandals in the USA including Watergate the Iran Contra scandal Whitewater and political scandals in Congress Reagan and the Iran-Contra Affair Robert

Busby,2016-07-27 The Iran Contra scandal rocked the Reagan presidency to its core in late 1986 and 1987 This text examines the efforts of the Reagan administration to recover its public credibility in the 12 months following the exposure of controversial covert operations Via comparative analysis it explores the impact of scandal upon the presidential office the problems which confronted President Reagan during Iran Contra and the centrality of damage control efforts to the well being of the modern presidency The Founding Fathers Reconsidered R. B. Bernstein,2009-05-05 Here is a vividly written and compact overview of the brilliant flawed and quarrelsome group of lawyers politicians merchants military men and clergy known as the Founding Fathers who got as close to the ideal of the Platonic philosopher kings as American or world history has ever seen In The Founding Fathers Reconsidered R B Bernstein reveals Washington Franklin Jefferson Adams Hamilton and the other founders not as shining demigods but as imperfect human beings people much like us who nevertheless achieved political greatness They emerge here as men who sought to transcend their intellectual world even as they were bound by its limits men who strove to lead the new nation even as they had to defer to the great body of the people and learn with them the possibilities and limitations of politics Bernstein deftly traces the dynamic forces that molded these men and their contemporaries as British colonists in North America and as intellectual citizens of the Atlantic civilization s Age of Enlightenment He analyzes the American Revolution the framing and adoption of state and federal constitutions and the key concepts and problems among them independence federalism equality slavery and the separation of church and state that both shaped and circumscribed the founders achievements as the United States sought its place in the world **No Magic Wand** David S. Caudill,Lewis H. LaRue,2006-06-29 Since 1993 Supreme Court precedent has asked judges to serve as gatekeepers to their expert witnesses admitting only reliable scientific testimony Lacking a strong background in science however some judges admit dubious scientific testimony packages by articulate practitioners while others reject reliable evidence that is unreasonably portrayed as full of holes Seeking a balance between undue deference and undeserved skepticism Caudill and LaRue draw on the philosophy of science to help judges juries and advocates better understand its goals and limitations **Political Vocabularies** Conal Condren,2017 Considers how political language has changed through time looking at concrete examples from English and other languages Critical Legal Studies Richard W Bauman,2021-11-28 Contemporary legal thought has been powerfully influenced by Critical Legal Studies a school of legal scholars whose work has sustained a continuing radical critique of established legal doctrines In this essential reference work Richard Bauman presents the most thorough up to date guide available for this essential literature In addition to providing the basic bibliographic information Bauman offers a set of effective introductions to contextualize and explain the work being surveyed He has created a fundamental handbook not only for the law but also for politics and radical thought

Yeah, reviewing a books **Political Discourse A Case Study Of The Watergate Affair** could mount up your near links listings. This is just one of the solutions for you to be successful. As understood, exploit does not recommend that you have extraordinary points.

Comprehending as skillfully as bargain even more than supplementary will present each success. adjacent to, the notice as competently as perception of this Political Discourse A Case Study Of The Watergate Affair can be taken as skillfully as picked to act.
