Political Economy Of Hunger Vol 3 Endemic Hunger:

Political Economy of Hunger Jean Drèze, Amartya Sen, 1991-10-17 This is an open access title available under the terms of a CC BY NC ND 3.0 IGO licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. WIDER The World Institute for Development Economics Research established in 1984 started work in Helsinki in 1985 with the financial support of the Government of Finland. The principal purpose of the Institute is to help identify and meet the need for policy oriented socio economic research on pressing global and development problems and their inter relationships. WIDER's research projects are grouped into three main themes: hunger and poverty, money, finance and trade and development and technological transformation. Volume III deals with the strategic options for the elimination of endemic hunger. The topics covered include the comparative extent of hunger and deprivation in different parts of the world, the influence of food production, the interconnections between economic growth and public support, the role of economic diversification in reducing vulnerability, the potential impact of direct public provisioning on living standards and the politics of public action. In addition to general analyses, the book examines the international relevance of a number of specific country experiences in Asia, Africa and Latin America including those of China, India, Sri Lanka, Brazil, Kenya, Bangladesh and Nigeria.

The Political Economy of Hunger: Volume 3: Endemic Hunger Jean Drèze, Amartya Sen, 1990 Part of a major report on world hunger instigated by the World Institute for Development Economics Research, this volume deals with possible solutions to the problem of regular outbreaks of famine in various parts of the world.

The Political Economy of Hunger: Volume 2: Famine Prevention Jean Drèze, Amartya Sen, 1990 Part of a major report on world hunger instigated by the World Institute for Development Economics Research, this volume deals with possible solutions to the problem of regular outbreaks of famine in various parts of the world.

The Political Economy of Hunger: Volume 1: Entitlement and Well-being Jean Drèze, Amartya Sen, 1991-02-21 WIDER Studies in Development Economics. The World Institute for Development Economics Research established in 1984 started work in Helsinki in 1985 with the financial support of the Government of Finland. The principal purpose of the Institute is to help identify and meet the need for policy oriented socio economic research on pressing global and development problems and their inter relationships. WIDER's research projects are grouped into three main themes: hunger and poverty, money, finance and trade and development and technological transformation. BL Sen is an internationally renowned prizewinning economist. This volume is the first of three addressing a wide range of policy issues relating to the role of public action in combating hunger and deprivation in the modern world. It deals with the background, nutritional, economic, social and political aspects of the problem of world hunger.

Topics covered include the characteristics and causal antecedents of famines and endemic deprivation the interconnections between economic and political factors the role of social relations and the family the special problems of women s deprivation the connection between food consumption and other indicators of living standards and the medical aspects of undernourishment and its consequences Several contributions also address the political background of public policy in particular the connection between the government and the public including the role of newspapers and the media and the part played by political commitment and by adversarial politics and pressures Taken together these essays provide a comprehensive and authoritative analysis of the problem of hunger and deprivation and an important guide for action
