Political Representation And Legitimacy In The European Union

Peter Mair, Jacques Thomassen

Political Representation And Legitimacy In The European Union:

Political Representation and Legitimacy in the European Union Hermann Schmitt, J. J. A. Thomassen, 1999 How severe a problem is what many call the democratic deficit of the European Union Despite a voluminous theoretical literature dealing with this question there is hardly any systematic empirical investigation of the effectiveness of the system of political representation in the EU and of the legitimacy beliefs of EU citizens that spring from it This volume elaborates a conceptual framework for the empirical analysis of the alleged democratic deficit Four dimensions of legitimacy beliefs are identified and analysed the European political community the scope of EU government the institutions and processes of EU government and EU policies Based upon large scale representative surveys among the mass publics and different strata of the political elite of the EU and its member states the book examines the conditions of political representation in the EU The results demonstrate by and large that legitimacy beliefs of EU citizens are the more positive the less specific the object of identification and evaluations is and that the process of political representation works pretty well as long as issues other than European Union issues are concerned These findings are finally discussed in view of familiar strategies for institutional reform of the European Union

Political Representation and European Union Governance Peter Mair, Jacques Thomassen, 2013-09-13 This book confronts and discusses different conceptions of political representation with respect to their application to the system of multi level governance in the European Union Political representation is an essentially contested concept Its meaning has evolved with the development of representative democracy at the level of the nation state and normative theories of political representation often evolved as a reflection on developing practices rather than the other way around Since the EU is not a conventional nation state and since the effectiveness and legitimacy of classic notions of political representation at the level of the national state has also become a matter of dispute the EU has become a playground for the development of alternative or additional conceptions of democracy The contributions to this volume evaluate these alternative conceptions with regard to both their effectiveness and their legitimacy and combine both conceptual and empirical analyses This book was based on a special issue of Journal of European Public Policy

Political Representation and Legitimacy in the European Union, 1999 **Political Representation and Legitimacy in the**

European Union Hermann Schmitt, Jacques Thomassen, 1999 *Political Representation in the European Union* Sandra Kröger, 2014-04-03 In recent years the financial and economic crisis of 2008 9 has progressed into an equally important political and democratic crisis of the EU These troubled times have set the framework to re assess a number of important questions in regard to representative democracy in the EU such as the normative foundation of political representation the institutional relationship between representatives and represented the link between democracy and representation and new arenas and actors This book examines the diverse avenues through which different sorts of actors have expressed their voices during the Euro crisis and how their various interests are translated into the decision making process It offers a state

of the art assessment of what political representation means in this context as well as a contribution to the representative turn in democratic theory The authors address three key themes The main actors and channels of political representation in the EU Interlocking levels of representation in the EU and the way in which national and supranational representation works How the European institutional system represents EU citizens through law and administration Focusing on the importance of representation in the legitimation of democracy this book will be of interest to students and scholars of European Union politics European studies democratic theory representation studies civil society and transnational democracy The Legitimacy of the European Union After Enlargement Jacques Thomassen,2009-05-28 In 2004 the European Union was enlarged with ten new member states eight of them previously communist states in Central and Eastern Europe This enlargement was without precedent in the history of the Union and its predecessors It is still to be seen how well the institutions as well as the citizens of the Union are able to cope with the consequences of this operation The authors of this volume evaluate the effect of that enlargement on its legitimacy They do so by assessing the effects of enlargement on the functioning of the process of political representation in the European Union and on the feelings of the European people towards the Union This study is mainly based on data from the European Election Study 2004 This study made it for the first time possible to compare the attitudes and behaviour of citizens in the enlargement countries in particular in Central and Eastern Europe with their counterparts in the older member states Some of the findings of this study are counterintuitive In many respects the effects of enlargements are much smaller than often argued The party systems of the new member states and the attitudes and behaviour of the voters of individual parties are very compatible with their counterparts in the older member states making further European integration relatively easy The same can be said about members of the European Parliament On the other hand the mutual trust of the people in the older and new member states is extremely low and undermines the legitimacy of the enlarged Union Research Handbook on Political Partisanship Henrik Oscarsson,Sören Holmberg,2020-05-29 Based on cutting edge global data the Research Handbook of Political Partisanship argues that partisanship is down but not out in contemporary democracies Engaging with key scholarly debates from the rise of right wing partisanship to the effects of digitalization on partisanship contributions highlight the significance of political partisanship not only in the present but in the future of democracies internationally **European Integration and Political Conflict** Gary Marks,Marco R. Steenbergen,2004-02-12 Over the past half century Europe has experienced the most radical reallocation of authority that has ever taken place in peace time yet the ideological conflicts that will emerge from this are only now becoming apparent The editors of this 2004 volume Gary Marks and Marco Steenbergen have brought together a formidable group of scholars of European and comparative politics to investigate patterns of conflict that are arising in the European Union Using diverse sources of data and examining a range of actors including citizens political parties members of the European Parliament social movements and interest groups the authors of this volume conclude that

political contestation concerning European integration is indeed rooted in the basic conflicts that have shaped political life in Western Europe for many years This comprehensive volume provides an analysis of political conflict in the European Union

Politics in the European Union Ian Bache, Stephen George, Simon Bulmer, 2011-02-17 This is an account of the main developments in the process of European integration It provides coverage of theory history member states institutions and policies drawing on academic debates including issues of legitimacy and globalisation *Routledge Handbook of European Politics* José Magone, 2014-12-17 Since the Treaty of the European Union was ratified in 1993 the European Union has become an important factor in an ever increasing number of regimes of pooled sovereignty This Handbook seeks to present a valuable guide to this new and unique system in the twenty first century allowing readers to obtain a better understanding of the emerging multilevel European governance system that links national polities to Europe and the global community Adopting a pan European approach this Handbook brings together the work of leading international academics to cover a wide range of topics such as the historical and theoretical background the political systems and institutions of both the EU and its individual member nations political parties and party systems political elites civil society and social movements in European politics the political economy of Europe public administration and policy making external policies of the EU This is an invaluable and comprehensive resource for students scholars researchers and practitioners of the European Union European politics and comparative politics

Political Representation And Legitimacy In The European Union Introduction

In today's digital age, the availability of Political Representation And Legitimacy In The European Union books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Political Representation And Legitimacy In The European Union books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Political Representation And Legitimacy In The European Union books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Political Representation And Legitimacy In The European Union versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Political Representation And Legitimacy In The European Union books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Political Representation And Legitimacy In The European Union books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Political Representation And Legitimacy In The European Union books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit

organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Political Representation And Legitimacy In The European Union books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Political Representation And Legitimacy In The European Union books and manuals for download and embark on your journey of knowledge?

FAQs About Political Representation And Legitimacy In The European Union Books

1. Where can I buy Political Representation And Legitimacy In The European Union books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
