Political Speeches:

Political speeches Chauncey Mitchell Depew,1910 Analysing Political Speeches Jonathan Charteris-Black,2018-08-24 Exploring speeches by public figures such as Emma Watson Tony Blair Donald Trump Julia Gillard and Lady Gaga this engaging textbook explains the ways in which political speeches can be analysed It examines the role of language in speeches and how it can be used to challenge or reinforce prevailing social cultural and political attitudes Each chapter introduces a particular discourse approach and then applies this in a model analysis of a passage of text The chosen texts concern issues of social cultural and political importance that address topics of significant importance to the audience to which they were delivered Students are encouraged to engage with the text and consider how approaches to text analysis such as cohesion context analysis and metaphor analysis may be adapted to provide a more critical perspective This text will be essential reading for students of English language linguistics communication studies and politics on critical discourse and discourse analysis modules Pointless Political Speeches Jonathan Hawkins,AI,2025-03-29 Pointless Political Speeches examines the pervasive issue of empty rhetoric in the political sphere It explores how politicians often deliver speeches that while sounding impressive lack substance and meaningful information The book investigates the techniques used to create these ambiguous messages such as complex sentence structures and emotional appeals instead of facts It also highlights the motivations behind vague communication including avoiding controversial topics and appealing to a broad audience This analysis reveals that the proliferation of meaningless political rhetoric erodes public trust and undermines informed democracy Did you know that some speeches strategically use ambiguous language to avoid accountability Or that the reliance on clichs often signals a lack of original thought The book progresses by first defining what constitutes a pointless speech and then analyzing the methods employed to craft them Later chapters include case studies of specific politicians and their speeches dissecting instances of empty rhetoric Ultimately Pointless Political Speeches empowers citizens to identify and resist manipulative rhetoric encouraging them to demand more meaningful communication from their leaders By offering a critical analysis of political communication the book equips readers with the tools to critically evaluate political discourse and become more engaged participants in the democratic process **Famous Presidential Speeches** Amelia Khatri,AI,2025-02-15 Famous Presidential Speeches explores how presidential rhetoric has shaped American politics and society It delves into the art of presidential communication by examining the historical context and lasting consequences of monumental addresses The book emphasizes that presidential rhetoric is a powerful instrument of governance influencing policy public discourse and the historical narrative Readers will discover how speeches have been used to unite a nation justify wars and usher in social change The book progresses by first introducing key concepts in rhetorical analysis It then analyzes a selection of famous speeches such as George Washington s Farewell Address and John F Kennedy s inaugural address examining their rhetorical strategies historical circumstances and effects Finally it culminates in a discussion of the

ethical responsibilities of presidential speech By examining specific speeches in depth the book offers a unique perspective on the historical impact of presidential rhetoric *The Bully Pulpit, Presidential Speeches, and the Shaping of Public Policy*, Jeffrey S. Ashley, Marla J. Jarmer, 2015-11-11 Issue framing is the way that people especially politicians get other people to view a particular problem or issue By framing the issue in a particular way the goal is to get people to think about the issue to believe that an action is required and most importantly to believe that a particular action the one being proposed by the framer is the right one The use of language and imagery is an essential part of issue framing and has been an integral part of the presidency since our nation's founding but it has become particularly important since Theodore Roosevelt began to take his message directly to the people This work examines a selected speech delivered by every president from Roosevelt through Barack Obama to show how language has been instrumental in directing policy Each chapter will examine the situation or background for the problem include a transcript of the speech the president delivered and conclude with an analysis of the speech in terms of the particular frame that the speech utilized and the eventual outcome or policy direction inspired by the speech **Speeches in World History** William E. Burns, 2010-06-25 Features a compilation of the world's greatest speeches from all major civilizations and throughout history **Making Speeches** Tom Hurst, 2025-03-20 Having recently passed the 40th anniversary of Margaret Thatcher's entry into Number 10 Downing Street the burgeoning field of Thatcher studies continues to attract the attention of scholars and students alike The dense array of literature has thus far comprehensively covered Thatcher's politics personal life and famous speeches but the approaches she took to her speech writing have hitherto been overlooked By consulting a variety of primary sources such as the Churchill archives which house Thatcher's papers Tom Hurst deftly presents a comprehensive account of Margaret Thatcher's Speechmaking By encompassing the creation delivery and dissemination of the speeches before concluding with a focus on the reception of these speeches in an unprecedented digital age Hurst fills an existing gap By focusing on the oft overlooked staff who helped Thatcher draft her speeches and in so doing shaped Thatcherism from behind the scenes Hurst promotes an entirely original work that unveils the Iron Lady's reliance on her speechmakers which has previously been unexplored Multimodal Communication in Political Speech Shaping Minds and Social Action Isabella Poggi, Francesca D'Errico, Laura Vincze, Alessandro Vinciarelli, 2013-11-08 This book constitutes the thoroughly refereed post conference proceedings of the International Workshop on Multimodal Communication in Political Speech Shaping Minds and Social Actions held in Rome Italy during November 10-12 2010 The 16 regular papers were carefully reviewed and selected from 33 submissions and presented with three key notes The purpose of the Political Speech workshops is to provide a forum for discussing research areas of persuasive agents and social signal processing This book covers topics on multimodal aspects of political communication including persuasion fallacies racist discourse as well as music autobiographic memories metonymies dominant postures rhetorical strategies interruptions intonation and voice appeal *The Inaugural Addresses and*

Ascension Speeches of Nigerian Elected and Non-Elected Presidents and Prime Minister, 1960-2010 Solomon Williams Obotetukudo, 2011 From Balewa's declaration Today is Independence Day to Azikiwe's impassioned plea Let us bind the nation's wound and let us heal the breaches of the past so that in forging our nation there shall emerge on this continent a hate free fear free and greed free people to Buhari's patriotic fervor This generation of Nigerians have no other country than Nigeria to Obasanjo's confident commitment I will not spare any effort in rising to this challenge of building firmly and decisively on our achievements and to Yar Adua's clarion call Let us set aside cynicism Let us discard the habits of low expectations Let us join together now words by Nigerian leaders invoke common threads that are essential for nationbuilding In a democracy words initiate a relationship between leaders and citizens a relationship deepened by sacred trusts not easily broken This collection of inaugural and ascension speeches facilitates comparison of presidential themes leadership styles personal philosophies and evolutionary communication strategies in Nigerian nationbuilding Each chapter opens with biographical notes on the speaker followed by an introduction to the prevalent political climate and ends with the leader's unabridged speech

Notable Speeches in Contemporary Presidential Campaigns Robert V. Friedenberg, 2002-03-30 Though many studies of contemporary campaigns focus on brief political advertisements and the growing impact of technology on contemporary campaigns the definitive statements of most candidates are still made in public addresses Friedenberg examines the first public address made by an American presidential candidate on his own behalf The circumstances giving rise to William Henry Harrison's 1840 address and the themes that he developed in that address are strikingly contemporary serving as an appropriate prelude to the examinations of contemporary political speaking that follow Those examinations focus on notable campaign speeches by John F Kennedy Barry Goldwater Richard Nixon Ronald Reagan Bill and Hillary Clinton and George W Bush Each study examines a key event that foreshadowed the speech studied Each study presents a rhetorical biography of the speaker including a discussion of the speechwriting team and preparation techniques utilized by the speaker Each study presents a thorough study of the campaign context in which the speeches were presented Each also presents a close reading and rhetorical analysis of the speech itself and observations on the impact of the speech Cumulatively Friedenberg's studies help to illustrate how even in today's high tech political environment of 30 second ads and candidate Web sites public speeches continue to play a crucial role in political campaigning Of particular interest to scholars and students involved with political communication and political American campaigning
