Praying For Reform Luther Prayer And The Christian Life:

Praying for Reform William R. Russell, 2005 A Lutheran scholar explores how prayer shaped Luther's life and informed his writing and teaching From Luther's life of prayer emerges his emphasis on Catechesis teaching the basics of Christian faith and practice Tracing Luther's writings on prayer from different stages of his life the author shows how Luther's reflections on prayer flow from personal experience and so can have practical application for our lives today *Teach Us to Pray* Katharine Mahon, 2019-04-01 The study of liturgical reform is usually undertaken through a close examination of liturgical texts In order to consider the impact of reform on the worship life of Christians Katharine Mahon takes a wider view of liturgy by considering the worship practices of Christian churches beyond what appears in the rites themselves Looking at how Christians were taught how to pray and instructed in liturgical and sacramental participation Mahon explores the late medieval patterns of Christian ritual formation and the transformation of these patterns in the sixteenth century reforms of Martin Luther Thomas Cranmer and Roman Catholic leaders She uses the Lord's Prayer the backbone of medieval lay catechesis liturgical participation and private prayer to paint a panorama of medieval ritual formation integrated into the life of the church in the fourteenth and fifteenth centuries She then follows the disintegration and reconstruction of that system of formation through the changing functions of the Lord's Prayer in the official reforms of catechesis liturgy and prayer in the sixteenth century
