Rodriguez, 2020-04-03 This book offers a historical and comparative overview of the evolution of racial classifications in the United States Latin America and the Caribbean The Hispanicization of America is precipitating a paradigm shift in racial thinking in which race is no longer defined by distinct characteristics but rather is becoming synonymous with ethnic cultural identity Traditionally assimilation has been conceived of as a unidirectional and racialized phenomenon Newly arrived immigrant groups or longstanding minority indigenous populations were Americanized in confining their racial and ethnic natures to the private sphere and adopting in the public sphere the cultural mores norms and values of the dominant cultural racial group In contrast the Hispanicization of America entails the horizontal assimilation of various groups from Spanish-speaking countries throughout the Western Hemisphere and Caribbean into a pan-ethnic Hispanic/Latino identity that also challenges the privileged position of whiteness as the primary and exclusive referent for American identity Instead of focusing on one Hispanic group ethnic identity or region this book chronicles the development of racial identity across the largest Hispanic groups throughout the United States **Empire of Dirt** Wendy Fonarow, 2006-07-10 Inside the culture of an artistically influential music community *Santería* Migene González-Wippler, 1994 When the Yoruba of West Africa were brought to Cuba as slaves they preserved their religious heritage by disguising their gods as Catholic saints and worshiping them in secret The resulting religion is Santería
