Sānti Rituals in the Ātharvanic Tradition Vinaya Kshirsagar, 2002 The Ancillary Literature of the Atharva-Veda B. R. Modak, 1993 **Rites of the God-King** Marko Geslani, 2018-06-08 Scholars of Vedic religion have long recognized the centrality of ritual categories to Indian thought There have been few successful attempts however to bring the same systematic rigor of Vedic Scholarship to bear on later Hindu ritual Excavating the deep history of a prominent ritual category in classical Hindu texts Geslani traces the emergence of a class of rituals known as santi or appeasement This ritual intended to counteract ominous omens developed from the intersection of the fourth Veda the oft neglected Atharvaveda and the emergent tradition of astral science Jyotisastra sometime in the early first millennium CE Its development would come to have far reaching consequences on the ideal ritual life of the king in early medieval Brahmanical society The mantric transformations involved in the history of santi led to the emergence of a politicized ritual culture that could encompass both traditional Vedic and newer Hindu performers and practices From astrological appeasement to gift giving coronation and image worship Rites of the God King chronicles the multiple lives and afterlives of a single ritual mode unveiling the always inventive work of the priesthood to imagine and enrich royal power Along the way Geslani reveals the surprising role of astrologers in Hindu history elaborates conceptions of sin and misfortune and forges new connections between medieval texts and modern practices In a work that details ritual forms that were dispersed widely across Asia he concludes with a reflection on the nature of orthopraxy ritual change and the problem of presence in the Hindu tradition *Journal of the Oriental Institute* Oriental Institute (Vadodara, India), 2011 Index of Papers Submitted to the All-India Oriental Conference K.
