Saranac Americas Magic Mountain:

Saranac Robert Taylor, 1988 *History Between the Lines* Caperton Tissot, 2007 *Phoenix* Roderick Stewart, Sharon Roberta Stewart, 2011 A biographical account of the life of Norman Bethune detailing the story of his life including his career as a surgeon his fight to eradicate tuberculosis his commitment to establish a medicare system in Canada and his communist ideologies through considerable research and interviews with friends family former patients and colleagues Walker Percy Gary M. Ciuba, 2010-09-01 In Walker Percy Books of Revelations Gary M Ciuba examines how Percy s apocalyptic vision inspires the structure themes and strategies of his fiction This book explores the unity of the southern novelist s fiction by focusing on its religious and artistic design one of the first studies to approach Percy s work from this perspective Ciuba considers Percy s six published novels *The Moviegoer* *The Last Gentleman* *Love in the Ruins* *Lancelot* *The Second Coming* and *The Thanatos Syndrome* and also offers the first extended critical analysis of his unpublished work *The Gramercy Winner* Although the novels are often seen as increasingly satiric jeremiads about the possible doom of America Ciuba argues that Percy s fiction is principally shaped by a demythologized and partially realized form of eschatology This apocalyptic vision has less to do with the end of the external world than with the demise of the protagonists internal worldviews According to Ciuba Percy does more than offer direly comic warnings about the end of the world he shows how the world actually ends and then may begin again in the everyday lives and extraordinary loves of his astonished seers **Tuberculosis and Nontuberculous Mycobacterial Infections** David L. Schlossberg, 2020-07-10 TUBERCULOSIS AND NONTUBERCULOUS MYCOBACTERIAL INFECTIONS TUBERCULOSIS AND NONTUBERCULOUS MYCOBACTERIAL INFECTIONS SEVENTH EDITION Complete coverage of every aspect of tuberculosis and related mycobacterial infections Tuberculosis appears to be as old as humanity itself Despite many advancements since the 1882 identification of *Mycobacterium tuberculosis* as the causative agent of tuberculosis it remains one of the top 10 causes of death worldwide and threatens the effectiveness of our therapeutic arsenal In 2015 1 8 million people died of tuberculosis and almost half a million new cases of multidrug resistant tuberculosis were diagnosed For *Tuberculosis and Nontuberculous Mycobacterial Infections* Dr Schlossberg assembled an international team of experts to write about nearly every facet of the prevention diagnosis and treatment of tuberculosis and nontuberculous mycobacterial infections In addition to presenting the latest clinical data epidemiological findings and policy and strategy recommendations of the World Health Organization four new chapters cover topics of critical importance The role of therapeutic drug monitoring in mycobacterial infections The public health issues of refugees and migrants and their exposure and transmission of tuberculosis resulting from humanitarian crises Diabetes mellitus as a significant risk factor for tuberculosis The increased risk of tuberculosis reactivation in people taking tumor necrosis factor alpha inhibitors and other biopharmaceuticals Other chapters provide detailed information on the clinical public health and policy aspects of tracking and treating tuberculosis including The many presentations of tuberculosis from pulmonary to ocular and cardiovascular to

Winter,1989-01-08 This book is the first to examine the literary responses of women who lived a significant part of their lives in the Adirondacks Through the works of seven Adirondack writers it creates literary and theoretical contexts for these authors by focusing on the links between the landscape and the female imagination Such an inquiry links this study with Annette Kolodny s and Elaine Showalter s recent studies of fantasy and gender and genre Those involved in the study of literature women s studies or local history will find this volume a fresh contribution to the growing body of knowledge regarding gender and writing and writer and region At the same time this book offers an engaging literary rendition for the casual reader and wilderness enthusiast

The Last Amateur Stephen L. Dyson,2014-08-13 The authoritative biography of a nineteenth century polymath This fascinating biography tells the story of William J Stillman 1828 1901 a nineteenth century polymath Born and raised in Schenectady New York Stillman attended Union College and began his career as a Hudson River School painter after an apprenticeship with Frederic Edwin Church In the 1850s he was editor of The Crayon the most important journal of art criticism in antebellum America Later after a stint as an explorer promoter of the Adirondacks he became the American consul in Rome during the Civil War When his diplomatic career brought him to Crete he developed an interest in archaeology and later produced photographs of the Acropolis for which he is best known today In yet another career switch Stillman became a journalist serving as a correspondent for The Times of London in Rome and the Balkans In 1871 he married his second wife Marie Spartali a Pre Raphaelite painter and continued to write about history and art until his death One of the later products of the American Enlightenment he lived a life that intersected with many strands of

American and European culture Stillman can indeed be called the last amateur The Last Amateur is a meticulously researched and highly nuanced portrait of William J Stillman an important journalist artist and critic of mid nineteenth century America Stephen L Dyson provides outstanding context and a convincing case as to why Stillman deserves to be better known due to his keen intellect prodigious output and insightful views on art and culture It s refreshing to see an academic who blends deep scholarship with an ability to write in a readable style that will satisfy both the scholar and the general readers The result is a timeless classic Paul Grondahl author of Mayor Corning Albany Icon Albany Enigma The Last Amateur is a complex and intriguing life history of a personality very much within the circles of the intellectual debates of the mid and late nineteenth century on art aesthetics archaeology geopolitics especially in the eastern Mediterranean and the development of photography Stillman was sort of a Zelig character and although he had an important influence on many of these areas of culture and society he has been relatively little studied The book is an important step in shedding light on the character and importance of Stillman Harvey K Flad coauthor of Main Street to Mainframes Landscape and Social Change in Poughkeepsie Branch Rickey Lee Lowenfish,2022-08-15 He was not much of a player and not much more of a manager but by the time Branch Rickey 1881 1965 finished with baseball he had revolutionized the sport not just once but three times In this definitive biography of Rickey the man sportswriters dubbed The Brain The Mahatma and on occasion El Cheapo Lee Lowenfish tells the full and colorful story of a life that forever changed the face of America s game As the mastermind behind the Saint Louis Cardinals from 1917 to 1942 Rickey created the farm system which allowed small market clubs to compete with the rich and powerful Under his direction in the 1940s the Brooklyn Dodgers became truly the first America s team By signing Jackie Robinson and other black players he single handedly thrust baseball into the forefront of the civil rights movement Lowenfish evokes the peculiarly American complex of God family and baseball that informed Rickey s actions and his accomplishments His book offers an intriguing richly detailed portrait of a man whose life is itself a crucial chapter in the history of American business sport and society Federal Correctional Facility Construction, Preston County ,1999 The Agency Frank Rose,1996 The story of the William Morris Agency is the story of show business itself Founded at the turn of the century it stood as the premier agency in Hollywood for 80 years With unvarnished descriptions of the board that runs William Morris and the needy and demanding stars they represent The Agency is a compelling tale that lifts the curtain on the most intriguing business in America today Photos Arequipa Sanatorium Lynn Downey,2019-09-12 As San Francisco recovered from the devastating earthquake and fire of 1906 dust and ash filled the city s stuffy factories stores and classrooms Dr Philip King Brown noticed rising tuberculosis rates among the women who worked there and he knew there were few places where they could get affordable treatment In 1911 with the help of wealthy society women and his wife Helen a protégé of philanthropist Phoebe Apperson Hearst Brown opened the Arequipa Sanatorium in Marin County Together Brown and his all female staff gave new life to hundreds of working class women suffering from tuberculosis in early

twentieth century California Until streptomycin was discovered in the 1940s tubercular patients had few treatment options other than to take a rest cure at a sanatorium and endure its painful medical interventions For the working class and minorities especially women the options were even fewer Unlike most other medical facilities of the time Arequipa treated primarily working class women and provided the same treatment to all including Asian American and African American women despite the virulent racism of the time Author Lynn Downey s own grandmother was given a terminal tuberculosis diagnosis in 1927 but after treatment at Arequipa she lived to be 102 years old Arequipa gave female doctors a place to practice female nurses and social workers a place to train and white society women a noble philanthropic mission Although Arequipa was founded by a male doctor and later administered by his son the sanatorium s mission was truly about the women who worked and recovered there and it was they who kept it going Based on sanatorium records Downey herself helped to preserve and interviews she conducted with former patients and others associated with Arequipa Downey tells a vivid story of the sanatorium and its cure that Brown and his talented team of Progressive women made available and possible for hundreds of working class patients

The Extraordinary Adirondack Journey of Clarence Petty

Christopher Angus,2015-02-25 Author and naturalist Christopher Angus profiles for the first time the adventurous life of Clarence Petty one of the great pioneer conservationists of the Adirondack Mountain region of New York State Raised in the heart of the Adirondack wilderness between Tupper and Saranac Lakes Petty overcame his humble beginnings and pursued a variety of careers as wilderness guide forester Civilian Conservation Corps camp director World War II pilot district ranger and aerial forest fire fighter ultimately leaving his indelible mark as a lifelong advocate for the protection of the wilderness The story of Petty s life reads like a Horatio Alger novel His father moved to the mountains in the 1880s to work as a guide His mother was a cook for one of the popular sportsmen s hotels in the area Young Clarence and his brothers enjoyed the kind of childhood freedom and independence that today s youngsters can only dream about Their father s sense of self reliance and their mother s drive to educate her sons led all three to attend college Clarence followed a path of service to the American landscape His influence on state policy regarding the Adirondack Park and especially its millions of acres of wilderness has been profound His life story provides a window into the politics of conservation in the Adirondack region from the early days of the twentieth century to the present

Exposing the Wilderness

Robert Bogdan,1999-10-01 Robert Bogdan combines a richly descriptive text with striking illustrations to create vivid biographical sketches of these pioneer photographers who worked their individual styles to illuminate six different regions of the Adirondack Mountains The book also provides insight into the popular culture of the times mainly through postcards but it also takes an in depth look at the families and work lives of these artisans as they plied their trade in the popular venue of commercial postcards Aside from the Adirondack locals and a few postcard connoisseurs the gifted folk artists and craftspeople profiled here were virtually unknown until now Bogdan has collected nearly 250 illustrations including postcards and photographs depicting Adirondack
