E. Smyth, 2010-01-01 Edna Ferber's *Hollywood* reveals one of the most influential artistic relationships of the twentieth century the four decade partnership between historical novelist Edna Ferber and the Hollywood studios Ferber was one of America's most controversial popular historians a writer whose uniquely feminist multiracial view of the national past deliberately clashed with traditional narratives of white masculine power Hollywood paid premium sums to adapt her novels creating some of the most memorable films of the studio era among them *Show Boat* *Cimarron* and *Giant* Her historical fiction resonated with Hollywood's interest in prestigious historical filmmaking aimed principally but not exclusively at female audiences In *Edna Ferber's Hollywood* J. E. Smyth explores the research writing marketing reception and production histories of Hollywood's Ferber franchise Smyth tracks Ferber's working relationships with Samuel Goldwyn Leland Hayward George Stevens and James Dean her landmark contract negotiations with Warner Bros and the controversies surrounding *Giant*'s critique of Jim Crow Texas But *Edna Ferber's Hollywood* is also the study of the historical vision of an American outsider a woman a Jew a novelist with few literary pretensions an unashamed middlebrow who challenged the prescribed boundaries among gender race history and fiction In a masterful film and literary history Smyth explores how Ferber's work helped shape Hollywood's attitude toward the American past **Baltimore & the Chesapeake Bay** Barbara Radcliffe Rogers, Stillman D. modernist exile has long been spotlighted little attention has been given to the material meaning of this condition What things and objects do modernism s exiles and emigres carry with them and how does the act of carriage enter into the modernist picture more broadly What are the implications and historical resonances of a portable outlook particularly from the angles of gender wartime conflict and character conception Above all how far does such an outlook impact upon artistic vision Portability represents the simultaneous transportation and repudiation of domesticity and the home those key frames of reference in the nineteenth century novel This book examines the multifarious ways in which the emergence of a modern culture of portability prompts a radical if often problematic departure from Victorian architectural conceptions of fiction towards more movable understandings of form and character **Works** Robert Louis Stevenson,1920
