Channel scientific reports and findings and much much more Various documentaries and reality television shows have all superficially tackled the subject but Nick Redfern presents a truly complete and comprehensive look at cryptid primates It is a richly researched reference overflowing with fascinating information to make readers think and reconsider their next camping trip

The Best of Sasquatch Bigfoot John Green,2004 Combined works of John Green s two best selling titles *On the Track of the Sasquatch* and *Encounters with Bigfoot* Includes New material surrounding the recent controversies of the claims of fraud by Ray Wallace and others *The Best of Sasquatch Bigfoot* combines legendary Sasquatch Researcher John Green s two best selling titles *On the Track of the Sasquatch* and *Encounters with Bigfoot* This 144 page title includes all the original photos and information of his original titles with an additional 16 pages of new material surrounding the recent controversies of the claims of fraud by Ray Wallace and others John Green is the pre eminent authority on the fascinating question of whether mankind shares North America with another upright walking primate having researched the subject for more than 40 years and assembled a file of more than 4 000 reports Having been a newspaperman of more than 30 years experience he is uniquely qualified to be the chronicler of the investigation as well as one of the leading participants His previous books have sold close to 200 000 copies

The Locals Thom Powell,2003 Bigfoots ARE The Locals They live here They were here before we humans showed up on the continent and they will likely outlast us This is a bigfoot book yet it probes much deeper than a simple treatment of the hackneyed question of Does Bigfoot Exist This book delves into such questions as why bigfoots exist why they behave as they do and why they have not yet been and may never be dragged into the spotlight of science and the media And don t look to science for answers because science is currently unequipped to shed any light on this profound anthropological mystery The author s personal experiences in investigation and experimentation of the bigfoot hypothesis are chronicled Frightening and humorous personal experiences are detailed in the manner of the genre we know of as the bigfoot book We have a lot to learn about The Locals and there is even more we could learn from The Locals

In Search of Giants Thomas Steenburg,2000 The puzzle of Bigfoot has been ongoing since the first white men settled the West and heard stories from the Native population about strange and elusive large hairy creatures These stories have endured to present day and eyewitnesses continue to come forward Unfortunately no hard physical evidence has been produced *In Search of Giants* gives accounts of sightings that have occurred over the last twenty years throughout western Canada and the US Many of these encounters have never been written about before and all offer insight into this lasting mystery This book is sure to interest and intrigue even the most skeptical
