Sasquatch Hunt:

Sasquatch Hunt J.R. Roberts, *Bigfoot* Joshua Blu Buhs, 2009-08-01 Last August two men in rural Georgia announced that they had killed Bigfoot The claim drew instant feverish attention leading to more than 1 000 news stories worldwide despite the fact that nearly everyone knew it was a hoax Though Bigfoot may not exist there s no denying Bigfoot mania With *Bigfoot* Joshua Blu Buhs traces the wild and woolly story of America s favorite homegrown monster He begins with nineteenth century accounts of wildmen roaming the forests of America treks to the Himalayas to reckon with the Abominable Snowman then takes us to northern California in 1958 when reports of a hairy hominid loping through remote woodlands marked Bigfoot s emergence as a modern marvel Buhs delves deeply into the trove of lore and misinformation that has sprung up around Bigfoot in the ensuing half century We meet charlatans pseudo scientists and dedicated hunters of the beast and with Buhs as our guide the focus is always less on evaluating their claims than on understanding why Bigfoot has inspired all this drama and devotion in the first place What does our fascination with this monster say about our modern relationship to wilderness individuality class consumerism and the media Writing with a scientist s skepticism but an enthusiast s deep engagement Buhs invests the story of Bigfoot with the detail and power of a novel offering the definitive take on this elusive beast

Sasquatch Central Michael Quast, 2021-11-19 I have been a Bigfoot researcher in the state of Minnesota for over 30 years dedicated to the pursuit of a giant hairy upright walking manlike or apelike creature that keeps being encountered by scores of people year after year but has even more people scoffing and insisting that it can not and does not exist What a surprise it was near the end of 2019 to find that there was a place in Minnesota a three hours drive from my home in the city of Moorhead sister city to Fargo North Dakota where there was reported to be a consistent and perhaps even permanent Bigfoot presence within a few square miles of private property Hands down it quickly became the single most intense Bigfoot case I have ever investigated This is the story of my first hand experiences interviews with witnesses and subsequent research that would follow from these encounters

Abominable Science! Daniel Loxton, Donald R. Prothero, 2013-08-06 A sharp analysis of the quest for unreal critters: cryptids, as they are called, and the people who pursue them. Entertaining and thoroughly documented. *The Wall Street Journal*. Throughout our history, humans have been captivated by mythic beasts and legendary creatures. Tales of Bigfoot, the Yeti, and the Loch Ness monster are part of our collective experience. Now comes a book from two dedicated investigators that explores and elucidates the fascinating world of cryptozoology. Daniel Loxton and Donald R. Prothero have written an entertaining, educational, and definitive text on cryptids, presenting the arguments both for and against their existence and systematically challenging the pseudoscience that perpetuates their myths. After examining the nature of science and pseudoscience and their relation to cryptozoology, Loxton and Prothero take on Bigfoot, the Yeti, or Abominable Snowman, and its cross-cultural incarnations, the Loch Ness monster and its highly publicized sightings, the evolution of the Great Sea Serpent and Mokele Mbembe, or the Congo dinosaur. They conclude with an analysis of the psychology behind the persistent belief in paranormal phenomena, identifying the major players in cryptozoology, discussing the character of its subculture, and considering the challenge it poses to clear and critical thinking in our increasingly complex world. As valuable for its analysis of the hunted as it is for the light it shines on the still hopeful hunters. Publishers Weekly. Highly recommended for readers looking for scientific but accessible evaluations of the existence of five notable cryptids that have captured our imaginations.
