Christ and the Maya Calendar Kevin Dann, 2009-03 Cosmic Christianity describes the relationship between the earthly and supra earthly cosmic worlds by showing the relationship between the cosmos as expressed in the movements of the stars and the activities of Christ during his three years of ministry on Earth The gesture of each astrological planet during those years is worked out and correlated with specific acts of the Christ as recorded in the Gospels The apparent looping movements of Mercury for example are connected with the seven signs of St John s gospel The author goes on to explore the many ways in which these healing acts which have been inscribed in the heavens continue to work in evolution through the events of history and through our individual human lives By studying this we begin to understand our responsibility for developing the new Christian mysteries and consequently renewing the starry cosmos Sucher presents a real foundation for modern star wisdom Topics include the evolution of cosmology the origins of the planetary symbols our new relationship to the stars as revealed in human lives and historical events and the role of the Archangel Michael in our individual relationship to the stars This is an excellent place to begin one s study of the stars and their meaning for both our individual lives and for the world

books are not fictional novels they are spiritually uplifting with inspired biblical dogma from Genesis to Revelation Informative principle of doctrines specify by divine authority as incontrovertibly true Divinity Ev. Paul Mukendi,2017-05-31 No book has ever attempted to deal with the subject of divinity in its entirety Here at long last is a comprehensive book dealing with divine beings in its complexity It provides the reader with accurate and insightful knowledge concerning the concept of divinity The author gives a clear explanation of the Triune nature of God God is one being manifest and existing in three distinct identities or persons which is further discussed as being comparable with the makeup of a human being God shares his divine nature with spiritual beings in the heavens with angels and on earth with humankind The divine nature of God resides in all spirits Therefore men have Gods nature in their spirits they can communicate with and receive the things of the spiritual realm Through sin humanity has lost the nature of God for all have sinned and fall short of the glory of God The purpose of the Bible is to spiritualize humankind because we have fallen short of the glory of God The broad focus of this book is to bring as many believers to a stage of maturity in the knowledge of Christ

"In the Beginning ..." John R. Rice,2000-08 The Satanic Kerygma LCFNS,2023-06-03 The Satanic Kerygma The Mystery of Godlessness Man created the gods in his own image he is called upon to discover and understand this knowledge However while still searching for a higher power he discovers certain clues leading to himself These are the first hallmarks of Satanic doubt after some time these hallmarks nurtured transform into coherent and convincing arguments that allow one to reach the true certainty that there is no god outside The starting point of these marks leading to Satan is nature the material world the cold and life hostile and indifferent universe the natural instincts the life and death struggle for survival inherent in the only true material reality and finally the only true life itself in flesh and blood until death and man himself whose ape like ancestors had the eyes of wild animals The Proclamation of Satan The recognition of the truth about Satan is at first limited and the vocabulary with which we want to describe the power and knowledge we begin to experience within ourselves is also limited We can only describe the presence that awakens within us as an animal consciousness of the whole natural world temporarily according to our human way of knowing and thinking All organisms carry within them a sinful nature especially man created in the image and likeness of animals The diverse characteristics of organisms unconscious instincts apparent cruelty often bizarre appearance to help them survive reflect the intelligence of the natural world Therefore we can determine the truth about the nature of things from the characteristics of organisms Man is intellectually superior to all organisms And the disturbing presence that some will discover in themselves surpasses human understanding at first Human words at first remain inadequate in the face of the mystery of Satan *The Medieval Popular Bible* Brian Murdoch,2003 The presentation the use and the possible reception of the book of Genesis to lay audience largely unable to read the original texts What was meant by the medieval popular Bible what was presented as biblical narrative to an audience largely unable to read the original biblical texts Presentations in the vernacular languages of Europe of supposedly biblicalepisodes were

more often than not expanded and interpreted sometimes very considerably This book looks at the presentation the use and the possible lay reception of the book of Genesis using as wide a range of medieval genres and vernaculars as possible on a comparative basis down to the Reformation Literatures taken into consideration include Irish Cornish English French High and Low German Spanish Italian and others Genesis was an important book and the focus is on those narrative high points which lend themselves most particularly it is never exclusive to literal expansion even though allegory can also work backwards into the literal narrative Starting with the devil in paradise who is not biblical the book examines what Adam and Eve did afterwards who killed Cain what happened in the flood or at the tower of Babel and ends with a consideration of the careers of Jacob and Joseph The book is based on the Speaker's Lectures given in 2002 in the University of Oxford BRIAN MURDOCH is Professor of German at the University of Stirling

When Sex Was Religion Larry Falls, 2010 Evidence of the connection between sex and religion can be found in fertility cults in all nations of the past When Sex Was Religion takes a comprehensive look at how sexual practices were originally considered a religion before the introduction of Christianity Dr Larry Falls a registered clinical sexologist specializing in sexual abuse trauma and emotional health spent five years traveling throughout the United States Canada and Europe learning about different religions cultural history and sexual behavior while working on his doctoral thesis In his fascinating exploration into the beginning of human reason and the birth of religious thought includes the importance of reproduction virgins and temple prostitutes the original meaning of the cross Devil worship witches Sabbath and the curse of the evil eye Dr Falls also proves that the Kama Sutra an ancient Hindu religious narrative about pleasure love and sexuality was really a Bible designed for the purpose of teaching others to gain favor from the gods by engaging in sexual intercourse Dr Falls examination into sex worship demonstrates that phallic reverence was not only a religion but also a cause for dominance and sexual exploitation that to this day remains part of our social structure

If Jesus Could Not Save Himself, How Would He Save Me? Julián Segura Camacho, 2012-09-11 As the country recognizes the 101st birthday of former President Ronald Reagan this memoir offers insight into a local Anglo Protestant community in Westchester California that was but one grain of sand in a sea of change that led to the Reagan Revolution In the early 1980s this cohort of Anglo Protestants reached out to neighborhood youngsters in a dedicated attempt to save them from hell Julian Segura Camacho a Mexican American teenager living in California at the time soon found himself attending an all white church primarily upper class but still sprinkled with less fortunate ones This Assembly of God church became a family and much like any relationship Camacho found pleasure and anguish as different personalities played themselves out As a member of this communal religious and racialized space Camacho was able to see firsthand how the Reagan Revolution attracted those who felt the US was becoming too secular Yet this book is not political it is simply a story of a Mexican American boy engaged in a seven year routine of bible study youth and boy scout activities and camping trips along with sermons about the coming of Christ and the evils of Darwinism

The Serpent's Lie Miguel A. Valemburn Jr., It started with a lie the fall of our ancestors The serpent said their eyes would be opened and they would be as gods but death came instead just as the Creator had warned Thousands of years later in the time we call Now human beings have forgotten their origin Our spirits beckon us to seek the truth and confront our past To do so we must time travel to the very beginning and discover the lie that shaped the reality we now know The Serpent s Lie was written for anyone who wants to better understand the Biblical book of Genesis It presents the accounts of Genesis in a thought provoking way showing how
