

Satanism: Psychiatric and Legal Views

MARVIN W. ACKLIN, Ph.D., Honolulu, Hawaii

American Journal of Psychiatry, 158, 6, June 2001, pp. 981-981.

In an age of irremediable secularization (1), the mythical roots of the religious and psychopathological imagination are nowhere more obvious than in the phenomenon of satanism. Despite widespread skepticism about the continuing truth value of Christian mythology, the role and influence of the devil continues to be felt throughout contemporary society. A substantial psychopathological literature focused on satanism exists. The 1980s saw the proliferation of beliefs about satanic practices, including satanic ritual abuse. The reality of satanism and satanic ritual abuse has been vigorously debated. Some have described a moral crusade (or panic) against satanism. The attraction of Satan, in association with Gothic and other nihilistic beliefs, exercises a peculiarly powerful influence on alienated and rebellious adolescent males (2).

Reflecting the pervasive influence of the occult and associated New Age philosophies, the general public continues to be mesmerized by satanism, ritual abuse (including satanic day-care centers, sexual debauchery, sacrificial murder, cannibalism, and infanticide), satanic influences in rock and roll music, and alien abduction. Some fully accept the authenticity of cult abuse. For example, one psychiatrist (3) noted that the methods employed by "pedophiles and sexual abusers" in ritual occult abuse produce "people with programmable multiple personalities." Others point to the role of Fundamentalist religion, mass hysteria, use of hypnotically based memory recovery techniques, the role of the mass media (4), and repressed collective rage and fear in the social construction of satanic cult crime (5, 6). An extremely interesting document published by a special agent at the Federal Bureau of Investigation Behavioral Science Unit (7) reported that in more than 12,000 investigated cases involving allegations of satanic ritual abuse, no evidence to support the accusations has ever been found.

Satanism: Psychiatric and Legal Views, written by a psychiatrist and a legal scholar, provides a concise overview of myths, cults, and beliefs about the devil, placing the issues into cultural, historical, and psychopathological contexts. Chapter titles include: "Myths, Cults, and Culture," "The Birth of the Devil," "God Versus Satan," "Children in Satanic Rituals," "Juvenile Satanism," "Satanism and Criminal Law," "The Satanist as Criminal," and "Psychiatric Views of Satanism." The book is fascinating reading for those interested in the twisted recesses of the pathological and religious imagination. The authors maintain a middle-of-the-road, balanced perspective, elucidating the phenomena and their power but commenting on the psychiatric and legal aspects. The religious and psychopathological literature on satanism is reasonably well covered. The book should be of interest to those mental health

Satanism Psychiatric And Legal Views

Joseph Klaitz

Satanism Psychiatric And Legal Views:

Satanism George B. Palermo, Michele Claudio Del Re, 1999 *The Realities of Witchcraft and Popular Magic in Early Modern Europe* E. Bever, 2008-06-11 Exploring the elements of reality in early modern witchcraft and popular magic through a combination of detailed archival research and broad ranging interdisciplinary analyses this book complements and challenges existing scholarship and offers unique insights into this murky aspect of early modern history **Satanism** Tamara L. Roleff, 2002 Authors examine whether Satanism is a dangerous new cult to be feared or whether a few publicized event have been exaggerated out of proportion to their seriousness and extent **Vínculos diabólicos** José Alejandro Silberstein, 2020-09-25 El mal ha sido un compa ero obligado desde los tiempos que llamamos primitivos palabra de la que los seres humanos disfrutamos al utilizarla porque nos permite definirnos como modernos o civilizados sin haber tenido que realizar un gran esfuerzo para obtener esa clasificaci n Sin duda su representante leg timo es el Demonio que se ocupa de manifestarlo organizando los v nculos diab licos Las Sagradas Escrituras San Agust n Ratzinger Sigmund Freud Melanie Klein Wilfred Bion y James Grotstein desde distintos v rtices o perspectivas coinciden en la existencia de poderosas fuerzas destructivas y malevolentes utilizadas al servicio dela humillaci n el da o y la eliminaci n del semejante Es as que los distintos puntos de vista teol gico filoso fico psicoanal tico confluyen en la frase que Milton pone en boca de Satan s Mal s t mi bien Esta frase es el n cleo central de la interacci n diab lica donde el asesino serial quiz s sea el referente emblem tico de la misma porque antes de llegar al homicidio disfruta ante el terror de su v ctima Aunque los nazis tambi n sent an algo similar En este libro el autor intenta una tarea que no es f cil pero que mereci ser intentada pensar a la maldad desde perspectivas diferentes aunque el n cleo central de los marcos te ricos es el psicoan lisis fundamentalmente en su tradici n kleiniana y particularmente bioniana *Religion and Violence* Jeffrey Ian Ross, 2015-03-04 First Published in 2015 Daily newspaper headlines talk radio and cable television broadcasts and Internet news web sites continuously highlight the relationship between religion and violence These media contain stories about such diverse incidents as suicide attacks by Islamic fundamentalists in Afghanistan Iraq Israel Pakistan and elsewhere and assassinations of doctors who perform abortions by white American Christian true believers in the United States How does one make sense of the role of religion in violence and of perpetrators of violence who cite religion as a motivation This encyclopedia includes a wide range of entries biographies of key figures historical events religious groups countries and regions where religion and violence have intersected and practices rituals and processes of religious violence The American Journal of Psychiatry ,2001-10 **Current Publications in Legal and Related Fields** ,2000 **The Ritual Abuse Controversy** Mary de Young, 2002-05-13 The ritual abuse of children is the most controversial issue in the child maltreatment field but much of what has been written about ritual abuse over the past twenty years is in the form of unpublished and endlessly reproduced stuff a curious mixture of conjecture folkloric and pop culture representations of satanism devil worship occultism and witchcraft and Christian

Fundamentalist images of premillennarian evil What remains after this stuff is excluded is an intriguing body of international literature that seriously examines the controversy This annotated bibliography dissects the literature objectively and thoroughly annotates published articles books and reports legal opinions and occasionally thought provoking newspaper and magazine articles Chapters deal with the definition of ritual abuse ritual abuse cases in the United States cases in American families and neighborhoods cases in Canada Europe and Australasia clinical features of ritual abuse in children and adults the controversy s impact on professionals and systems the controversy and American law ritual abuse reports and narratives and anthropological folkloric and sociological perspectives *Adolescence* ,2000 *Demonology and Witchcraft* Jean-Pierre Coumont,2004 Extensive bibliography on demonology and witchcraft systematically describing all materials including books monographs conference reports and doctoral dissertations covering these subjects subjects from the 15th century to the 21st century 5000 entries and indices on author subject and anonymous works 320 b w illustrations of title pages *Legal Issues in Mental Health Care* B.A. Weiner,R. Wettstein,2013-06-29 I OVERVIEW Legal Issues in Mental Health Care is aimed at the mental health clinician who provides services on either an inpatient or an outpatient basis It is written for psychiatrists psychologists social workers nurses and other therapists to help them understand and manage legal issues in their daily practice The issues covered apply to therapists who work for an agency or hospital as weil as those who work independently The book is meant to serve as a handbook but it also provides a quick resource as legal questions arise which are related to the obligations of the therapist It ad dresses the legal issues that confront the clinician It is not aimed at the clinicianwho specializes in forensie mental health issues because the information provided does not reach that level of detail or sophistication Nor is it aimed at the scholar because our goal is to provide practical information in a clear and concise format Wehave not addressed the wide array of laws protecting the mentally disabled from discrinnina tion most notably the Americans with Disabilities Act 1990 and the Fair Housing Act Most states also have laws that prohibit discrimination in employment services and housing These issues are beyond the scope of this book because we are address ing the legal issues that arise in providing care rather than the rights of mentally disabled persons 11 ORGANIZATION OF THE BOOK The book consists of eleven chapters and a Glossary of Legal Terms **Ethical and Legal Issues for Mental Health Professionals** Steven F Bucky,Joanne E Callan,George Stricker,2011-04-12 Get crucial ethical and clinical knowledge as it relates to the legal system Ethical and Legal Issues for Mental Health Professionals in Forensic Settings comprehensively focuses on the integration of ethical legal and clinical issues for practicing mental health professionals dealing with legal processes in forensic settings This unique text is organized around the most current ethical and legal standards as defined by the mental health professionals of psychology social work marriage and family therapy and psychiatry Respected well known authorities with diverse backgrounds expertise and professional experience offer a far reaching discussion of ethical and legal issues important for every mental health professional to know Practicing clinicians

increasingly find themselves needing to deal with the legal system about a multitude of issues Ethical and Legal Issues for Mental Health Professionals in Forensic Settings not only presents mental health professionals but also attorneys who defend mental health professionals providing legal and ethical discussions of importance to the field This powerful resource provides up to date crucial knowledge for graduate students and clinicians alike The final book in the three volume series will focus on special populations special treatment modalities Topics in Ethical and Legal Issues for Mental Health Professionals in Forensic Settings include the discovery process depositions personal injury evaluations various types of witness preparation for court testimony psychological evaluations juvenile court dependency forensic evaluations dealing with litigation with civil lawsuits tests that relate to false memories of trauma APA s Ethics Committee process and State Ethics Committees processes Ethical and Legal Issues for Mental Health Professionals in Forensic Settings is an essential text for all mental health professionals including psychologists psychiatrists social workers counselors therapists and graduate students in mental health and related fields

Mental Disability Issues in the Criminal Justice System Harlow M. Huckabee,2000 This handbook guides non lawyers in how to handle mental disability issues in criminal justice systems The first chapter identifies the mental disability issues These include the insanity defense the defense of diminished capacity the verdict of guilty but mentally ill competency to stand trial and violence prediction The second chapter examines who evaluates the issues namely law enforcement agencies prosecutors defense attorneys juries and judges The third chapter explains how mental disability issues are evaluated This includes discussions on shopping for experts psychiatrists or psychologists the development of lay evidence the development of mental disability history and briefing the experts before they render opinions The latter discussion focuses on lay evidence mental disability history facts and circumstances involved in the crime the crime charged legal elements including intent insanity defense and any diminished capacity concept in the jurisdiction the legal definition of guilty but mentally ill and the legal definition of competency to stand trial The concluding chapter addresses when the issues are evaluated The decision making points in case processing are pre indictment pretrial preparation the trial post trial and the preparation of appeals

Fundamentals of Criminal Justice Steven Barkan,George J. Bryjak,2011-01-28 The criminal justice system is a key social institution pertinent to the lives of citizens everywhere Fundamentals of Criminal Justice A Sociological View Second Edition provides a unique social context to explore and explain the nature impact and significance of the criminal justice system in everyday life This introductory text examines important sociological issues including class race and gender inequality social control and organizational structure and function

Servants of Satan Joseph Klaitz,1987-02-22 How the persecution of witches reflected the darker side of the central social political and cultural developments of the sixteenth and seventeenth centuries This is the first book to consider the general course and significance of the European witch craze of the sixteenth and seventeenth centuries since H R Trevor Roper s classic and pioneering study appeared some fifteen years ago Drawing upon the advances in historical and social

science scholarship of the past decade and a half Joseph Klaitz integrates the recent appreciations of witchcraft in regional studies the history of popular culture anthropology sociology and psychology to better illuminate the place of witch hunting in the context of social political economic and religious change In all Klaitz has done a good job Avoiding the scandalous and sensational he has maintained throughout with sensitivity and economy an awareness of the uniqueness of the theories and persecutions that have fascinated scholars now for two decades and are unlikely to lose their appeal in the foreseeable future American Historical Review This is a commendable synthesis whose time has come fascinating The Sixteenth Century Journal Comprehensive and clearly written An excellent book Choice Impeccable research and interpretation stand behind this scholarly but not stultifying account Booklist A good solid general treatment Erik Midelfort C Julian Bishko Professor Emeritus of History and Religious Studies University of Virginia A well written easy to read book and the bibliography is a good source of secondary materials for further reading Journal of American Folklore *Criminal Justice*, 2000 **The Day Care Ritual Abuse Moral Panic** Mary de Young, 2004-02-23 In the United States during the early 1980s hundreds of day care providers were accused of sexually abusing their young charges in satanic rituals that included blood drinking cannibalism and human sacrifice The panic surrounding the ritual abuse of children has spread quickly to Canada Europe and Australasia and its rapid dispersion has been unimpeded by international investigations that found no evidence to corroborate the allegations and warned that a moral panic was thrusting them into professional public attention This work is a sociologically based analysis of the day care ritual abuse panic in America It introduces the concept of moral panic and analyzes its relevance to the ritual abuse scare explores the ideological political economic and professional forces that fomented the panic discusses the McMartin Preschool case as the incident that brought attention to satanic menaces and children and examines the dialect between the various interest groups that stirred up and spread the moral panic and the day care providers accused of ritual abuse Also covered are the popular culture representations of day care ritual abuse the diffusion of the scare to areas overseas the institutionally symbolic and ideologically contradictory social ends of the panic and the outcomes of the panic in various settings The book ends with a discussion of moral panic theory and how it needs to be changed for a complex multi mediated postmodern culture and what lessons can be learned from the scare *Forensic Psychiatry* John Gunn, Pamela Taylor, 2014-01-06 Highly Commended BMA Medical Book Awards 2014 Comprehensive and erudite Forensic Psychiatry Clinical Legal and Ethical Issues Second Edition is a practical guide to the psychiatry of offenders victims and survivors of crime This landmark publication has been completely updated but retains all the features that made the first edition such a well established text It integrates the clinical legal and ethical aspects of forensic psychiatry with contributions from internationally regarded experts from a range of clinical professions The Second Edition features updates to all current chapters and several new chapters that explore The genetics of antisocial behavior Disorders of brain structure and function that relate to crime Offenders with intellectual disabilities Older people and the criminal

justice system Deviant and mentally ill staff Although the book focuses on jurisdictions in the UK a substantial comparative chapter written by an international group from all five continents explores the different philosophies legal principles and style of services elsewhere This book is an essential reference for specialists and postgraduate trainees in forensic psychiatry but also for general psychiatrists and clinical and forensic psychologists It is also an invaluable resource for other forensic mental health professionals including nurses social workers occupational therapists probation service staff police attorneys criminologists and sociologists

Legal Insanity: Explorations in Psychiatry, Law, and Ethics Gerben

Meynen,2016-11-08 This book examines core issues related to legal insanity integrating perspectives from psychiatry law and ethics Various criteria for insanity are analyzed and recommendations for forensic psychiatric and legal practice are offered Many legal systems have an insanity defense in one form or another Still it remains unclear exactly when and why mental disorders affect a person s moral or criminal responsibility Questions addressed in this book include Why should insanity be a component of our legal system What should be the criteria for an insanity defense What would be the reasons for abolishing it Who should bear the burden of proof Furthermore the book discusses the impact neurosciences may have on psychiatric and psychological evaluations of defendants as well as on legal decisions about insanity
