A Satire Against Mankind and Other Poems. Edited by Harry Levin John Wilmot Earl of Rochester, Harry Levin, 1942 *The Twickenham Edition of the Poems of Alexander Pope* Maynard Mack, Butt John, 2004-01-14 Index to The Twickenham Edition of the Poems of Alexander Pope which has remained the standard edition for more than a generation This exhaustive index allows easy access to the individual poems and people and places of the period making this an essential source for anyone studying eighteenth century literature or eighteenth century studies To Be As God R. J. Rushdoony, 2003 This monumental work is a series of essays on the influential thinkers and ideas in modern times The author begins with De Sade who self consciously broke with any Christian basis for morality and law Enlightenment thinking began with nature as the only reality and Christianity was reduced to one option among many It was then in turn attacked as anti democratic and anti freedom for its dogmatic assertion of the supernatural Literary figures such as Shelly Byron Whitman and more are also examined for the Enlightenment presented both the intellectual and the artist as replacement for the theologian and his church Ideas such as the spirit of the age truth reason Romanticism persona and Gnosticism are related to the desire to negate God and Christian ethics Reading this book will help you understand the need to avoid the syncretistic blending of humanistic philosophy with the Christian faith Selected Poems of Wilmot of Rochester, 2013-03-14 If I by miracle can be This livelong minute true to thee Tis all that heav n allows The Earl of Rochester was England s first celebrity poet a byword for the theatricality licentiousness and scepticism of the Restoration age But his scandalous reputation belies the variety and sophistication of his work his love poems set new standards not only of sexual explicitness but also of psychological acuity and lyric grace while his satires broke new ground as much by the refinement of their ironies as in the brutality of their invective A fascinatingly contradictory figure Rochester emerges more clearly than ever from this new edition the first selection of his work in modern spelling to take account of recent revolutionary advances in textual scholarship It includes only poems now securely attributed to the poet in texts based not on the posthumous and unreliable

printed editions but on the most authoritative manuscripts which circulated in his lifetime ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *Rochester and Other Literary Rakes of the Court of Charles II*. Thomas Longueville,1903

Restoration and Eighteenth-Century Poetry 1660-1780 (Routledge Revivals) Eric Rothstein,2014-10-10

Restoration and Eighteenth Century Poetry 1660 1780 originally published in 1981 considers poetry written between 1660 and 1780 a period which although largely recovered from its nineteenth century reputation still attracts widely varying critical responses Abandoning the old labels such as neoclassicism romanticism and sensibility the author focuses on descriptions of genres and their formal elements and traces the broader patterns of literary and historical change running through the period Eric Rothstein describes different poetic modes panegyric satire pastoral and topographical poetry the epistle and the ode to suggest their aesthetical possibilities as well as their process of change He also considers style and the uses of the past topics which have often caused particular problems for the students of the period What becomes clear is the extraordinary originality flexibility and power with which Restoration and eighteenth century poets handles the stylistic assumptions and the body of poems they inherited and employed in their own works *The Literary History of England* Donald F. Bond,G. Sherburn,2003-09-02 The paperback edition in four volumes of this standard work will make it readily available to students The scope of the work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time Reviewing the first edition The Times Literary Supplement commented in inclusiveness and in judgment it has few rivals of its kind This third volume covers the Restoration and the Eighteenth Century 1660 1789 and is co authored by George Sherburn and Donald F Bond both at the University of Chicago **The American Cyclopaedia** George Ripley,Charles Anderson Dana,1883 **The American Cyclopædia** George Ripley,Charles Anderson Dana,1873 *Dictionary of National Biography* Leslie Stephen,Sir Sidney Lee,1900 *Rochester and other literary rakes of the court of Charles ii, by the author of 'The life of sir Kenelm Digby'*. Thomas Longueville,1902 *The New Mexico Quarterly* ,1943 *History of English Literature (Vol. 1-3)* Hippolyte Taine,2023-12-23 Hippolyte Taine's History of English Literature Volumes 1 3 stands as a seminal work that intricately weaves together literary analysis and cultural criticism offering a comprehensive exploration of the evolution of English literature from its origins to the 19th century Taine employs a meticulous approach utilizing a blend of psychological sociological and environmental factors to elucidate the influences shaping literary movements His writing style rich in erudition and clarity invites readers to appreciate the interplay between literature and the social fabric of its time drawing connections between pivotal texts and the historical circumstances of their creation Taine a prominent figure in 19th century literary criticism was influenced by the intellectual

currents of positivism and empiricism His background in philosophy and keen interest in the sciences informed his belief that literature is an expression of the collective psyche of a society His travels and encounters with various literary forms further fueled his desire to analyze the intrinsic link between culture and literature leading to the inception of this monumental work History of English Literature is an indispensable resource for scholars students and casual readers alike who seek to deepen their understanding of literary development and its contextual underpinnings Taine s profound insights not only enrich the appreciation of English literary heritage but also provoke thoughtful reflection on how literature mirrors the human experience across time *A Martyr for Sin* Kirk Combe,1998 In other words many if not all of Rochester s writings work to debunk particular truth producing mechanisms of Charles s court unmask certain affectations of the luminaries of Whitehall and expose to ridicule a range of patrician social and literary practices Combe takes all such activities to be political in nature **The New Mexico Quarterly Review** ,1943 English Satire James Sutherland,1962-01-02 Professor Sutherland s Clark Lectures begin with a definition of satire distinguishing it from comedy and emphasising the special qualities of the satirical author s motives and his participation in and enjoyment of the use of his talent He then discusses primitive and popular forms and there follow four chapters in satire in verse in prose in the novel and in the theatre Each is historical ranging from the beginnings of modern English literature to Shaw and Orwell Due consideration is given to classical and medieval traditions but the real core of the argument is an analysis of the great English satirists their standpoint style and method with ample and enjoyable quotation Dryden Swift and Pope are given the most attention but in each chapter Professor Sutherland touches on a number of topics and authors including Fielding Austen Peacock Dickens and Thackeray A valuable unified account of the nature and resources of satire and the achievements of English satirists **Lectures on Art** Taine,1875
