The Theology of Paul in Three Dimensions Richard H. Bell,2022-09-29 Paul of Tarsus the Pharisee who tried to destroy the church of God experienced a conversion to faith in Jesus Christ that was to turn his life upside down and lead to his becoming one of the greatest missionaries and theologians of all time His theology is highly controversial and has both inspired and appalled his listeners Richard Bell presents the major themes in Paul s theology and also asks what he got right what he got wrong and what in his theology needs reinterpreting for the twenty first century The book thereby shows the ongoing relevance of Paul s thought for today To accompany this volume a website of music designed to add an experiential dimension in discovering Paul s message for the world can be found at richardhbell co uk **The Theology of Paul's**

Letter to the Galatians James D. G. Dunn,1993-09-09 Paul s Letter to the Galatians is one of the fiercest and most polemical writings in the Bible That is what makes it for the author of this study such an exciting document to deal with It emerges from the early days of a vigorous new movement Christianity when basic principles were first being formulated and when the whole character of the movement was at stake In the pages of Galatians we witness fundamental features of Christian theology taking shape before our eyes where the living heart of Paul s gospel is encountered For James D G Dunn there is an elemental quality about the letter to which those tired of compromising half truths are drawn when they feel the impulse to return to first principles This book which benefits from this perspective on Paul explains more clearly than hitherto both the issues which confronted Paul and the powerful theological arguments he brought to bear in response and casts light on a document still capable of shaping lives and theology today *A Guide to Biblical Commentaries and Reference Works, 11th Edition* John F. Evans,2025-01-21 A Guide to Biblical Commentaries and Reference Works 11th Edition by John F Evans summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible

Longenecker, 2014-09-09 The study of Paul and his letters can be exciting challenging and life changing but only if it is done well and only if students achieve more than a basic familiarity with the subject This is exactly what Pauline experts Bruce W Longenecker and Todd D Still accomplish with their new textbook aimed at college and seminary level courses on Paul and his writings Longenecker and Still bring decades of study and expertise to Thinking through Paul challenging readers to delve deeply into Paul s writings and wrestle with his richly layered and dynamic theological discourse Seeking to situate their study of the Apostle in proper perspective Longenecker and Still first look at Paul s life before and after his encounter with the risen Christ en route to Damascus then examine each of Paul s letters individually and finally synthesize the Pauline writings to highlight the main strands of Paul s theologizing all the while keeping in mind the particular context of first century Christianity Filled with images maps charts and questions for further study and discussion Thinking through Paul is both engaging and easy to follow making it the perfect choice for classrooms and for interested readers

A Guide to Biblical Commentaries and Reference Works John F. Imagine Paul G. Roger Greene, 2024-10-17 Can the real Paul the apostle live again in a postmodern technological age Paul s ministry stood at the very headwaters of the Christian gospel surrounding Jesus of Nazareth His letters are the earliest documents contained in the New Testament The current work calls upon the reader to actively engage Paul in his context rather than to affirm the assumed theological Paul of later Christian orthodoxy The reader is thus invited to walk with a more real Paul as he may be imagined from the sources we have to think Paul s thoughts with him through his letters and to more fully experience the gospel of God that Paul knew and proclaimed Paul was a man in Christ directly called by God to announce the gospel of God to both Jew and gentile in the midst of a world ruled by Rome He did so through two major campaigns rather than three missionary journeys He wrote pastoral letters to real first century churches The real Paul did not write theology but he rather proclaimed a gospel to a world in search of a soul
