Sauna Guide And Gay Bathhouses International:

Sauna Guide and Gay Bathhouses International, 2000 **Spartacus : international sauna guide and gay bathhouses**. Briand Bedford, Robin Rauch, 2002-09 *Gay Bathhouses and Public Health Policy* Diane Binson, William J Woods, 2013-09-13 Explore the impact of AIDS on the gay bathhouse culture Public health policy on bathhouses has been limited and poorly documented This book the first to be published on this timely and important topic will help you become knowledgeable about gay bathhouses Unlike most other places where men have sex in public gay bathhouses are subject to government imposed health regulations *Gay Bathhouses and Public Health Policy* examines the bathhouse environment and how it differs from other public sex environments It describes public policies that have been implemented discussing policies for HIV prevention testing and intervention issues related to civil liberties and the legal aspects of these policies This essential book also includes a fascinating chapter about other types of sex businesses bookstores theaters and sex clubs and how public policy affected them in the early years of the HIV AIDS epidemic Helpful tables and figures make the information in this well referenced book easy to access and understand From the editors From a public health perspective the baths first came to attention as a result of an exponential increase in sexually transmitted infections among men in the 1970s The spread of these infections among gay men stimulated the public health community to seek ways to combat them Although there appears to have been some mention of closing bathhouses as an approach the predominant message was to educate test and treat Of course AIDS was a different matter in a different time By early 1984 the once rare call for closure had gained a powerful voice as well as support in powerful gay circles The tension between the baths and public health that resulted from the closure debates continues to exist in some cities but there are also a number of examples of health professionals from local health departments and academic institutions who have established good relationships with owners and managers of bathhouses Today 40 of bathhouses in the United States offer HIV testing which typically requires collaboration either with the local health department or with community based organizations that run outreach HIV testing programs *Gay Bathhouses and Public Health Policy* will inform you about the unique relationship between bathhouse patrons and the environment within which they engage in sexual activities the history of gay bathhouses in the United States including their transformation from Turkish baths Russian baths public baths health resorts and spas into gay institutions the San Francisco bathhouse battles of 1984 and their impact on civil liberties AIDS awareness and health policy the legal aspects of regulating bathhouses highlighting cases from 1984 to 1995 where the government sought to close a sex facilitating business or where such a business sought to invalidate laws and ordinances banning sexual activity an uncensored 1984 report from *Coming Up* magazine on sexual activity at bathhouses how the city of Seattle designed and implemented an HIV counseling and testing program for bathhouses and more **The Color of Desire** Christopher Ewing, 2024-01-15 *The Color of Desire* tells the story of how in the aftermath of gay liberation race played a crucial role in

shaping the trajectory of queer German politics Focusing on the Federal Republic of Germany Christopher Ewing charts both the entrenchment of racisms within white queer scenes and the formation of new antiracist movements that contested overlapping marginalizations Far from being discrete political trajectories racist and antiracist politics were closely connected as activists worked across groups to develop their visions for queer politics Ewing describes not only how AIDS workers gay tourists white lesbians queer immigrants and Black feminists were connected in unexpected ways but also how they developed contradictory concerns that comprised the full landscape of queer politics Out of these connections which often exceeded the bounds of the Federal Republic arose new forms of queer fascism as well as their multiple antiracist contestations Both unsettled the appeals to national belonging or homonationalism on which many white queer activists based their claims Thus the story of the making of homonationalism is also the story of its unmaking The Color of Desire explains how the importance of racism to queer politics cannot and should not be understood without also attending to antiracism Actors worked across different groups making it difficult to chart separable political trajectories At the same time antiracist activists also used the fractures and openings in groups that were heavily invested in the logics of whiteness to formulate new antiracist organizations and albeit in constrained ways shifted queer politics more generally Spartacus International Gay Guide, 2006 *Spartacus International Sauna Guide* Briand Bedford, 2010 Gay saunas are still incredibly popular as convenient places for gay men to meet and enjoy uncomplicated sex The Spartacus International Sauna Guide lists over 800 gay saunas in over 45 countries and gives readers additional information on each location simplifying the choice of which sauna to choose and indicating when the action is at its best This indispensable guide will ensure that readers find the action when they are on their next holiday or business trip **Spartacus International Sauna Guide** Briand Bedford, 2013-02 Spartacus International Sauna Guide is a fully updated comprehensive collection of all the gay saunas worldwide Sauna fans from around the world can now have all the latest information regarding local saunas A must read for the gay traveller *Spartacus* Bruno Gmunder Verlag, 2003 The best selling travel guide on the international gay market the 32nd edition of this world famous guide contains information for 160 countries world wide with 22 000 addresses covering all areas of gay life No matter what your looking for whether it be an extravagant hotel the most popular beach or the local gay switchboard here you can find the hottest tips for your holiday plans Illustrated with city and country maps and full colour photographs *Queer Bangkok* Peter A. Jackson, 2011-03-01 The Thai capital Bangkok is the unrivalled centre of the country s gay lesbian and transgender communities These communities are among the largest in Southeast Asia and indeed in the world and have a diversity social presence and historical depth that set them apart from the queer cultures of many neighbouring societies The first years of the 21st Century have marked a significant transition moment for all of Thailand s LGBT cultures with a multidimensional expansion in the geographical extent media presence economic importance political impact social standing and cultural relevance of Thai queer communities This book analyzes the roles of the market and

media especially cinema and the Internet in these transformations and considers the ambiguous consequences that the growing commodification and mediatisation of queer lives have had for LGBT rights in Thailand A key finding is that in the early 21st Century processes of global queering are leading to a growing Asianisation of Bangkok's queer cultures This book traces Bangkok's emergence as a central focus of an expanding regional network linking gay lesbian and transgender communities in Hong Kong Singapore Taiwan Indonesia the Philippines and other rapidly developing East and Southeast Asian societies Peter A Jackson is associate professor in the School of Culture History and Language at Australian National University The myriad faces of Thai gender sexuality culture have been an attraction for both pleasure seekers and researchers scholars activists Exploring the rapidly changing LGBT cultures and Thai queer identities the essays collected here provide insightful analyses of historical continuities as well as developing variations within the highly complex erotic economic texture of Thai society A must read for anyone in the booming field of gender sexuality studies Josephine Ho Chair Professor Center for the Study of Sexualities National Central University Taiwan
