The Tempest's Roar R.A.R. Clouston, 2009-04-13 This is a story of the whales and dolphins who rule the Seven Seas and the odyssey of a white dolphin named Apollo whose destiny is to save whalekind from destruction on this planet man calls Earth but whales know as Planet Ocean Whether you choose to believe it or not humans are not the only intelligent beings on this endangered blue marble drifting silently through space for that reason Apollos story must be told lest you and your kind live on in ignorance of the complex civilization that lies beneath the waves If you dare to join him Apollo will take you into a world filled with mystery and magic mayhem and madnessa place of budding life and sudden death where the light of the sun penetrates only the upper layers leaving the rest of its vast dominions inked in eternal darkness You will find pleasure in clear sunlit shallows above rippled sandy bottoms where tiny fish zoom and zip and feel terror in deep dark cold waters where monsters dwell And when your journey is done you will never again look upon the oceans that surround you through the same eyes or think about the whales and dolphins who dwell within them with the same mind for this is a true tale of life and death and renewal that exists beyond the thin blue line that divides Apollos world from yours it is a world unlike anything you have ever known and you ignore it at your peril Moon Shadows on the Waters Aurelio S.
