The Carrot Purple and Other Curious Stories of the Food We Eat Joel S. Denker,2015-10-01 How many otherwise well educated readers know that the familiar orange carrot was once a novelty It is a little more than 400 years old Domesticated in Afghanistan in 900 AD the purple carrot in fact was the dominant variety until Dutch gardeners bred the young upstart in the seventeenth century After surveying paintings from this era in the Louvre and other museums Dutch agronomist Otto Bonga discovered this stunning transformation The story of the carrot is just one of the hidden tales this book recounts Through portraits of a wide range of foods we eat and love from artichokes to strawberries The Carrot Purple traces the path of foods from obscurity to familiarity Joel Denker explores how these edible plants were in diverse settings invested with new meaning They acquired not only culinary significance but also ceremonial medicinal and economic importance Foods were variously savored revered and reviled This entertaining history will enhance the reader's appreciation of a wide array of foods we take for granted From the carrot to the cabbage from cinnamon to coffee from the peanut to the pistachio the plants beans nuts and spices we eat have little known stories that are unearthed and served here with relish Curry Lizzie Collingham,2006-02-06 Curry serves up a delectable history of Indian cuisine ranging from the imperial kitchen of the Mughal invader Babur to the smoky cookhouse of the British Raj In this fascinating volume the first authoritative history of Indian food Lizzie Collingham reveals that almost every well known Indian dish is the product of a long history of invasion and the fusion of different food traditions We see how with the arrival of Portuguese explorers and the Mughal horde the cooking styles and ingredients of central Asia Persia and Europe came to the subcontinent where over the next four centuries they mixed with traditional Indian food to produce the popular cuisine that we know today Portuguese spice merchants for example introduced vinegar marinades and the British contributed their passion for roast meat When these new ingredients were mixed with native spices such as cardamom and black pepper they gave birth to such popular dishes as biryani jalfrezi and vindaloo In fact vindaloo is an adaptation of the Portuguese dish carne de vinho e alhos the name vindaloo a garbled pronunciation of vinho e alhos and even curry comes from the Portuguese pronunciation of an Indian word Finally

Collingham describes how Indian food has spread around the world from the curry houses of London to the railway stands of Tokyo where karee raisu curry rice is a favorite Japanese comfort food We even visit Madras Mahal the first Kosher Indian restaurant in Manhattan Richly spiced with colorful anecdotes and curious historical facts and attractively designed with 34 illustrations 5 maps and numerous recipes Curry is vivid entertaining and delicious a feast for food lovers everywhere
