The first of three volumes charting the history of the Modernist Magazine in Britain North America and Europe this collection offers the first comprehensive study of the wide and varied range of little magazines which were so instrumental in introducing the new writing and ideas that came to constitute literary and artistic modernism in the UK and Ireland In thirty seven chapters covering over eighty magazines expert contributors investigate the inner dynamics and economic and intellectual conditions that governed the life of these fugitive but vibrant publications We learn of the role of editors and sponsors the relation of the arts to contemporary philosophy and politics the effects of war and economic depression and of the survival in hard times of radical ideas and a belief in innovation The chapters are arranged according to historical themes with accompanying contextual introductions and include studies of the New Age Blast the Egoist and the Criterion New Writing New Verse and Scrutiny as well as of lesser known magazines such as the Evergreen Coterie the Bermondsey Book the Mask Welsh Review the Modern Scot and the Bell To return to the pages of these magazines returns us a world where the material constraints of costs and anxieties over censorship and declining readerships ran alongside the excitement of a new poem or manifesto This collection therefore confirms the value of magazine culture to the field of modernist studies it provides a rich and hitherto under examined resource which both brings to light the debate and dialogue out of which modernism evolved and helps us recover the vitality and potential of that earlier discussion

Critical Companion to William Butler Yeats David A. Ross, 2014-05-14

Examines the life and writings of William Butler Yeats including a biographical sketch detailed synopses of his works social

and historical influences and more Incurable Lionel P Johnson, 2019-01-15 Writings that shed new light on one of the most gifted if reclusive poets of the fin de siècle A lost poet of the decadent era Lionel Johnson is the shadow man of the 1890s an enigma pale as wasted golden hair History has all but forgotten Johnson except as a footnote to the lives of more celebrated characters like W B Yeats and Oscar Wilde Johnson should have been one of the great poets of the age but was already drinking eau de cologne for kicks while a teenager at Winchester College His attraction to absinthe damaged his fragile health and cast him forever into a waking dream of haunted rooms and spectral poetry A habitual insomniac he haunted medieval burial grounds after dark jotting down the epitaphs of the gone too young as if anticipating his own early demise at the age of 35 falling from a bar stool in a Fleet Street pub It was rumored that Johnson performed strange religious rites in his rooms at Oxford and experimented with hashish in the company of fellow poet Ernest Dowson Moving to London he fell in with Simeon Solomon Oscar Wilde and Aubrey Beardsley and would contribute to the leading decadent publications of the day including *The Chameleon* *The Yellow Book* and *The Savoy* Like a glimmering of a votive candle in one of Johnson's dream churches *Incurable* sheds new light on one of the most gifted if reclusive poets of the fin de siècle Containing a detailed biography illustrations rare and unusual material including previously unseen letters poetry and essays *Incurable* pays tribute to this enchanting and eccentric poet while providing fresh insight into an era that continues to fascinate

Hubert Crackanthorpe: Selected Writings William Greenslade, Emanuela Ettorre, 2020-10-19 Hubert Crackanthorpe 1870-1896 made a critically significant contribution to the evolution of the modernist short story in Britain His unexplained death in Paris at the age of 26 cut short a highly promising literary career The striking realism of Crackanthorpe's first collection of short stories *Wreckage* 1893 followed by the psychologically complex *Sentimental Studies* and posthumous *Last Studies* 1896 together with the prose poems of *Vignettes* 1896 were much admired by Henry James and his contemporaries Dowson Johnson and Symonds as the work of a leading innovative writer of critical Decadence Indeed his stories combine an unrelenting realism with a conscious aestheticizing of their often troubling bleak subject matter As co-editor of the short-lived periodical *The Albermarle* and campaigning literary journalist Crackanthorpe was a key critical participant in central literary and artistic debates of the early 1890s facts versus effects in literature the efficacy of realism naturalism questions of taste reticence and the handling of controversial subject matter This fully annotated critical text comprises the most extensive collection to date of Crackanthorpe's writing As well as uncollected stories the volume includes a short story never previously published in book form This edition also contains a selection of Crackanthorpe's critical writings and a bibliographical survey of his work **The Irish Revival** Joseph Valente, Marjorie Howes, 2023-06-15 The Irish Revival has inspired a richly diverse and illuminating body of scholarship that has enlarged our understanding of the movement and its influence The general tenor of recent scholarly work has involved an emphasis on inclusion and addition exploring previously neglected texts authors regional variations and international connections Such work while often excellent tends to see

various revivalist figures and projects as part of a unified endeavor such as political resistance or self help In contrast The Irish Revival A Complex Vision seeks to reimagine the field by interpreting the Revival through the concept of complexity a theory recently developed in the information and biological sciences Taken as a whole these essays show that the Revival s various components operated as parts of a network but without any overarching aim or authority In retrospect the Revival s elements can be seen as having come together under the heading of a single objective for example decolonization broadly construed But this volume highlights how revivalist thinkers differed significantly on what such an aspiration might mean or lead to ethnic authenticity political autonomy or greater collective prosperity and well being Contributors examine how relationships among the Revival s individual parts involved conflict and cooperation difference and similarity continuity and disruption It is this combination of convergence without unifying purpose and divergence within a broad but flexible coherence that Valente and Howes capture by reinterpreting the Revival through complexity theory **Bulletin of the**

Modernism and Naturalism in British and Irish Fiction, 1880-1930 Simon Joyce,2014-10-23 This book argues that the history of literary modernism is inextricably connected with naturalism Simon Joyce traces a complex response among aesthetes to the work of mile Zola at the turn of the century recovering naturalism s assumed compatibility with impressionism as a central cause of their ambivalence Highlighting a little studied strain of reflexive naturalism in which Zola s mode of analytical observation is turned upon the authors themselves Joyce suggests that the confluence of naturalism and impressionism formed the precondition for so called stream of consciousness writing This style served to influence not only the work of canonical modernists such as Joyce and Woolf but also that of lesser known writers such as George Moore Sarah Grand and George Egerton **The Pre-Raphaelite Imagination, 1848-1900** John Dixon Hunt,1969
