Blackford,1993 Mansel Blackford s The Lost Dream explores the history of city planning in five Pacific Coast cities Seattle Portland Oakland San Francisco and Los Angeles during the Progressive Era Although city planning had diverse roots Blackford shows that much of the early planning originated with businessmen who viewed it as a way to shape their urban environments both economically and socially During the opening years of the twentieth century the business and political leaders in each of these cities began developing comprehensive city plans encompassing harbor improvements new street and transportation facilities civic centers and parks and boulevards As

Blackford shows businessmen worked through both established political channels and newly formed bodies outside of those channels to become leaders in the planning process As the planning campaigns evolved businessmen found themselves both joined and opposed by ever changing coalitions of professionals politicians and workers The way that businessmen had previously interacted with these other parties greatly affected their success in obtaining their goals but ultimately Blackford claims politics lay at the heart of planning The proposed plans were accepted or rejected in heated citywide elections in which to be successful businessmen had to convince others to vote with them a feat they achieved in only one city Nevertheless these plans were often later adopted in some piecemeal fashion and Blackford concludes his study with an analysis of the legacy of Progressive Era city planning for later periods The Lost Dream makes significant contributions to our understanding of city planning in America and particularly in the American West *Dreams lost dreams found* Pauline K Murfin, **Hands on Stanzas** ,2003 *Young Love - Part 1: A School Yard Love Story* Dean Amory,2015-06-12 The hero Sean is only seventeen years old but the serious issues he faces when he falls in love with his new class mate Katherine resonate also with older readers Theirs is a complicated relationship from the start Readers will appreciate the realistic depiction of the tortured hero s psychological struggle after the heroine ends the relationship especially when it becomes clear that both young people remain drawn to each other anyway and struggle to regain their balance during the rest of the school year A refreshing high school romance set in Europe Flanders in the early seventies of the previous century with a total lack of stereotyping that has it all it s witty bittersweet touching and rich in culture and history The story depicts all the uncertainties and overpowering emotions that come with true young love in a most original and genuine way **Basketball in America** Bob Batchelor,2005 A pioneering analysis of the history of basketball its effect on popular culture from the 1970s until the present day this book is aimed at sports fans academics alike *Shadow's Dangers* Cindy Mezni,2013-12-14 Appearances can be deceiving Losing a loved one is never easy Deliah learned to live without her parents when they were taken from her as a young girl but history repeats itself and she is faced with even greater challenges when Tess the woman who raised her and was like a second mother to her passes away In addition to her grief Deliah is having inexplicable nightmares She becomes consumed with images she doesn t understand and a recurring dream about her parents car accident However the details of this dream are different from what she s always been told about the accident When the Wates family arrives in town and begins to pay close attention to her even stranger events follow Now Deliah must not only face her nightmares but the possibility that a world she could never imagine exists And this world may cost her everything Resurrection Year Sheridan Voysey,2013-06-04 Your dream might be over but your life isn t Embrace your broken dream as a chance for a new beginning and see how a Resurrection Year can restore your soul After ten years of tear soaked prayers and repeatedly dashed hopes Sheridan Voysey and his wife come to a heart breaking conclusion their dream of having a child is over Empty and confused from a decade of disappointment they leave their jobs pack their bags and embark
