King Davey and the Royal Tunes! , King Davey and the Royal Tunes gives your kids 40 minutes to 1 1 2 hours of solid Bible teaching and serious discipleship on Israel s greatest king ever without hours of teaching preparation *Annual Report of the Operations of the United States Life-Saving Service for the Fiscal Year Ending ...* United States. Life-Saving Service,1891 *Bodies and Bows* Elizabeth Penney,2025-08-22 Bodies Bows is the third in the charming cozy Iris Buckley mystery series set in an apron shop in Maine Elizabeth Penney will have you on pins and needles Iris Buckley is hoping for a bit of rest and relaxation now that the summertime rush is winding down in Blueberry Cove Maine Her apron shop Ruffles Bows has been a huge success her friendships are stronger than ever and now she s ready for all of the end of summer cookouts on the beach that she can handle But before Iris can even turn on the grill Bella s latest fling former Olympian sailor and gorgeous bad boy Lance Pederson is killed in a hit and run while jogging at dawn and all the evidence points to Bella herself Suddenly the month of August isn t looking so restful since now Iris has been roped into the Lighthouse Rehabilitation Committee helping her friend Sophie plan a wedding and most importantly of all tracking down a killer and clearing Bella s good name before everything unravels *The Lincoln Highway* ,1999 With his lively pen and lyric camera Mr Hokanson takes us on a journey of discovery The open road is in part a defining characteristic of this country and the Lincoln Highway is one of the historic traces like the Oregon Trail the Camino Real or the National Road Not just for tourists the Lincoln Highway accelerated the processes of social mobility changed our geography and led inexorably to a new America This is an important story well researched and beautifully perceptively told William L Withuhn Curator of Transportation Smithsonian Institution Copyright Libri GmbH All rights reserved *A diary in the Dardanelles* William Knight (commodore of the Roy. Harwich yacht club.),1849 **Motoring** John A. Jakle,Keith A. Sculle,2008-01-01 Motoring unmasks the forces that shape the American driving experience commercial aesthetic cultural mechanical as it takes a timely look back at our historically unconditional love of motor travel Focusing on recreational travel between 1900 and 1960 John A Jakle and Keith A Sculle cover dozens of topics related to drivers cars and highways and explain how they all converge to uphold that illusory notion of release and rejuvenation we call the open road Jakle and Sculle have collaborated on five previous books on the history culture and landscape of the American road Here with an emphasis on the driver s perspective they discuss garages and gas stations roadside tourist attractions freeways and toll roads truck stops bus travel the rise of the convenience store and much more All the while the authors make us think about aspects of driving that are often taken for granted how for instance the many lodging and food options along our highways reinforce the connection between driving and freedom and how by enabling greater speeds highway engineers helped to stoke motorists blessed fantasy of flight Although driving originally celebrated freedom and touted a common experience it has increasingly become a highly regulated isolated activity The motive behind America s first embrace of the automobile individual prerogative still

substantially obscures this reality Americans did not have the automobile imposed on them say the authors Jakle and Sculle ask why some of the early prophetic warnings about our car culture went unheeded and why the arguments of its promoters resonated so persuasively Today the automobile is implicated in any number of environmental even social problems As the wisdom of our dependence on automobile travel has come into serious question reassessment of how we first became that way is more important than ever
