conductors composers and other instructors and professionals seeking a quick set of pointers to improve their work as performers and producers of music Easy to use and intended for the advanced musician contributions to Music Secrets fill a niche for those who have moved beyond what beginners and intermediate practitioners need **Hugo Wolf** Susan Youens,2024-01-09 A groundbreaking look at one of the great song composers of the late Romantic period In the virtual cottage industry of works on fin de siècle Vienna Hugo Wolf 1860 1903 has been somewhat neglected perhaps because he was the master of a small genre the late Romantic lied and never truly made his mark in the larger forms that command greater public attention But in the realm of song he is among the greatest inheritors of Schubert and Schumann one who was both a traditionalist and a modernist When the Viennese critic Eduard Hanslick disapprovingly dubbed Wolf the Richard Wagner of the lied he was paying oblique homage to Wolf's genius as a song composer in the most modern manner In this book Susan Youens examines five aspects of Wolf's compositional art each exemplifying a different synthesis of traditionalism and modernity and spanning his entire tragically brief creative life from his first efforts to his lapse into insanity in 1897 She discusses Wolf's youthful imitations of Schumann his genius for comic songs of a kind unlike any of his predecessors his part in the ballad revival of the late nineteenth century Wolf in relation to his contemporaries and his pursuit of operatic fame Youens looks as closely at the poetic texts as she does the music and includes numerous previously unpublished sketches and fragments examples from songs now long out of print and difficult to obtain and citations from Wolf's vivid letters and other sources of the period The Musical Times and Singing-class Circular ,1921 **The Cambridge History of Nineteenth-Century Music** Jim Samson,2001-12-03 First published in 2002 this comprehensive overview of music in the nineteenth century draws on extensive scholarship in the field *The Lied at the Crossroads of Performance and Musicology* Benjamin Binder,Jennifer Ronyak,2024-02-07 There seems to be an essential relationship between the performance and the scholarship of the German Lied Yet the process by which scholarly inquiry and performative practices mutually benefit one another can appear mysterious and undefined in part because any dialogue between the two invariably unfolds in relatively informal environments such as the rehearsal studio seminar room or conference workshop Contributions from leading musicologists and prominent Lied performers here build on and deepen these interactions to reconsider topics including Werktreue aesthetics and concert practices the authority of the composer versus the performer the value of lesser known incomplete or compositionally modified songs and the traditions habits and prejudices of song recitalists regarding issues like transposition programming and dramatic modes of presentation The book as a whole reveals the reciprocal relevance of Lied musicology and Lied performance thereby opening doors to fresh and exciting modes of interpretative artistry and intellectual discovery **David Lewin's Morgengruss** David Schwarz,Richard Lawrence Cohn,2015 David Lewin 1933 2003 was one of the most influential and revered figures in contemporary music theory This book presents in print for the first time Lewin's legendary 1974 essay on Franz Schubert's Morgengruss Supplemented by new essays from an

all star group of music theorists David Lewin's *Morgengru* offers invaluable insight into the analytical pedagogical and philosophical contexts of Lewin's work
