Secret Defense Xiii

Geoffrey R. Stone

Secret Defense Xiii:

Top Secret Geoffrey R. Stone, 2007-08-24 Since September 11 2001 the United States has investigated and prosecuted public employees journalists and the press for the dissemination of classified information relating to the national security What is the cause of the recent tension between the government and the press Perhaps the media are pressing more aggressively to pierce the government's shield of secrecy Perhaps the government is pressing more aggressively to expand its shield of secrecy Perhaps both factors are at work *Top Secret* explores not why this is happening but whether the measures taken and suggested by the executive branch to prevent and punish the public disclosure of classified information are consistent with the First Amendment This book the first in the *Free Expression in America* series addresses four critical issues a public employee's right to disclose classified information to a journalist the government's right to punish the press for publishing classified information the government's right to punish a journalist for soliciting such information and a journalist's right to keep his sources anonymous

Secret Empire Philip Taubman, 2003 During the most dangerous years of the Cold War a handful of Americans secretly built machines that revolutionized spying and warfare while protecting the United States from a surprise nuclear attack This is their story told in full for the first time of photos

The Hidden Order of Corruption Donatella della Porta, Alberto Vannucci, 2016-03-23 When corruption is exposed unknown aspects are revealed which allow us to better understand its structures and informal norms This book investigates the hidden order of corruption looking at the invisible codes and mechanisms that govern and stabilize the links between corrupters and corruptees Concentrating mainly on democratic regimes this book uses a wide range of documentation including media and judicial sources from Italy and other countries to locate the internal equilibria and dynamics of corruption in a broad and comparative perspective It also analyses the Transparency International Annual Reports and the daily survey of international news to present evidence on specific cases of corruption within an institutional theory framework

Encyclopedia of Cold War Espionage, Spies, and Secret Operations Richard C. Trahair, 2004-09-30 Everybody spied on everybody else during the Cold War France had agents in the U S China had agents in East Germany Poland had agents in Great Britain and the U S and the U S S R had agents everywhere in governments in industry in the military and within each other's and their own intelligence agencies A Z entries provide a fascinating glimpse into the subterranean world events people and operations of the Cold War Cold War

espionage was a nightmare of errors seen darkly in a wilderness of mirrors raining desperate deceptions in a climate of treason with assassins trading in treachery using hidden hands running invisible governments As fascinating as it was lethal this labyrinthian world is still masked in mystery A good amount is known and knowable however and this encyclopedia offers up the latest and most up to date information available drawn from scholarship memoirs and journalism Everybody spied on everybody else during the Cold War France had agents in the U S China had agents in East Germany Poland had agents in Great Britain and the United States and the U S S R had agents everywhere in governments in industry in the military and within each other s and their own intelligence agencies A Z entries provide a fascinating glimpse into the subterranean world events people and operations of the Cold War Close to 300 hundred entries provide vivid summaries of hazardous careers both long and tragically brief of betrayal and double cross and of diplomatic maneuvering so freighted with deception and cunning it sometimes seems unreal Every entry concludes with suggested readings and is thoroughly cross referenced A thematic guide quickly directs users to Affairs Crises Disasters Hoaxes and Scandals Agents of Influence Spies Spymasters and Informants by nationality Assassins and Assassinations Covert Operations Defectors to the East and West Double Agents Fictional Agents and Operations Honeytraps Spy Exchanges Victims of Covert Operations and Women Spies and Agents It contains an extensive annotated chronology and is thoroughly indexed This encyclopedia will be immensely helpful to students and researchers of the seamier side of 20th century world history Cold War history and world politics

The Cuban Missile Crisis Alice L. George, 2013 The chill of the nuclear age Kennedy and Khrushchev The ticking clock A world on edge Into the dark Moving ahead looking back

Cheating Justice Elizabeth Holtzman, Cynthia Cooper, 2012-02-07 While the debate continues about impeaching President Trump whether we re in a full blown Constitutional crisis and which Trump administration officials should be prosecuted for illegal actions Cheating Justice serves as useful background for how we got here by examining how the Bush Cheney administration broke the law and how the people can bring them to justice Despite the many misdeeds of and abuses of criminal law by the Bush administration there has been no accountability Former U S representative Elizabeth Holtzman pairs with lawyer and journalist Cynthia L Cooper to explain why we can t just move on They lay bare how the Bush Cheney administration broke a multitude of laws and betrayed American values and exactly why and precisely how we the people must bring them to justice for their crimes their cover ups and their deceit Backed by strong evidence gleaned from astounding research Holtzman and Cooper argue that the Bush administration not only violated various U S laws but also changed many laws to escape prosecution for their crimes later The authors demonstrate how a failure to hold George W Bush and Dick Cheney accountable would set a dangerous precedent for the future leadership of America Bush and Cheney deceived Congress and the people to drive us into a war in Iraq they claimed the right to wiretap illegally and to eavesdrop on citizens and they authorized torture upending laws and breaching international treaty obligations Yet both Bush and Cheney are boldly unabashed about their offenses In his memoir

President Bush makes no apologies for his decision to start a war in Iraq though no weapons of mass destruction the ostensible reason for the war were found there And once out of office Bush proudly said Damn right about his approval of waterboarding a clear violation of the Geneva Conventions and U S law Recent revelations about the extent and depth of their crimes catalogued in detail here make the need for accountability imperative As a member of Congress and part of the committee that investigated and held hearings on the conduct of President Richard Nixon in the Watergate scandal Elizabeth Holtzman condemns Bush s adoption of Nixon s claim that he acted in the interest of national security Using Watergate era reforms as a model Holtzman details the steps necessary to undo the damage that the Bush Cheney administration inflicted and explains how we can establish new protections to block future presidents from similarly abusing the law Cheating Justice is not only a call to empower the American people and a firm insistence that the nation s leaders are not above the law it is also a blueprint by one of America s top legal minds for bringing Bush to justice and protecting the future of our democracy Publishers Weekly

Security Clearance Manual William H. Henderson, 2007 Security Clearance Manual is an indispensable guide for security clearance applicants personnel security specialists and military recruiters It provides detailed explanations of the investigative and adjudicative processes with step by step instructions for completing the security application form tips on mitigating suitability issues and numerous case examples

Hidden Atrocities Jeanne Guillemin, 2017-09-26 In the aftermath of World War II the Allied intent to bring Axis crimes to light led to both the Nuremberg trials and their counterpart in Tokyo the International Military Tribunal of the Far East Yet the Tokyo Trial failed to prosecute imperial Japanese leaders for the worst of war crimes inhumane medical experimentation including vivisection and open air pathogen and chemical tests which rivaled Nazi atrocities as well as mass attacks using plague anthrax and cholera that killed thousands of Chinese civilians In Hidden Atrocities Jeanne Guillemin goes behind the scenes at the trial to reveal the American obstruction that denied justice to Japan s victims Responsibility for Japan s secret germ warfare program organized as Unit 731 in Harbin China extended to top government leaders and many respected scientists all of whom escaped indictment Instead motivated by early Cold War tensions U S military intelligence in Tokyo insinuated itself into the Tokyo Trial by blocking prosecution access to key witnesses and then classifying incriminating documents Washington decision makers supported by the American occupation leader General Douglas MacArthur sought to acquire Japan s biological warfare expertise to gain an advantage over the Soviet Union suspected of developing both biological and nuclear weapons Ultimately U S national security goals left the victims of Unit 731 without vindication Decades later evidence of the Unit 731 atrocities still troubles relations between China and Japan Guillemin s vivid account of the cover up at the Tokyo Trial shows how without guarantees of transparency power politics can jeopardize international justice with persistent consequences
