Elizabethan Seneca James Ker, Jessica Winston, 2012 In the early Elizabethan period nine of the ten tragedies attributed to the ancient Roman statesman philosopher and playwright Seneca c 1 BCE 65 CE were translated for the first time into English and these translations shaped Seneca's dramatic legacy as it would be known to later authors and playwrights This edition enables readers to appreciate the distinct style and aims of three milestone translations Jasper Heywood's Troas 1559 and Thyestes 1560 and John Studley's Agamemnon 1566 The plays are presented in modern spelling and accompanied by critical notes clarifying the translators approaches to rendering Seneca in English The introduction provides important context including a survey of the transmission and reception of Seneca from the first through to the sixteenth century and an analysis and comparison of the style of the three translations James Ker is Associate Professor of Classical Studies at the University of Pennsylvania He is the author of The Deaths of Seneca 2009 A Seneca Reader 2011 and articles on Greek and Roman literature Jessica Winston is Professor of English at Idaho State University She is the author of numerous articles on early Elizabethan literature and the Elizabethan reception of Seneca
