Approaching your next sexual encounters after reading this book should be done with curiosity and a willingness to not only discover your own desires but the desires of your partners. The more sexually fulfilled your partners are, the more sexually fulfilled that they will make you as well. Please make sure as well that you are providing yourself with the sexual satisfaction you need and are not only relying on receiving this from others. Masturbation is an important part of sexual fulfillment and satisfaction. Men and women both love spontaneity. Do not get into a bland routine. Try new things, especially by having sex in different and exciting places. Give your man a blowjob when he least expects it, and he is sure to return the favor. Men are very visual; they like seeing your whole body, and they love it when you are vocal during sex. Tell your man to do you harder, to spank you, to make you cum hard. Moan and yell your man's name, and they are sure to repay you with intense sex. While giving your man a head, try to let him see your entire body. Suck him at an angle and let him see your bum and breasts. Do 69 with your man and allow your vagina to be directly in his face. Try anything once as long as it's not painful or potentially harmful. You should always let your partner know that he/she will not be judged for suggesting something new and taboo.
