Celebration & Experience in Preaching Prof. Henry H. Mitchell,2010-09-01 Henry H Mitchell s great contribution to the study of preaching has been his insistence that the homiletical practices of the Black church are gifts to the whole church Nowhere has he made this point more forcefully than in Celebration and Experience in Preaching In this classic text he

advocates a way of preaching that genuinely engages all aspects of the congregation's attention especially the ability to both understand and to feel the sermon's message In this revised edition Mitchell builds on this groundbreaking work by examining in greater depth the multiple ways in which we experience the preached word by defining the different kinds of claim on the behavior of the hearer that biblical texts express and by exploring various genres of sermon to discover the concrete manifestations of celebration and experience
