When I Die-- They'll Send Me Home Elizabeth Calvin, Annie Weir, 2012 In California over 300 youth have been sentenced to life without parole This update presents current data on the number of youth sentenced to life without parole in California and details significant legal changes in recent years It also describes the cases of several young people convicted of murder two sentenced to parole eligible sentences who served many years in prison and are now out and contributing to their communities and two sentenced to life without parole who will die in prison Law and public opinion about life sentences for youth have evolved in recent years Experience and a growing body of scientific evidence confirm there is tremendous emotional and mental growth during the late teens and that young people differ from adults As US Supreme Court Justice John Paul Stevens has stated Society changes Knowledge accumulates We learn sometimes from our mistakes California's law permitting juveniles to be sentenced to life without parole for murder was enacted before major advances in understanding adolescent brain development and fails to recognize that teenagers are particularly amenable to change and rehabilitation All youth should have the chance to prove they have changed and to earn parole **I. Ogletree,Austin Sarat,2012-06-04 Is life without parole the perfect compromise to the death penalty Or is it as ethically fraught as capital punishment This comprehensive interdisciplinary anthology treats life without parole as the new death penalty Editors Charles J Ogletree Jr and Austin Sarat bring together original work by prominent scholars in an effort to better understand the growth of life without parole and its social cultural political and legal meanings What justifies the turn to life imprisonment How should we understand the fact that this penalty is used disproportionately against racial minorities What are the most promising avenues for limiting reforming or eliminating life without parole sentences in the United States Contributors explore the structure of life without parole sentences and the impact they have on prisoners where the penalty fits in modern theories of punishment and prospects for as well as challenges to reform

Life Imprisonment Dirk Van Zyl Smit,Catherine Appleton,2019-01-14 Life imprisonment has replaced the death penalty as the most common sentence imposed for heinous crimes worldwide Consequently it has become the leading issue of international criminal justice reform In the first survey of its kind Dirk van Zyl Smit and Catherine Appleton argue for a human rights based reappraisal of this harsh punishment *Public Documents of Massachusetts* Massachusetts,1901

Life Imprisonment in Asia Dirk van Zyl Smit,Catherine Appleton,Giao Vucong,2022-11-30 Life imprisonment is the punishment most often imposed worldwide for what societies regard as the most serious offences Yet in Asia the phenomenon has never been studied systematically Life Imprisonment in Asia fills this major gap It brings together thirteen new essays on life imprisonment in key jurisdictions in the region Each chapter consolidates what is known about the law and practice of life imprisonment in the jurisdiction and then explores aspects of the imposition or implementation of life sentences that the authors regard as particularly problematic In some instances the main issue is the imposition of life sentences by the courts and their relationship to the death penalty In others the focus is on the treatment of life sentenced prisoners In many instances the most prominent question is whether life sentenced prisoners should be released and if so according to what processes In the overview chapter the editors place the complex picture that emerges of life imprisonment in Asia in a global context and point to reforms urgently required to ensure that Asian life sentences meet international human rights standards Life Imprisonment in Asia should be read by everyone who has an interest in just punishments for serious offences not only in Asia but throughout the world It will be an invaluable tool for lawyers criminologists policy
