Pollitt, 2013-04-25 Five years ago when I conceived the idea of writing a biography of the celebrated journalist and philanthropist Thomas Golconda Fairchild I had no inkling of how exotic and perplexing my project would become I had thought in fact that it would be rather easy The essential phases of Fairchild's career his adventures and explorations in the Caribbean his experiences as a war correspondent his rise to wealth his patronage of utopian projects and his later career as a crusading newspaper editor were all amply recorded in public documents Furthermore I had been able after much pleading and cajoling to elicit personal behind the scenes recollections of Golconda from my own grandfather Wallace Ernst who without a doubt was Fairchild's best friend and who was associated with him in one way or another throughout his career With such evidence I felt confident that I would be able to write a life that would be accurate balanced and reliable and yet at the same time flavored with an intimacy that no other biographer would be able to offer It was not until almost as an afterthought I wrote to Fairchild's son William that things began to go wrong Well perhaps go wrong is not quite the right phrase Let me amend it to that things began to spin out of control William Traynor Fairchild as many of my readers may know is a distinguished engineer the designer and builder of renowned bridges and tunnels a rational hard headed man who deplores what he likes to call occult nonsense and I did not expect him to provide much that would be useful in the way of reminiscences or meditations about his father From earlier conversations I knew that while William had liked his father well enough he had not stood in awe of him and had not regarded him as a kindred spirit The old man he once confessed to me and he has informed me that he has no objection to being quoted struck me as an essentially irrational man who too often yielded to impulses that inevitably got him into trouble and seldom did anyone else any good It was therefore with astonishment that in response to my inquiry I received the following letter which I reproduce with his permission *Staging Place* Una Chaudhuri, 1997 The first book length study of the notion of place and its implications in modern drama **Go Team Venture!: The Art and Making of The Venture Bros.** Cartoon Network, Jackson Publick, Doc Hammer, Ken Plume, 2018-07-31 This oversized book is the comprehensive companion to the art and making of the *The Venture Bros* and includes a foreword by Patton Oswalt Ken Plume sits down with series creators Jackson Publick and Doc Hammer to have a conversation about the creation of every single episode through season six and much more From the earliest sketches of Hank and Dean scribbled in a notebook pitching the series to Cartoon Network's Adult Swim learning the ins and outs of animation character designs for each season storyboards painted backgrounds

behind the scenes recollections of how the show came together it's all here Features behind the scenes info and art covering every episode of all six seasons Written by Venture Bros creators Jackson Publik and Doc Hammer with an introduction by Patton Oswalt An all encompassing look at the characters art history and influences of the beloved series Never before seen Venture Bros artwork

Modern Chinese Writers Helmut Martin, Jeffrey C. Kinkley, 2016-09-16 This volume gathers personal reflections on life and literature by 44 of China's leading authors It aims to illustrate how Chinese society and its creative writing have supported competed and fought with each other for the past 40 years and more Much of what is revealed here is mundane but the pressure of bringing art to social and political causes indeed the universal pressure to survive forges this collection into a very human document The strengths and weaknesses of these essays offer a window on those of modern Chinese literature itself Realism was the favoured literary doctrine of the day and reflecting this most of these essays speak for themselves about war revolution betrayal and commitment
