Empathy, and Otherness Tim Gauthier, 2015-04-02 9/11 Fiction Empathy and Otherness analyzes recent works of fiction whose principal subject is the attacks of September 11 2001 The readings of the novels question and assess the validity and potential effectiveness of both the subsequent calls for a cosmopolitan outlook and the related but no less significant emphasis placed on empathy and exhibited in such recent studies as Jeremy Rifkin's The Empathic Civilization Karsten Stueber's Rediscovering Empathy and Julinna Oxley's The Moral Dimensions of Empathy As such this study examines the extent to which us and them narratives proliferated after 9/11 and the degree to which calls for greater empathy and a renewed emphasis on cosmopolitan values served to counterbalance an apparent movement towards increased polarization encapsulated in the oft mentioned clash of civilizations A principal objective of the book is thus to examine the ethical and political implications revealed in the exercising or withholding of empathy For though empathy in and of itself may not be sufficient it is nevertheless a vital component in the generation of actions one might identify as cosmopolitan In other words this book examines the responses to 9/11 in both Western and non Western novels in order to uncover what their dramatic renderings might tell us about the possibility of a truly globalized community The attainability of any cosmopolitan engagement is contingent upon our abilities to understand the other knowing always that otherness eludes our grasp and the best we can do is imagine some version of it It is primarily in this capacity that the novel has a role to play Whether it is the challenge of connecting with the survivors of trauma and the inhabitants of a traumatized city or with a hyperpower that has experienced its own vulnerability for the first time or even with the terrorist who seeks to commit violent acts these novels afford us the means of examining the complex dynamics involved in any exhibition of fellow feeling for the other and the ever present potential failure of that engagement The Sleeper Agent in Post-9/11 Media Vanessa Ossa, 2023-01-01 This book examines the figure of the sleeper agent as part of post 9/11 political journalistic and fictional discourse There is a tendency to discuss the terroristic threat after 9/11 as either a faraway enemy to be hunted down by military force or on the other hand as a ubiquitous intangible threat that required constant alertness at home The missing link between these two is the sleeper agent the foreign enemy hiding among US citizens By analyzing popular television shows several US comic books and a broad variety of Hollywood films that depict sleeper agents direct or allegorically this book explores how a shift in

perspective from terrorist to sleeper agent brings new insights into our understanding of post 9 11 representations of terrorism The book s interdisciplinary focus between media studies cultural studies and American studies suggests that it will find an audience in a variety of fields including historical research narratology popular culture as well as media and terrorism studies

Representing 9/11 Paul Petrovic,2015-06-17 As the horrific events of September 11 2001 slip deeper into the past the significance of 9 11 remains a global cultural touchstone Initially filmmakers writers and other artists wrangled with its meaning often relying on fantastical ethnic or exceptionalist themes to address the psychic dread of the terrorist attacks Over time however more nuanced and socio historical perspectives about 9 11 and its impact on America and the world have emerged In Representing 9 11 Trauma Ideology and Nationalism in Literature Film and Television prominent authors from a variety of disciplines demonstrate how emergent American and international texts expand upon and complicate the initial post 9 11 canon Editor Paul Petrovic has assembled a collection of essays that broadens our understanding of how popular culture has addressed 9 11 particularly as it has evolved over time Contributors bring fresh readings to popular novels such as Jonathan Lethem s *Chronic City* and Jonathan Franzen s *Freedom* films like *Zero Dark Thirty* and *This Is the End* and television shows such as *24* and *Homeland* Showcasing a diverse range of viewpoints essays in this collection assess among other topics how African American identity is challenged by post 9 11 allegories how superhero films foretell the inevitability of city wide destruction by terrorists and how shows like *Breaking Bad* problematize ideas of liberalism and masculinity Though primarily aimed at scholars Representing 9 11 seeks to engage readers interested in how various forms of media have interpreted the events and aftermath of the terrorist attacks in 2001

Fiction Beyond Secularism Justin Neuman,2014-07-31 Modernist thinkers once presumed a progressive secularity with the novel replacing religious texts as society s moral epics Yet religion beginning with the Iranian revolution of 1979 through the collapse of communism and culminating in the singular rupture of September 11 2001 has not retreated quietly out of sight In *Fiction Beyond Secularism* Justin Neuman argues that contemporary novelists who are most commonly identified as antireligious among them Orhan Pamuk Salman Rushdie Ian McEwan Margaret Atwood Nadine Gordimer Haruki Murakami and J M Coetzee have defied

assumptions and have instead written some of the most trenchant critiques of secular ideologies as well as the most exciting and rigorous inquiries into the legacies of the religious imagination As a result many readers or nonreaders on either side of the religious divide neglect the insights of works like *The Satanic Verses* *Disgrace* and *Snow* *Fiction Beyond Secularism* serves as a timely corrective

Turkey's Relations With Israel Ekavi Athanassopoulou, 2024-12-03 This book offers the first comprehensive history and analysis of Turkey's relations with Israel since 1948 when the state of Israel was established up until 2010 and places them within the wider framework of Turkey's foreign policy It highlights the remarkable lack of consistency in Turkey's foreign policy towards Israel under different Turkish governments which has given the relationship a pervasive sense of unpredictability Combining empirical analytical evidence with role theory insights as developed in *Foreign Policy Analysis* FPA it explores Turkish foreign policy makers' perceptions regarding the proper role and function of the country in the international system and the sub system of the Middle East and how they affected the policy towards Israel The author argues that Ankara's ambivalent policy towards Israel for over sixty years can be explained by Turkey's multiple and often contradictory national role conceptions The study which draws from archival material and over fifty interviews with Turkish Israeli American and Arab officials and experts places Ankara's policy into a larger analytical framework which helps link the past to the present and future The book is essential reading for students and scholars interested in understanding Turkey's foreign policy in general and towards the Middle East in particular

Cultural Melancholia: US Trauma Discourses Before and After 9/11 Christina Cavedon, 2015-09-01 In *Cultural Melancholia: US Trauma Discourses Before and After 9/11* Christina Cavedon frames her examination of 9/11 fiction especially Jay McInerney's *The Good Life* and Don DeLillo's *Falling Man* with a thorough discussion of what US reactions to the terrorist attacks of September 11 2001 disclose about American culture Offering a comparative reading of pre and post 9/11 literary public and academic discourses she deconstructs the still commonly held belief that cultural repercussions of the attacks primarily testify to a cultural trauma in the wake of the collectively witnessed media event She innovatively reinterprets discourses to be symptomatic of a malaise which had afflicted American culture already prior to 9/11 and can best be approached with melancholia as an analytical concept

American Cinema and Cultural Diplomacy Thomas J. Cobb, 2020-07-25 This book contends that Hollywood films help illuminate the incongruities of various periods in American diplomacy From the war film *Bataan* to the Revisionist Western *The Wild Bunch* cinema has long reflected US foreign policy's divisiveness both directly and allegorically Beginning with the 1990s presidential drama *The American President* and concluding with *Joker*'s allegorical treatment of the Trump era this book posits that the paradigms for political reflection are shifting in American film from explicit subtexts surrounding US statecraft to covert

representations of diplomatic disarray It further argues that the International Relations theorist Walter Mead's concept of a US polity dominated by contesting beliefs or a kaleidoscope permeates these changing paradigms This synergy reveals a cultural milieu where foreign policy fissures are increasingly encoded by cinematic representation The interdisciplinarity of this focus renders this book pertinent reading for scholars and students of American Studies Film Studies and International Relations along with those generally interested in Hollywood filmmakers and foreign policy

Women, Monstrosity and Horror Film Erin Harrington, 2017-08-10 Women occupy a privileged place in horror film Horror is a space of entertainment and excitement of terror and dread and one that relishes the complexities that arise when boundaries of taste of bodies of reason are blurred and dismantled It is also a site of expression and exploration that leverages the narrative and aesthetic horrors of the reproductive the maternal and the sexual to expose the underpinnings of the social political and philosophical othering of women This book offers an in depth analysis of women in horror films through an exploration of gynae horror films concerned with all aspects of female reproductive horror from reproductive and sexual organs to virginity pregnancy birth motherhood and finally to menopause Some of the themes explored include the intersection of horror monstrosity and sexual difference the relationships between normative female hetero sexuality and the twin figures of the chaste virgin and the voracious vagina dentata embodiment and subjectivity in horror films about pregnancy and abortion reproductive technologies monstrosity and mad science the discursive construction and interrogation of monstrous motherhood and the relationships between menopause menstruation hagsploitation and abject barren bodies in horror The book not only offers a feminist interrogation of gynae horror but also a counter reading of the gynae horrific that both accounts for and opens up new spaces of productive radical and subversive monstrosity within a mode of representation and expression that has often been accused of being misogynistic It therefore makes a unique contribution to the study of women in horror film specifically while also providing new insights in the broader area of popular culture gender and film philosophy

Rethinking

Identities in Contemporary Pakistani Fiction A. Kanwal, 2015-03-09 This book focuses on the way that notions of home and identity have changed for Muslims as a result of international war on terror rhetoric It uniquely links the post 9 11 stereotyping of Muslims and Islam in the West to the roots of current jihadism and the resurgence of ethnocentrism within the subcontinent and beyond

The Fiction of Dread Robert T. Tally Jr., 2023-12-14 A history and examination of dystopia and angst in popular culture that speaks to our current climate of dread At the dawn of the 20th century a wide ranging utopianism dominated popular and intellectual cultures throughout Europe and America However in the aftermath of the World Wars with such canonical examples as *Brave New World* and *Nineteen Eighty Four* dystopia emerged as a dominant genre in literature and in social thought The continuing presence and eventual dominance of dystopian themes in popular culture e g dismal authoritarian future states sinister global conspiracies post apocalyptic landscapes a proliferation of horrific monsters and end of the world fantasies have confirmed the degree to which the 21st is also a dystopian century

Drawing on literature as varied as H G Wells's *The Time Machine* Neil Gaiman's *American Gods* and Suzanne Collins's *The Hunger Games* and on TV and film such as *The Walking Dead* *Black Mirror* and *The Last of Us* Robert T Tally Jr explores the landscape of angst created by the monstrous accumulation of dystopian material *The Fiction of Dread* provides an innovative reading of contemporary culture and offers an alternative vision for critical theory and practice at a moment when as has been famously observed it is easier to imagine the end of the world than the end of capitalism **9 and 11** Kim H.

Veltman, 2015-02-23 This is an unlikely story of true events The Day that changed the World in the United States bombing of the Twin Towers the Day of Fate in Germany and the Day of Destiny in Israel are all connected with the 11th day of the 9th month These 9 11 dates entail much more than three events in three countries In the Hebrew tradition they include all the calamities that have befallen the Jews from the time of the Destruction of the First Temple and Second Temple the Expulsion of the Jews from England France Spain through to the Holocaust in World War II These events are in turn part of a larger history which linked the same date with cosmic events such as a day of Cosmic Battle and the Birth of Venus and gave special significance to the numbers 9 and 11 Part one explores this tradition and surveys a range of sources from a former German officer involved in the plot against Hitler to various conspiracy theories These events are also related to swastikas and hexagrams Since World War II there has been a trend to associate swastikas with an evil German Aryan tradition and hexagrams e g six pointed Star of David with a good Jewish Semitic tradition Historically a Jewish connection with the Star of David is late Mediaeval rather than Biblical Swastikas and hexagrams are found in both the Aryan and the Semitic tradition Hence the new trend distorts a complex history More disturbingly in the guise of tolerance and political correctness one version of stories is highlighted others are being suppressed and truth is endangered **Science Fiction and Fantasy**
