The Cherokee Syllabary Ellen Cushman,2012-09-13 In 1821 Sequoyah a Cherokee metalworker and inventor introduced a writing system that he had been developing for more than a decade His creation the Cherokee syllabary helped his people learn to read and write within five years and became a principal part of their identity This groundbreaking study traces the creation dissemination and evolution of Sequoyah s syllabary from script to print to digital forms Breaking with conventional understanding author Ellen Cushman shows that the syllabary was not based on alphabetic writing as is often thought but rather on Cherokee syllables and more importantly on Cherokee meanings Employing an engaging narrative approach Cushman relates how Sequoyah created the syllabary apart from Western alphabetic models But he called it an alphabet because he anticipated the Western assumption that only alphabetic writing is legitimate Calling the syllabary an alphabet though has led to our current misunderstanding of just what it is and of the genius behind it until now In her opening chapters Cushman traces the history of Sequoyah s invention and explains the logic of the syllabary s structure and the graphic relationships among the characters both of which might have made the system easy for native speakers to use Later chapters address the syllabary s enduring significance showing how it allowed Cherokees to protect enact and codify their knowledge and to weave non Cherokee concepts into their language and life The result was their enhanced ability to adapt to social change on and in Cherokee terms Cushman adeptly explains complex linguistic concepts in an accessible style even as she displays impressive understanding of interrelated issues in Native American studies colonial studies cultural anthropology linguistics rhetoric and literacy studies Profound like the invention it explores *The Cherokee Syllabary* will reshape the study of Cherokee history and culture Published through the Recovering Languages and Literacies of the Americas initiative supported by the Andrew W Mellon Foundation **Native California Hero's of the Miwok Confederation Teleguac, Estanislao and Yolo** Guy Nixon,2020-03-16 Teleguac aka Chief Jose Jesus was one of

California's native freedom fighters Living through an extremely turbulent period in time where everything was put into chaos by climatic disasters and invasions by other races to the very foundations upon which the tribes were based he would not only survive but forged a future for his people This unique leader was also chosen by an animal that protected him in numerous battles and whose presence brought many tribes together in common cause creating what can best be described as the Miwok Confederation His life's story inspired the fictional California Hero we call Zorro but the real story is even more fascinating than the fiction The real history of California Natives is almost completely unknown yet it shaped the history in so many ways that it merits being brought out for all to learn
