

A scenic view of a Mediterranean coastline. In the foreground, a small white sandy beach curves along the shore. The water is a vibrant turquoise color, transitioning to a deeper blue further out. A large, rugged, light-colored rocky cliff dominates the middle ground, partially covered with green vegetation on its upper slopes. In the background, more hills and the sea are visible under a clear blue sky.

Seraffyn's Mediterranean Adventure Lin and Larry Pardey, 2010-06-09 Join Lin and Larry onboard their cruising cutter Seraffyn as they explore the history laden waters of the Mediterranean Sea For three years they meandered under sail eastward from the rocky monolith of Gibraltar to the imposing stone ramparts of Malta They share stories here of the kaleidoscope of people who filled their days along the way from the British military officers who joined them for races to the officials who turned them into smugglers not of drugs but of a boat full of yeast flower vegetables and propane and eventually twenty dollars worth of noodles Lin s warmhearted storytelling will draw you into their cruising life and reveal the secrets that kept this well known couple wandering the watery reaches of the world for more than forty years Lin and Larry paid for their apparent freedom by working along the way delivering and repairing yachts and writing for magazines around the world Their motto Go Small Go Simple Go Now has inspired thousands of potential voyagers to stop dreaming and set out to sea The Pardeys weave a tale of people and anecdotes that makes for marvelous armchair cruising If you ve read earlier works you won t be disappointed If youre new to the spell of the Pardeys this will surely hook you Yachting

Seraffyn's Mediterranean Adventure Lin Pardey, Larry Pardey, 2011-09 Lin and Larry Pardey s first book Cruising in Seraffyn is credited with launching 50 000 dreams This third book in the Seraffyn series chronicles the three years spent exploring Ulysses wine colored sea Lin and Larry meander under sail eastward from the rocky monolith of Gibraltar to the imposing stone ramparts of Malta Along the way they share stories of the kaleidoscope of people who filled their days from the naval officers who joined them for day races to the officials who helped turn them into smugglers not drugs but a boat full of yeast flour and vegetables and eventually twenty dollars worth of noodles But it is not just the shore side stories that will keep you intrigued just as compelling are the clear concise descriptions of the days and nights they spent at sea Lin s warm hearted story telling will draw you into her cruising life and show you the secrets that kept this well known couple wandering the watery reaches of the world for more than 40 years Seraffyn's European Adventure Lin and Larry Pardey, 1998 This second book in the Seraffyn cruising series begins with their arrival on the southwest coast of England where they coasted eastward stopping where fancy held them where good friends were made to winter at Poole and work to pay for the next leg of their voyage toward the Baltic Denmark Sweden Finland were full of welcoming and interesting people and an almost invisible bureaucracy But things were definitely different when they reached Poland where armed guards watched while the people greeted them with flowers fruits and sweets Their foray behind the Iron Curtain of the 1970 s introduced them to some of the people who lead the Solidarity Movement the force that eventually toppled the Soviet Union You ll be right on board as they weather a fierce mast under broach in a Baltic gale and through the wintry North Seas Here is a feast for the fantasies of stay at homes and a warm account of just two years of the lives of two people who have lived in a wide adventurous world for more than four decades Their motto Go Small Go Simple Go Now has encouraged thousands of other

sailors to take the plunge And this book is an entertaining instruction manual on how to live a rich life on very little money Lin Pardey has in her deceptively simple and fresh faced style told the story of an unusual and appealing marriage partnership a special way of life Yachtsmen will enjoy the technical description of the problems of maneuvering in the tight harbours and unmapped channels the perils of heavy seas in a small boat But what is remarkable is that she can draw a nonsailor into these special subjects and make them as comprehensible and absorbing to a landlubber as they would be to someone about to set out on the same itinerary in a small boat of his own R Sokolov NewYork Times Book Review

Cruising in Seraffyn Lin Pardey, Larry Pardey, 2002-08 A fun and exciting guide to the world of living out at sea This book will teach you what you need to know in order to live safely economically and cheaply when spending months at sea If nothing else this book will send you chasing for your dreams whether it be to take an adventure at sea or just about anything else This is the first of a four book series which begins on the journey that Lin and Larry Pardey began 34 years ago in their self built 24 foot engineless cutter Seraffyn In this journey we explore places such as Mexico Central America the Caribbean and the Islands of the Atlantic ocean Throughout the book we learn about people and customs we learn about the tricks of boating we learn about survival This 25th anniversary edition includes a new forward new appendixes and a color photo album showing Lin Larry and the Seraffyn during those months at sea Cost Conscious Cruiser Lin and Larry Pardey, 1999-07-07 The pleasures and adventures of cruising under sail are amazingly affordable say Lin and Larry Pardey But to keep your dream on budget you have to decide Are you a cruiser or a consumer In this book a logical successor to their Self Sufficient Sailor and Capable Cruiser they discuss making your getaway plans finding a truly affordable boat keeping your outfitting costs and maintenance time under control and learning to feel confident as you cruise farther afield Their comparison of the gear considered necessary by many yachting experts and the gear carried by several cost conscious cruisers will help you gauge whether you are buying the true necessities or overloading your boat with high tech items that can break down and steal your sense of confidence offshore The chapters on getting the most from your cruising funds the attributes of successful long term voyagers how to upgrade your boat with your own hands plus answers to the then questions most frequently asked by potential cruisers will help you prepare to explore under sail as Lin and Larry explain The decisions you make now will determine if you'll come back from your cruise feeling more empowered or more enslaved by today's consumer society **The Capable Cruiser** Lin and Larry Pardey, 2010-06-08 Lin and Larry Pardey have now been cruising on board their own boats racing delivering and repairing other people's boats for more than 44 years After west to east and east to west circumnavigations and voyages to more than 75 countries they have a breadth of knowledge that few other boating authors possess Most of the voyaging has been done on an earn as you go budget that could be well within the reach of the majority of those whose dream is to set sail Their motto Go small go simple but go now The Pardeys strengths are neatly symbolized by the boats they have built Each one is romantically traditional with swooping sheerlines and is

completely dependent on the wind And yet each boat carries the best strongest and most seamanlike gear Like their vessels the Pardeys writings are founded on a marriage of the spirit of romantic adventure and the practical up to date seamanship that keeps them and their boats safe This revised and expanded third edition of a cruising classic includes 10 completely new chapters with such advice as sixteen ways to encourage your lover partner to share your dream strategies for turning sudden engine failure into a minor incident choosing safety equipment repairing rigging at sea All of the original chapters have been updated to ensure that the information will be helpful for everyone who dreams of cruising whether now or soon The Capable Cruiser is a logical extension of the Pardeys The Self Sufficient Sailor with more emphasis on seamanship underway including careful analysis of extreme anchoring situations and solutions for mitigating them Underlying each and every chapter is the warmth and encouragement that spurred Herb McCormick former editor of Cruising World magazine to label Lin and Larry Pardey the enablers The Cruising Chef Cookbook Michael Greenwald,2010 The Cruising Chef Cookbook is the bestselling most extensive sailors cookbook ever written Twenty two years in print and ten reprints make it clear that sailors consider it essential equipment The new Cruising Chef is actually a book of nautical wisdom in the guise of a cookbook It contains hundreds of tips plus more than 300 delicious recipes Includes an extensive discussion of preparing for a voyage and resupplying in native markets Special Cooking Techniques describes pressure cooking stir frying and grilling particularly useful techniques for the galley chef Greenwald s salty humor is found throughout the book His vignette Planning for the Big Eater is a delight Fishing is a sidesplitting description of his idea of sport fishing **As Long as It's Fun** Herb McCormick,2014-03-05 In As Long as It s Fun the biography of Lin and Larry Pardey Herb McCormick recounts their remarkable sailing career from their early days in Southern California to their two circumnavigations to their current life in a quiet cove in New Zealand Through interviews with their families friends and critics McCormick delves deeply into the couple s often controversial opinions sometimes tenuous marriage and amazing list of accomplishments As Long as It s Fun is as much a love story as it is a sea yarn and like all such stories it s not without complications which makes it not only a sailing tale but also a human one **Cruising World** ,1982-01 Storm Tactics Handbook Larry Pardey,Lin Pardey,2008-10-02 Since writing the previous edition of Storm Tactics Handbook Lin and Larry have voyaged an additional 55 000 miles This has taken them as far north as Norway twice across the Atlantic south to Argentina and into the Pacific around Cape Horn contrary to the prevailing winds then on a North Pacific circuit With insights gained from these recent voyages they have fully revised and expanded this text by more than 40% including seven completely new chapters among them Lessons from Cape Horn An interview on storm survival and heaving to with the late Sir Peter Blake Heaving to using a Gale Rider on 55 foot Morgan s Cloud Adding Rudder Protection Stops Discussions on avoiding chafe building and using storm staysails choosing storm gear when to deploy para anchors tactics for avoiding the worst areas of cyclonic storms and many more have been expanded to answer questions posed by readers and seminar attendees **The Care and Feeding of**
