Intents and Purposes Eric Lewis, 2019-03-29 How do we define improvised music What is the relationship of highly improvised performances to the work they are performances of How do we decide what are the important parts of an improvised musical work In *Intents and Purposes* Eric Lewis uses a series of case studies to challenge assumptions about what defines a musical work and musical performance seeking to go beyond philosophical and aesthetic templates from Western classical music to foreground the distinctive practices and aesthetics of jazz Pushing aside the assumption that composition and improvisation are different or even opposed musical practices Lewis's philosophically informed approach revisits key topics in musical ontology such as how to define the triangle of composer performer listener and the status of live performances in relation to scores and recordings Drawing on critical race theory feminist theory new musicology sociology cognitive science and genre theory Lewis opens up new questions about agency in performance as well as new ways of considering the historical relationships between improvisational practices with roots in different cultural frameworks By showing how jazz can be both art idea and action all at the same time Lewis offers a new way of seeing any improvised musical performance in a new culturally and aesthetically rich context *Anti-Music* Mark Christian Thompson, 2018-05-23 Examines how African American jazz music was received in Germany both as a racial and cultural threat and as a partner in promoting the rise of Nazi totalitarian cultural politics *Anti Music* examines the critical literary and political responses to African American jazz music in interwar Germany During this time jazz was the subject of overt political debate between left wing and right wing interests for the left jazz marked the death knell of authoritarian Prussian society for the right jazz was complicit as an American import threatening the chaos of modernization and mass politics This conflict was resolved in the early 1930s as the left abandoned jazz in the face of Nazi victory having come to see the music in collusion with the totalitarian culture industry Mark Christian Thompson recounts the story of this intellectual trajectory and describes how jazz came to be associated with repressive virulently racist fascism in Germany By examining writings by Hermann Hesse Bertolt Brecht T W Adorno and Klaus Mann and archival photographs and images Thompson brings together debates in German African American and jazz studies and charts a new path for addressing antiblack racism in cultural criticism and theory This book synthesizes the ideological reception of jazz amongst a series of key German thinkers and cultural producers from the interwar era It offers bold sophisticated readings of their texts and of how they conceived of racial blackness It is a major contribution to the field Andrew Wright Hurley author of *The Return of Jazz* Joachim Ernst Berendt and *West German Cultural Change* **Aesthetics and Politics** Ole Marius Hylland, Erling Bjurström, 2018-06-23 Through
