Serpent In The Bosom:

The Bosom Serpent Harold Schechter,1988 **Mixed Emotions** Andrew A. G. Ross,2022-12-22 In recent years it s become increasingly clear that emotion plays a central role in global politics For example people readily care about acts of terrorism and humanitarian crises because they appeal to our compassion for human suffering These struggles also command attention where social interactions have the power to produce or intensify the emotional responses of those who participate in them From passionate protests to poignant speeches Andrew A G Ross analyzes high emotion events with an eye to how they shape public sentiment and finds that there is no single answer The politically powerful play to the public s emotions to advance their political aims and such appeals to emotion also often serve to sustain existing values and institutions But the affective dimension can produce profound change particularly when a struggle in the present can be shown to line up with emotionally resonant events from the past Extending his findings to well studied conflicts including the War on Terror and the violence in Rwanda and the Balkans Ross identifies important sites of emotional impact missed by earlier research focused on identities and interests Encyclopedia of Urban Legends Jan Harold Brunvand,2002 Presents descriptions of hundreds of urban legends and their variations themes and scholarly approaches to the genre including such tales as disappearing hitchhikers and hypodermic needles left in the coin slots of pay telephones Critical Companion to Nathaniel Hawthorne Sarah Bird Wright,2006 Offers critical entries on Hawthorne s novels short stories travel writing criticism and other works as well as portraits of characters including Hester Prynne and Roger Chillingworth This reference also provides entries on Hawthorne s family friends ranging from Herman Melville to President Franklin Pierce publishers and critics The Works of Nathaniel Hawthorne: Mosses from an old manse.
