

A black and white photograph of a man in a suit, likely a snake handler, holding a large snake. The man is shown from the chest up, looking down at the snake. The snake is coiled around his arm and hand. The background is a plain, light-colored wall.

Serpent Handling Believers:

Serpent-handling Believers Thomas G. Burton, 1993 Burton seeks to present a balanced view of the remote churches of East Tennessee where believers take literally the words of Saint Mark and they shall take up serpents and if they drink any deadly thing it shall not hurt them Them That Believe Ralph Hood, W. Paul Williamson, 2008-09-02 Although outlawed in many states serpent handling remains an active religious practice and one that is far more stereotyped than understood Ralph W Hood Jr and W Paul Williamson have spent fifteen years touring serpent handling churches in Alabama Georgia Tennessee Kentucky North Carolina and West Virginia conducting scores of interviews with serpent handlers and witnessing hundreds of serpent handling services In this illuminating book they present the most in depth comprehensive study of serpent handling to date Them That Believe not only explores facets of this religious practice including handling preaching and the near death experiences of individuals who were bitten but survived but also provides a rich analysis of this phenomenon from historical social religious and psychological perspectives **Taking Up Serpents** David L.

Kimbrough, 2002 David Kimbrough explains the history and practice of serpent handling believers from the perspective of a respectful and scholarly participant observer *The Psychology of Religious Fundamentalism* Peter C. Hill, William Paul Williamson, 2005-03-31 This book presents an innovative psychological framework for understanding religious fundamentalism Blending extensive research and incisive analysis the highly regarded authors distinguish fundamentalist traditions from other faith based groups and illuminate the thinking and behavior of believers Offering respectful historically informed examinations of several major fundamentalist groups the volume challenges many commonly held stereotypes In the process it stakes out important new terrain for the psychological study of religion **BOOK JACKET** *Appalachia Inside Out: Conflict and change* Robert J. Higgs, Ambrose N. Manning, Jim Wayne Miller, 1995 An anthology of Appalachia writings

In the House of the Serpent Handler Julia C. Duin, 2024-01-12 In the House of the Serpent Handler offers an intimate and engrossing look at the latest generation of Pentecostal believers who take up venomous snakes as a test of their religious faith Focusing on several preachers and their families in six Appalachian states journalist Julia C Duin explores the impact that such twenty first century phenomena as social media and reality television have had on rituals long practiced in obscurity As Duin reveals the mortal snakebite suffered by pastor Mack Wolford in 2012 marked the passing of the torch to younger preachers Jamie Coots and Andrew Hamblin who were featured in the 2013 series Snake Salvation on the National Geographic Channel Seeing their participation in the show as a way of publicizing their faith and thus winning converts Coots and Hamblin attempted to reinvent the snake handling tradition for a modern audience The use of the internet particularly Facebook became another key part of their strategy to spread their particular brand of Christianity However Coots s own death in 2014 was widely reported after the TV series was canceled while Hamblin who emerges as the central figure in the book was arrested and tried after a shooting incident involving his estranged wife His hopes of becoming a serpent handling superstar seemingly dashed Hamblin spent several months in prison emerging more determined than ever to keep to the faith By the end of the narrative he has begun a new church where he can pass on the tradition to yet another generation Duin s thorough sympathetic reporting and lively style bring the ecstatic church services she witnessed vividly to life and through interviews and quotations from the principals Facebook postings she has allowed them to express their beliefs and reveal their everyday lives in their own words She also gives the reader an up close view of how a reporter pursues a story and the various difficulties encountered along the way Together these elements frame a striking picture the young practitioners of a century old custom one so often dismissed as bizarre by outsiders adjusting to the challenges of the new millennium Julia C Duin the former religion editor for the Washington Times has published articles in the Washington Post the Wall Street Journal and other national publications She is the author of five previous books including most recently Days of Fire and Glory The Rise and Fall of a Charismatic Community

Signifying Serpents and Mardi Gras Runners R. Celeste Ray, Luke E. Lassiter, 2003 These case studies explore how competing interests among the keepers of a community's heritage shape how that community both regards itself and reveals itself to others As editors Celeste Ray and Luke Eric Lassiter note in their introduction such stakeholders are no longer just of the community itself but are now often outsiders tourists the mass media and even anthropologists and folklorists The setting of each study is a different marginalized community in the South Arranged around three themes that have often surfaced in debates about public folklore and anthropology over the last two decades the studies consider issues of representation identity and practice One study of representation discusses how Appalachian Pentecostal serpent handlers try to reconcile their exotic popular image with their personal religious beliefs A case study on identity tells why a segment of the Cajun population has appropriated the term *coonass* once widely considered derogatory Essays on practice look at an Appalachian Virginia coal town and Snee Farm a National Heritage Site in lowland South Carolina Both pieces reveal how dynamic and contradictory views of community life can be silenced in favor of producing a more easily consumable vision of a past

Signifying Serpents and Mardi Gras Runners offers challenging new insights into some of the roles that the media tourism and charismatic community members can play when a community compromises its heritage or even denies it
