Serve The Community Of The Church Christians As Leaders And Ministers:

Serve the Community of the Church Andrew D. Clarke, 2000 Serve the Community of the Church the second volume in the First Century Christians in the Graeco Roman World series explores the nature of organization and leadership roles in the first century Christian community especially as they were variously taught by Paul and practiced in the earliest congregations Drawing from ancient source material as well as from the New Testament Andrew Clarke describes the theories and practices of organization and leadership in key areas of first century Graeco Roman society the city the colony voluntary associations Jewish synagogues the family and discusses the extent to which these models influenced the first Christians in defining their own communities Clarke then turns to the Christian community itself discussing how Paul through correspondence with a number of congregations laid out important parameters for leadership that he considered appropriate to the new Christian context Some of these parameters Clarke shows were defined in express contrast to the patterns of leadership widely practiced in Graeco Roman society and occasionally also in the early Christian communities Providing a fascinating look at the social and historical background of the New Testament this volume is also important for its discussion of a subject that has implications for the organization of church life in our own time Secular and Christian Leadership in Corinth Andrew D. Clarke, 2006-10-18 This volume traces the secular influences of first century Roman Corinth on the local church leadership It then shows how Paul modifies the Corinthian understanding of church leadership Using 1 Corinthians 1 6 together with other first century literary and non literary sources it is argued that one of Paul s major concerns with the church in Corinth is the extent to which significant members in the church were employing secular categories and perceptions of leadership in the Christian community this updated edition also seeks to reflect on recent developments in 1 Corinthians scholarship **A Pauline Theology of Church Leadership** Andrew D. Clarke, 2008-01-29 Scholarly studies consider Paul s views on leadership tend to fall into one of three camps 1 the historical development view which in large measure identifies developments in church practice with developments in Pauline and deutero Pauline ecclesiology 2 the synchronic historical reconstruction typically making use of Graeco Roman social context sources or social scientific modelling focusing on a single congregation and sometimes distinguishing between the situation to which Paul was responding and the pattern he sought to impose and 3 the theological hermeneutical analysis identifying Paul s particular approach to power and authority often independently of any detailed reconstruction of the situations to which Paul was responding Andrew Clarke has explored in an earlier work Serve the Community of the Church Eerdmans 2000 the distinctive local and historical situations in the various Pauline communities and concluded that there is no evidence that they organised themselves according to a common set of governmental structures which clearly developed with the passage of time Rather each community was influenced by its own localized social and cultural context The present project builds on this and necessarily focuses on leadership style rather than church order It seeks to recover from Paul s critical responses his

generic ethos of church leadership including the ideal qualities characteristics and task of leaders and the nature of appropriate interaction and engagement with church members In the light of current theoretical discussions about power and gender the study focuses particularly on Paul s attitude towards hierarchy egalitarianism authority responsibility and privilege

To Live in Peace Mark R. Gornik,2002-09-17 Building on both the perspective of God s new creation and the view from the neighborhood To Live in Peace shows how the life of the church the strategies of community development and the practices of peacemaking can make a transformational difference

CHURCH LAW: A Concise Legal Handbook For Ministers, Pastors, and Church Leaders Craig Lantz, ThD, PhD,2025-09-15 It is imperative in the day and age in which we live 2025 that Christian leaders understand the law as it relates to Pastors Churches and non profit religious organizations Christian Leaders must have an understanding of the laws affecting Pastors and why they are important for Church boards and ministers to know Craig Lantz PhD uses court cases to help define and explain the legal distinction of ministerial status and its implications for Pastors and Church boards This brief and concise handbook on Church Law addresses clergy employment contracts compensation termination legal privileges and conditions of ministers and the legal authority of ministers on behalf of the Church Also the more common theories of clergy legal liability are examined The laws of today are more complex than they ever have been and lawyers are in the business of making BIG BUCKS They do this because unfortunately many Pastors and Church leaders are ignorant about the law There are NOW more legal problems and lawsuits against Churches than in any period of history Therefore ministers and leaders must be aware of legal issues and potential problems that can come their way if they are not careful in handling Church members non members and counseling situations in particular Church leaders must become aware of the potential legal problems that can result from relationships with parishioners as well as legal problems with employees Pastor beware of the dangers that are lurking in the world of Lawyers Politicians Judges local county and state governments as some have been corrupted Every Pastor Full Time Church Leader and Christian Minister needs to purchase a copy of this concise handbook on Church Law This edition is a complete update edited and revised in 2025

Discipleship and Society in the Early Churches Thomas O'Loughlin, 2022-04-28 Discipleship that being a Christian is about learning and discovering acting and responding choosing and collaborating is both a primordial Christian theme and a re discovery of the mid twentieth century But how does one discover its meaning For some it means programmes like turning out a product ignoring the individuality of eachs path Others emphasize the group forgetting that every communitys richness is valuing its members diversity Is discipleship the way of the loner and community ignoring But social beings learn discipleship in communities Community is not simply the club of like minded individuals but should model a new way of being To uncover what discipleship means we must read the New Testament with the awareness that how we see the world of the early Jesus followers is radically different from the inherited theological underpinning of many churches This book takes our historical awareness seriously and examines what biblical historical and archaeological research can tell us about discipleship today
